BOOK CIRCULAR No. IV—2605 G.

To

ALL DIVISIONAL AND SESSIONS JUDGES,
DISTRICT MAGISTRATES AND DISTRICT JUDGES,
IN THE PUNJAB.

Dated Lahore, the 2nd June 1890.

Subject
Judicial buildings.

THE following instructions are issued on the subject of proposals relating to judicial buildings.

2. The orders of the Public Works Department on the subject of the construction of public buildings are contained in the Circulars and orders of that Department noted on the margin. The orders of the Financial Commissioners in regard to Revenue buildings are contained in their Circulars No. 28, dated the 9th July 1889, and No. 19, dated the 1st March 1890. The present instructions relate to purely judicial buildings.

Existing orders on the subject.

Public Works Department, Circular No. 26 of 27th June 1872.
Ditto ditto No. 19 of 27th July 1874.
Ditto ditto No. 2 of 2nd January 1890.
Ditto ditto No. 3 of 4th January 1890.
Ditto ditto No. 8 of 20th March 1890.
No. 1894, dated 19th March 1890, from Secretary to Government, Public Works Department, to Registrar, Chief Court.

3. Under the orders of His Honor the Lieutenant-Governor noted on the margin buildings that are both Judicial and Revenue, that is, buildings which are used for both purposes, and are not exclusively applied to judicial purposes, should be included in the Financial Commissioner's list of requirements. Divisional Sessions Judges and District Magistrates and District Judges (as such) have, therefore, no concern with such buildings as the Kacheries at the head-quarters of Districts which are used for Deputy Commissioners' and Treasury offices, Judicial and Revenue Record offices as well as for certain Civil and Criminal Courts. These buildings will be dealt with by Deputy Commissioners in accordance with the instructions issued by the Financial Commissioners. All subsidiary buildings connected with such buildings, and all alterations in, or additions to, such buildings will be similarly dealt with.

No. 1894, dated 19th March 1890, from Secretary to Government, Public Works Department, to Registrar, Chief Court, Punjab.

Buildings which are partly Revenue to be entered in Financial Commissioner's List.

4. Proposals for constructing purely judicial buildings, such as Court houses for Munsifs, District Judges or Divisional Judges, where separate buildings are required for them; Lock-ups, where these are not included in the premises of District Offices or Tahsíls; Dead-houses not included in Hospitals under the charge of other departments; and buildings subsidiary to the above, such as Police Guard rooms and out-offices, will be dealt with by the Judges.

Purely Judicial buildings to be dealt with by Chief Court.

5. The proposals for works required by the Judicial Department, whether new works or additions or improvements, will be made by District Magistrates (through the Sessions Judge) in respect of works required for the purposes of the Criminal Administration; by District Judges (through the Divisional Judge) in respect of works required for the purposes of the Civil Judicial Administration; and by Divisional Judges direct in regard to buildings required for the use of Divisional and Sessions Judges.

Proposals by whom to be made.

6. Every proposal should be made in the Form A annexed to this Circular, and should be accompanied by—

Form of proposal.

(1) an explanation of the requirement and of its order of urgency;

(2) a brief statement of the general nature and extent of the work proposed; and

(3) a rough approximate estimate of the probable cost.

The Executive Engineer should be asked to state that "in his opinion the work is proper to be done," and to record on the face of the requisition a rough estimate of the probable cost, and a rough plan should also be obtained from him; but Public Works officers will not prepare detailed plans and estimates except under orders in their own Department. In the case of proposals submitted by District Magistrates or District Judges, the Divisional and Sessions Judge should express his opinion as to the necessity of the work and its order of urgency.

7. Proposals should ordinarily be submitted in the month of June in each year, as the proposals of the Chief Court for Major works are submitted to Government in August, and some time is necessary to enable the Court to examine the proposals before preparing its own lists. On the first of July in each year a list of works for each District and Division should be submitted by—

Date for submission of proposals.

District Magistrates,

District Judges,

Divisional and Sessions Judges

in the forms B and C.

Major Works.

8. *Major Works* are works which cost Rs. 2,500 and upwards; *Minor Works* are works which cost less than Rs. 2,500.

Government sanction necessary in the case of Major Works.

9. The administrative sanction of the Local Government is necessary in the case of Major Works. Minor Works receive the administrative sanction of the Chief Court.

Order of urgency to be noted.

10. In submitting proposals works should be classed as "very urgent," "urgent" or "not urgent," so as to enable the Chief Court to arrive at a decision as to requirements and to arrange the lists in order of urgency.

What lists to be maintained in the Chief Court.

11. When a proposal is accepted by the Chief Court, it will be entered in a list to be maintained in the Chief Court office, which will show:—

I.—Major Works.—A. Major Works for which administrative sanction has been received but which have not been constructed;

B. Major Works administrative sanction to which has not been received and which are required within the ensuing two years.

C. Other Major Works administrative sanction to which has not been received but which the Judges have approved.

II.—Minor Works.—Minor Works which have been sanctioned by the Judges but which have not been constructed.

Works for which sanction has been refused, how to be treated.

12. Major Works which are not sanctioned by the Local Government will be struck out of list I, and intimation given to the authority submitting the proposal. Minor Works which are not sanctioned by the Judges, will not be entered on list II. Should the Judges disallow any proposal, whether for a Major or Minor Work, intimation will be given to the authority which submitted it.

Intimation to be given when work is commenced.

13. When the construction of any Major Work is commenced by the Public Works Department, the Secretary of the Public Works Department will intimate the fact to the Chief Court office, and subordinate officers will receive intimation accordingly. Similar intimation will be given when any work has been completed.

By order, &c.,

Circular No. 26, dated Lahore, 27th June 1872.

From—Colonel R. MACLAGAN, R.E., Secretary to Government, Punjab, Public Works Department,

To—All Superintending and Executive Engineers of the Provincial Establishment in the General Branch.

Instructions for preparation of Provincial Budget in future.

WITH reference to the Resolution by the Hon'ble the Lieutenant Govenor, in the Financial Department, No. 675, dated the 7th June 1872, published in the *Punjab Gazette* of the 13th instant, Superintending Engineers are requested to submit to his office, by the 1st August, a list of all those works proposed to be included in the next Provincial Budget which it belongs to the Public Works Department to bring forward; that is to say, all works not belonging directly to any of the other Departments, the Heads of which have, in accordance with the same Resolution, received instructions to submit the proposals for works belonging to their respective Departments.

2. The Officers of the Public Works Department will be looked to to submit proposals relating to communications, roads and bridges, (and boat-bridges under Executive Engineers), works for drainage and water-supply, ecclesiastical buildings and burial grounds, and works of Miscellaneous Public Improvement; and any others, not included under these heads, which should be taken up by the Public Works Officers in accordance with the general instructions in the 1st paragraph.

3. It is possible that some of the proposals made by Public Works Officers may also appear in the lists submitted by the Heads of other Departments.

4. With the name of each work proposed, whether a work now in progress, or at present suspended, or proposed to be commenced, should be given—(1), a rough approximate estimate of the probable cost, so far as such an estimate can be formed without measurements or other details; (2), the amount proposed to be provided in next Budget; and (3) in the case of new works, a short note indicating the purpose of the work and the reasons for now proposing its execution.

5. All special detailed measurements and estimates will be deferred till it has been decided which of all the works proposed in the several Departments are to be included in the Budget, when instructions will be given for the preparation of the necessary plans and estimates for all the selected works, proposed both in this and in other Departments.

Circular No. 19, dated Lahore, 27th July 1874.

From—Major-General R. MACLAGAN, R.E., Secretary to Government, Punjab, Public Works Department,

To—All Heads of Departments, Commissioners and Deputy Commissioners, Superintending and Executive Engineers, Controller, P. W. Accounts, Punjab.

HIS HONOR the Lieutenant-Governor desires Civil and Public Works officers to understand clearly the course that should be followed with respect to designs, and estimates and provision of funds, for Public Works.

2. The proposals for works required for any branch of the Civil Administration (whether new works, or additions, or improvements) will ordinarily be made by the officers of the Department to which the works belong, or by the local Civil Officers. And, through the Head of the Department concerned, the proposals will, in the first instance, be submitted to the Government, in the Civil Department, for the orders of His Honor the Lieutenant-Governor.

3. The proposals will be accompanied by (1), an explanation of the requirement; (2) a brief statement of the general nature and extent of the work proposed; (3) a rough approximate estimate of the probable cost. And the Head of the Department will express his opinion.

4. The Government will, on this information, and after any necessary enquiry decide on (1) the necessity for supplying the want represented; (2) in the way, and at the cost, proposed.

5. When the Government has accepted the proposal it will then be dealt with in the Public Works Department. And orders will be given in that Department for the preparation of the detailed plans and estimates.

6. It is directed above that proposals of this kind, when first submitted, are to be accompanied by a rough approximate estimate of cost. By this is meant an estimate, not obtained from calculated quantities, but simply based on a careful comparison of the area of the proposed building with that of other buildings of generally similar, or easily compared,

character and construction, the actual cost of which is known. To furnish this the Executive Engineer will be applied to by the officer proposing the work. And for the purpose of giving this estimate, a rough pencil sketch, figured with chief dimensions, is all that the Executive Engineer requires to make.

7. Public Works officers will prepare no detailed plans and estimates except under orders in their own Department.

8. The principal works required for all Departments will be provided for in the annual Public Works Budget to the extent of the funds available. The proposals for works to be included in the Budget will be submitted collectively at the time prescribed in the annual Circulars of the Civil and Public Works Departments, to be taken into consideration at the Budget Conference.

9. For the works which are then selected by the Government, in communication with the Heads of Departments, the necessary designs and estimates will be prepared under orders which will be given in the Public Works Department. These plans and estimates are intended to be ready and submitted for sanction before the preparation of the Public Works Budget of the following year.

10. Public Works officers will understand that when these orders are given for the detailed plans and estimates, the usual pencil outline plans will first be submitted to the Superintending Engineer in the case of all new and important works of which there are not approved general plans, or existing examples. The preparation of estimates for buildings of a generally uniform kind will be facilitated as much as possible by the general plans now in use, or which may be issued from time to time.

11. There are, as is generally well understood, two classes of works considered with reference to estimated cost:—*Major Works,* costing upwards of Rs. 2,500, which, ordinarily, are to be provided for individually, in the Budget, but which may be brought forward at any time, if urgent and not provided for; and *Minor Works,* costing less than Rs. 2,500, which are not provided for in the Budget specifically, but by lump sums under different heads.

12. No works of this latter class, therefore (under Rs. 2,500 each), are to be proposed for consideration at the Budget Conference or for insertion in the Budget. They will be provided for in the course of the year, as they come forward, by assignments from these lump-sum Budget allotments or reserves. Major Works, unforeseen and unprovided for, may also, if necessary, obtain funds from these unappropriated Budget allotments.

13. Of the class of works called *Minor,* some are within the powers of sanction of the officers proposing them, and some require sanction of higher authority. To works which are within the powers of sanction of the several officers who have such powers (as laid down in the Public Works Code, Chapter VII., section ii., paragraph 2), the above instructions regarding applications for approval before obtaining plans do not apply. Such works will be executed at once under those powers, and according to the general rules given in the Public Works Code. And the necessary funds will be obtained from the Executive Engineer if funds have not been placed at the disposal of the sanctioning officer.

14. Proposals for Public Works not appertaining to any particular branch of the Civil Administration (as roads and bridges, churches and cemeteries, public halls, preservation of ancient buildings, works of drainage and water-supply, &c., &c.) will be submitted to Government, in the Public Works Department, under the same general rules as prescribed above, but through the Superintending Engineer instead of through the Head of any Civil Department. Many of the proposals for works of this class will be made by the Superintending Engineers themselves. The basis on which the rough first estimates are to be prepared will be of a different kind from that to be adopted for Civil buildings as above described, and must be determined according to the judgment of the Executive Engineer in each case.

15. The procedure above described applies to all works, Major and Minor, which require the sanction of Government, and are to be executed from the *Provincial* and from the *General Local* Fund.

16. For *District Fund* works separate rules have been given in the Notification, in the Financial Department, No. 524, dated 12th April 1873.

Circular No. 2, dated Lahore, 2nd January 1890.

From—Colonel A. LEMESSURIER, C.I.E., R.E., Secretary to Government, Punjab, Public Works Dept.,

To—All Heads of Depts., Superintending Engineers, 1st, 2nd and 3rd Circles; and Executive Engineers, Punjab.

Commencement of Major Imperial and Provincial Works.

SUPERINTENDING ENGINEERS are hereby informed that when any Major Provincial Work is started the date should be promptly reported to this office, in view to Heads of Departments concerned being informed of the same.

2. Similar reports should be made in regard to Imperial Major Works for the information of Local Government.

3. To save clerical work Superintending Engineers should submit the Executive Engineers' reports in original under simple endorsement.

Punjab Government, Public Works Department, Circular No. 26, dated 27th June 1872.

Ditto ditto ditto Circular No. 19, dated 27th July 1874.

THE references above quoted define the procedure in respect to the Lists of Proposals for Works "in the order of their urgency" to be included in the Provincial Public Works Budget Estimates. They also specify that detailed plans and estimates are not to be prepared "until the general approval of Government" to any Major Work "has been accorded."

2. Upon this List of Proposals for each district a decision by the Lieutenant-Governor, in consultation with Heads of Departments, will be made "during the month of September on the works to be undertaken during the next Financial year, so that the Public Works Department may prepare detailed plans and estimates of sanctioned works before the preparation of the Public Works Budget of the following year."

3. With a view to secure formal sanction in advance of provision of funds in the Public Works Budget Estimates, and to avoid the preparation of plans, &c., for a work which may have to be indefinitely deferred, His Honor the Lieutenant-Governor considers that the lists should include proposals for two financial years.

4. His Honor the Lieutenant-Governor further desires that Heads of Departments should submit their Lists of Proposals of new Major Works for two years on or before the 15th August, through the Secretary, Civil Department, to the Lieutenant-Governor. On these Lists of Proposals, His Honor the Lieutenant-Governor will give administrative sanction to items approved, and not already so sanctioned. The Lists of Works to which administrative sanction has been given as above, should be submitted by the Secretary, Civil Department, at a Budget Conference,* to be held in September, when the order of urgency of the several works can be settled, with the probable allotment to each Department. The Budget will then be prepared by the Public Works Department accordingly, and the preparation of detailed plans and estimates will be undertaken, where not already completed.

* His Honor the Lieutenant-Governor. Secretary to Government, Punjab. Secretary to Government, P. W. D.

5. Officers of the Public Works Department will, under Punjab Government, Public Works Department, Circular No. 26, of 27th June 1872, continue to bring forward proposals for all works that do not directly belong to any of the other Departments, and these will also be considered at the Budget Conference.

6. A sample form of the List of Original Major Works sanctioned for inclusion in the Public Works Budget Estimate, referred to in para. 3, is annexed for information.

FINANCIAL COMMISSIONER'S OFFICE.

CIRCULAR No. 35 OF 1890.

FINANCIAL COMMISSIONER'S OFFICE,

(No. 4165).

Dated Lahore, the 3rd July 1890.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Income Tax Note-Books.

Circulates an exemplar for guidance.

THE maintenance of Income Tax Note-Books was first prescribed for tahsíls in Financial Commissioner's Circular No. 14 of 1886 and for districts in Circular No. 36 of 1886. The matter was discussed at length in Mr. Parker's Final Report, paragraph 64 (1) and Appendix 11, 2 Mr. Elsmie has found a great diversity of practice in the manner in which Tahsíl Notes are recorded, and in too many instances Tahsíl Note-Books are from one cause or another not so useful as they might be. He has now considered the matter, and for general information and guidance he circulates the annexed exemplar. It is to be understood that the Financial Commissioner, without insisting that all Tahsíl Note-Books should be precisely in this form, wishes the form to be used as a guide for improving Tahsíl Note-Books already in existence and as an exemplar where Note-Books have not yet been properly started.

2. It will be seen that the exemplar consists of three parts,—Opening Sheet, Index and Notes. The Opening Sheet or Preface should be entered once for all in each Note-Book so as to have in convenient form all the general features necessary to enable Tahsíldárs and Collectors to form a general opinion as to the position of the tahsíl, its income tax capacity, and a standard to work up to.

3. The Index should precede each volume of the Note-Book. Without an Index it will be of little use to any officer other than the writer; whereas the object of these Note-Books is to form a record which will place Inspecting Officers or a new Tahsíldár (on change of officers) in a position to test the work and to carry it on without difficulty or break of continuity.

4. The third part explains itself.

By order, &c.,

D. C. JOHNSTONE,

Junior Secretary to Financial Commissioner, Punjab.

NOTES.

TOWN A.

Kuljas Rái, son of Atma Rám.

January 1886.—1886-87—Assessed at Rs. 104-2-8 after summary inquiry from the leading men.

January 1887.—1887-88—It having been found that he was a richer man and had been under-assessed, other enquiries were set on foot. He would not show his books. After fully considering the matter, he was assessed at Rs. 154-11-0, as he now has the Abkári income.

H. T.,

Tahsíldár.

6th July 1387.—Kuljas Rái filed an objection as to the Rs. 50-8-4 added and offered to produce his books Háfiz Abdulla, member of Committee, reported on his books and found income for 1887-88, Rs. 500. Being called on for a report I went into his Abkári income and found his profits Rs. 5,120, thus :—

General Trade	...	Rs. 4,000
Abkári	...	Rs. 1,120

The assessment was reduced to Rs. 133-5-4.

H. T.,

Tahsíldár.

February 1889.—Kuljas Rái's profits for last year were larger than in that before, and after estimating profits I recommend an assessment of Rs. 156-2-0. Kuljas Rái wishes to be assessed as last year at Rs. 5,120 = Rs. 133-5-4, and says he had losses on grain. This is not found true.

H. T.,

Tahsíldár.

15th June 1889. - Kuljas Rái filed an objection, but allowed it to go by default. He is not over-assessed.

TOWN A.

Serial No. for A. Town in Note-Book. Assessee.

No. *Faríd, son of Rehmat, Khoja, dealer in leather.*

1st January 1888.—In revising the list I observed that Faríd, leather-seller, not hitherto taxed, is well off. General enquiries lead to the belief that he has a thriving trade. He has many suits and deals with a firm in Karáchi. He will be entered in the list, and as I believe his profits to be Rs. 1,500 per annum from trade, interest and the rent of four shops, I will enter him at Rs. 35.

T. H.,

Tahsíldár.

11th July 1888.—Faríd filed an objection, but it was rejected, as he would not produce his books, and it was found that he had bonds out against persons in———and——— to the amount of Rs. 3,000 at 24 per cent. per annum interest besides his trade.

P. Z.,

Náib-Tahsildár.

14th November 1888.—In prosecuting inquiries it was discovered that Faríd owns 5 shops which bring him in Rs. 60 per annum ; that he received hundís on the firm of Chandu Lál, Lahore, for Rs. 3,000 from Karáchi in August and September last ; that his income from interest is not less than Rs. 700 per annum ; and that all told his profits exceed Rs. 1,750. He will be assessed at Rs. 42 next year.

T. H.,

Tahsíldár.

5th May 1889.—Faríd filed an objection and produced his books and his assessment was reduced to Rs. 20. I am told he keeps two sets of books. His case must be reconsidered next winter and careful inquiries made.

L. S.,

Tahsíldár.

12th December 1889.—While on Girdáwari in ——— I learnt that Faríd had Rs. 3,000 out in land mortgages in that village—three zamíndárs of ———, who owe him Rs. 500 each. He sent large consignments of hides by rail to Karáchi last month and received large remittances. On this he was asked if he would show his books and state what his income this last year has been. He refused to do that, but said he would refrain from objecting to Rs. 35 rather than have the matter referred to the Chaudhrís or other referees.

L. S.,
Tahsíldár.

19th March 1890.—Assessed at Rs. 35.

11th June 1890.—Made no objection, but is really assessed too low. Further inquiries being prosecuted.

TOWN E.

Gaina Mal, son of Maha Mal, Bhábra, money-lender.

4th January 1888.—Gaina Mal was first brought under assessment in 1886 at Rs. 15. In 1887 he was assessed at Rs. 20. He made no objection. This year, hearing he has two shops—one here and another at N. ——and that he is a well-to-do man, I called him up and spoke to him in presence of Chaudhrís. After some discussion Lála Makhan Lál, member of Committee, said that he had agreed to look over Gaina Mal's books as a friend and found profits last year justified an assessment of Rs. 64. Gaina Mal accepted this.

T. H.,
Tahsildár.

5th November 1888.—This man is, I am told, still under-assessed, and after consulting the Chaudhrís and inquiry into his dealings, I propose to raise his assessment next year to Rs. 78-2-0. He has money lent out at high interest in several villages. He has registered deeds value over Rs. 10,000 during the past year; and on my rounds I found—

L. S. of Mauza ——————— owed him Rs. 500,
M. S. of Mauza ——————— owed him Rs. 700,

and that he has contracts in the ——— Tahsíl.

T. H.,
Tahsíldár

7th May 1889.—Gaina Mal filed an objection, but the objection was rejected after inquiry on the 1st May 1889.

8th February 1890.—Assessment maintained at Rs. 78-2-0.

1888. Date.	Rámdhan is a banker and has dealings in this village and also in the villages of ———, ———, ———. He is known to be well off and his books show loans out to the extent of Rs. . He holds land and houses in mortgage in ———, ———, ———. The Registration Office shows that he has deeds in his favour from ——— for Rs. ———, Rs. ———, Rs. ———. He was accordingly assessed at Rs. 42. He filed an objection which was accepted and the assessment reduced to Rs. 15.	
1889. Date.	On revision of assessments it was found that Rámdhan's trade was more extensive than at first supposed. He was asked to refer his books to ——— ——— and ——— ——— of ——— for examination; they found he should be assessed at Rs. ———.	
Date.	Information received on tour in Mauza ——— showed that he had lent money out there also. He brought a suit in the District Court to recover Rs. 1,000 from ——— of ———, a sum which was not shown in his books. It thus appears that his books cannot be trusted. On this being pointed out to him he agreed to the higher assessments.	
1890. Date.	No remarks. Assessment to remain the same.	
1891.	During the past year Rámdhan failed in business. He has not been assessed.	Resumed at page 100, Volume II.

CIRCULAR No. 36 OF 1890.

(No. 4252).

FINANCIAL COMMISSIONER'S OFFICE,

Dated Lahore, 8th July 1890.

To

ALL DEPUTY COMMISSIONERS IN THE PUNJAB.

References regarding defence of Government suits should reach Financial Commissioners at least two months before the date fixed for hearing.

IN Financial Commissioner's Circular No. 21 of 1888 attention was drawn to the necessity for promptitude in dealing with cases of Government litigation, and stress was laid upon the personal responsibility of Deputy Commissioners in connection with these cases. Great inconvenience has been nevertheless caused to this office recently by the delay in the submission of reports of cases to the Financial Commissioner, and further instructions appear to be required. Thus, in one case the date of hearing—at an outstation—was 22nd February and the reference by Deputy Commissioner, which was a very imperfect one, reached the Financial Commissioner on the 20th of that month. In another case the report arrived at Financial Commissioner's Office 4 days after the date fixed for hearing.

2. It is now requested that so far as may be possible references regarding defence of Government suits may reach the Financial Commissioner at least two months before the date fixed for hearing so as to give full time for examination of precedents and consultation with the Government Advocate, if necessary. Deputy Commissioners should on their own responsibility take steps to secure sufficient postponement under section 420 of the Civil Procedure Code before reporting cases.

By order, &c.,

PART III.

Notifications by Chief Court, Financial Commissioner, Accountant-General, &c.

CHIEF COURT.

BOOK CIRCULAR No. VI—2915 G.

To

ALL JUDICIAL OFFICERS IN THE PUNJAB AND OTHER PERSONS CONCERNED.

Dated Lahore, the 23rd June 1890.

Subject.

Rules for the admission and enrolment of proper persons to be Pleaders and Mukhtárs.

THE following Rules, made by the Chief Court under the powers conferred by section 6 of the Legal Practitioners Act, 1879, as amended by the Legal Practitioners Act, 1884, regulating the qualifications, admission and certificates of proper persons to be Pleaders and Mukhtárs of the Courts of the Punjab, the fees to be paid for the admission of such persons, and the suspension and dismissal of Pleaders and Mukhtárs so admitted, have been approved by the Local Government, and are issued in supersession of all previous rules on the subject. The Circulars and Rules superseded are noted below.*

* Book Circulars Nos. XXI, XXII, XXXIV of 1866.
Ditto Nos. VII, VIII, XVIII of 1867.
Ditto Nos. II and XIV of 1871.
Book Circular No. XII of 1878.
Circular Memo. No. 13 of 1879.
Book Circular No. XXI of 1879.
Ditto No. XIX of 1881.
Book Circular No. IX of 1883.
Ditto No. XVI of 1884.
Book Circulars Nos. V and XII of 1885.
Book Circular No. IV of 1886.
Ditto No. XI of 1887.
Judicial Circular No. CXVII.

2. The Court desires to point out that under the Legal Practitioners Act, 1879, every Pleader and Mukhtár, before he can legally practise in the Punjab, must (1) be admitted by the Chief Court; (2) hold a certificate, original or renewed, issued under section 7; and (3) be enrolled (under the rules contained in Book Circular No. VII—2916 G. of this date) either in the Chief Court or in some Court subordinate thereto, under section 8 or section 9, according as he is a Pleader or a Mukhtár.

Conditions antecedent to practising.

3. By Notification of the Punjab Government, No. 59, dated the 28th January 1885, issued under section 23 of the Punjab Courts Act, 1884, the expression "District Judge" in the Legal Practitioners Act, 1879, means the Divisional Court. Consequently every report made to the Chief Court by a Civil Judge subordinate to the Divisional Court, who has held a proceeding as such Judge under section 14, must be made through the Divisional Judge; and if made by a Civil Judge subordinate to the District Judge appointed under the Punjab Courts Act, 1884, should be made through the latter officer also. Moreover, the sanction of the Divisional Judge is necessary before any Civil Judge subordinate to him, holding proceedings under section 14, can suspend from practice a Pleader or Mukhtár pending the orders of the Chief Court.

"Divisional Judge" constituted "District Judge" for the purposes of the Act.

4. As regards the certificate for Pleaders and Mukhtárs, the forms given in the schedule attached to the rules will ordinarily be used. But in cases falling under section 10 of the Act, special entries will be necessary as to the particular Courts to which the certificate extends. For the purpose of ascertaining the stamp duty payable upon certificates, so much of Schedule II of the Act* as relates to the Civil and Criminal Courts of the Punjab, as they are constituted under the existing law, may be stated as follows:—

Forms of certificates; stamp duty thereon.

Part I, (a) to (e) as to Pleaders—Part II, (f) to (j) as to Mukhtárs.

1.—(a) and (f). In the Chief Court, and any Court, civil or criminal, subordinate thereto: (a) = Rs. 50; (f) = Rs. 25.

(b) and (g) are not applicable to the Punjab.

---

On the other hand, Mukhtárs are not, as such, entitled to practise in the Revenue Courts and Offices.

Power to admit persons to Law Classes and Law Examinations of the Punjab University.

5. The Chief Court has reserved to itself the power of directing the admission, in special cases, of any person to the Law Classes or to the Examinations in Law of the Punjab University. The Judges have decided that this power will, in future, ordinarily be confined to granting exemption from attendance at the Law Lectures, and, save in very exceptional cases, no exemption will be granted from any examination prescribed as a preliminary or final test for admission to any Examination in Law held under the rules of the Punjab University.

No application for admission to either of the examinations in the exercise of this power, will usually be granted unless it reaches the Chief Court Office at least two months before the date fixed for the examination.

Attention drawn to certain points.

6. The following points should be noted:—

Rule I.—Only Pleaders of the first grade are entitled to practise in the Court of a Financial Commissioner.

Rule IV.—Mukhtárs of both grades are restricted, as regards practice in criminal cases, to Courts inferior to the Court of Session.

Note.—Attention is drawn to the provisions of sections 340 and 4 (*n*) of the Code of Criminal Procedure. The rule restricts Mukhtárs, as regards practice in criminal cases, to Courts inferior to the Court of Session; but under clause (*n*) of section 4, Criminal Procedure Code, a Sessions Judge may give permission to a Mukhtár of either grade to act for the accused in his defence in any particular case.

Rule V—Requires that a second grade Mukhtár shall have passed the Final Examination in Law of the Punjab University College, or University, in order to become admissible as a Mukhtár of the first grade.

Rules IX to XVII—Prescribe an amended procedure to be followed in inquiries when Pleaders and Mukhtárs are charged in the Chief Court with misconduct.

See paragraph 4.

By order, &c.,

E. W. PARKER,

Registrar.

NOTE.—*This Book Circular and Book Circular VII of this date take the place of Judicial Circular CXVII of the volume of Judicial Circulars, 3rd Edition.*

(*iii*) Tahsíldárs or Munsifs who have quitted the Public Service in the Punjab.

(*b*) of its own motion, by reason of any matter coming to its knowledge.

XIV.—Provided that when the matter charged is not fraudulent or grossly improper conduct in the discharge of professional duty, the notice issued under the last rule may, if the Court so direct, permit the person charged to answer, in the first instance, by his own affidavit, to be filed within a time appointed in the notice; and the notice shall be accompanied by the copy or statement, as the case may be, mentioned in Rule XII (if not already furnished), and by copies of the affidavits (if any) in support of the application. XX.—The time appointed for any act to be done, in any proceeding in the Chief Court, under these rules may, from time to time, be enlarged by order of the Court.

Time for doing act under these rules may be enlarged.

XXI.—In all inquiries under section 13 or section 14 of the said Act, the conduct of the case against the person charged shall ordinarily rest with the person, if any, preferring the charge, but it may be entrusted at any time, by order of the Court which directed or which is holding the inquiry, to any person appointed by such Court for that purpose.

BOOK CIRCULAR No. VII—2916 G.

To

ALL JUDICIAL OFFICERS IN THE PUNJAB

AND OTHER PERSONS CONCERNED.

Dated Lahore, the 23rd June 1890.

Subject.
Rules for the enrolment of Pleaders and Mukhtárs.

THE following rules made by the Chief Court under the powers conferred by sections 7, 8 and 9 of the Legal Practitioners Act, 1879, as amended by the Legal Practitioners Act, 1884, relating to the enrolment of, and the renewal of certificates by, Pleaders and Mukhtárs, are published for information, in continuation of the rules made under section 6 of the Act, published with Book Circular No. VI—2915 G. of this date.

Pleader or Mukhtár cannot practise in any Court without being enrolled in that Court.

2. Under the provisions of section 10, a Pleader or Mukhtár cannot practise in any particular Court unless he has been enrolled in that Court, or some Court to which it is subordinate, and under the provisions of sections 8 and 9, a Pleader or Mukhtár cannot be enrolled in a Court not mentioned in his certificate. Pleaders and Mukhtárs of the second grade can no longer therefore be enrolled in the Chief Court, but must enroll themselves in as many of the Civil and Criminal Courts subordinate thereto as may be necessary to meet the requirements of the law noted above.

3. Revenue Courts and Officers exercising jurisdiction under section 6 of Act XVII of 1887 (the Punjab Land Revenue Act) and sections 75 to 77 of Act XVI of 1887 (the Punjab Tenancy Act) are not subordinate to the Chief Court; and enrolment of Pleaders with a view to practising in Revenue Courts and Offices is, by section 8 of the Act, to be regulated by rules made by the Chief Controlling Revenue Authority. With regard to these, the function of this Court extends only to entering in the certificate of a Pleader the Revenue Courts and Offices in which he is authorized to practise. Again, looking to Schedule II of the Act, which establishes in the Punjab four classes of Pleaders and Mukhtárs, if the classification be according to certificates, it will be observed that a Pleader or Mukhtár of either grade may, in order to pay a smaller fee, elect, if he chooses, to confine his practice to some lower grade of Court than the highest for which he has qualified himself, and may take out a certificate accordingly.

Provision as to practice in Revenue Courts and Offices.

4. For the purpose of enrolling Pleaders and Mukhtárs under the Legal Practitioners Act, 1879, in the subordinate Civil Courts, the registers prescribed by the rules must be maintained by the Courts mentioned in those rules. No change has been made in the form of register.

Register.

5. Enrolment in Courts subordinate to the Chief Court is obligatory only upon Pleaders and Mukhtárs admitted after the first of January 1880, as persons previously enrolled are protected by section 2 of the Act. But, as a matter of convenience, all persons practising in such subordinate Courts only should be called on to enroll themselves in the Court of the highest grade mentioned in their certificates, within the limits of whose jurisdiction they ordinarily practise.

Enrolment in Courts subordinate to Chief Court, on whom obligatory.

6. Rule XXV of the rules made under section 6 of the Act provides that all final orders by which a Pleader or Mukhtár of either grade is suspended or dismissed, shall be notified in the *Punjab Gazette*. On the publication of such a Notification, if the order be one of suspension, a note of the period should be made in the registers of the various Courts in which the person suspended is enrolled, or, if the order be one of dismissal, the name of the person dismissed should be struck off the registers of such Courts; and, in either case, the order should be communicated to all subordinate Courts.

Suspension and dismissal to be noted in registers.

7. A list of persons entitled to act as legal practitioners in the Punjab will be published annually. With a view to the compilation of this list, District Judges should report, through Divisional Judges, to the Chief Court, not later than the 15th of January of each year, whether any of the Advocates, Pleaders or Mukhtárs, shown in the last published list as practising in their districts, have died or have removed elsewhere during the year, or, in the case of Pleaders and Mukhtárs, have failed to renew their certificates.

Annual list of legal practitioners.

8. The Chief Court's list of legal practitioners will be amended in accordance with these returns, and printed copies of the amended list will be distributed to all judicial officers in the Punjab, with a supplementary list containing the names of those persons who have died or have failed to renew their certificates since the last list was published. On receipt of these lists, the names of persons who have died should be removed from any registers in which they may still be borne; and, in the case of persons who have not renewed their certificates, the fact should be noted in the various registers in which such persons are enrolled. Should any person who has failed to renew his certificate under Rule II subsequently renew it under Rule III within the period allowed by that rule, the grant of a renewed certificate should be intimated to the various Courts in which he is enrolled, for the information of such Courts and the Courts subordinate to them, as well as to the Chief Court. If application for renewal of a lapsed certificate is not made within three years, the name of the person should, at the expiration of that period, be struck off all the registers in which he is enrolled.

Rule as to the duties of Mukhtárs.

THE following rule made by the Chief Court under the powers conferred by section 11 of the Legal Practitioners Act, 1879, as amended by the Legal Practitioners Act, 1884, regulating the functions, powers and duties of Mukhtárs practising in the Civil Courts of the Punjab, is published for information and guidance in supersession of Book Circular No. IV of 1880.

Powers of a Mukhtar in criminal cases, subject to the Code of Criminal Procedure.

2. The powers of Mukhtárs in criminal cases are, by section 9 of the Act, expressly made subject to the provisions of the Code of Criminal Procedure. By section 4, clause (*n*), of that Code, the term Pleader includes a "Mukhtar" only when such Mukhtár is appointed with the permission of the Court to act in such proceedings. The definition of the term "Pleader" in section 4, clause (*n*), must be borne in mind in applying section 340 of the Code; an accused person is not entitled to be represented by a Mukhtár; similarly a Mukhtár is not, under section 495 of the Code, entitled to conduct the prosecution in any case. Thus a Mukhtár may, with the permission of the Court, but not otherwise, act either for the accused or for the prosecution, under sections 205, 290, 340, 419, 423 or 495 of the Code.

Subject to the provisions of section 10 of the Legal Practitioners Act, 1879, as amended by the Legal Practitioners Act, 1884, any appearance, application or act in or to any Civil Court, authorized by law to be made or done by the recognized agent of a party, may be made or done by a duly appointed Mukhtár:

Provided that a Mukhtár shall not, except with the express permission of the Court, take any part in the examination of a party or witness:

Provided also that a Mukhtár shall not, under any circumstances, be permitted to state the case of his principal, or reply to the opposite party under sections 179 and 180 of the Code of Civil Procedure, or to address any argument to the Court, at any stage of the proceedings in a suit or appeal, in relation thereto.

Explanation.—Nothing in the foregoing rule shall be deemed to preclude the Court from asking, or a Mukhtár from replying to, such questions as the Court may consider necessary in order to enable the Court to rightly understand the case presented on behalf of the person whom the Mukhtár represents.

BOOK CIRCULAR No. X—2948.

To

ALL JUDICIAL OFFICERS IN THE PUNJAB.

Dated Lahore, the 25th June 1890.

References regarding institution or conduct of legal proceedings by or against judicial officers.

INSTANCES have recently occurred in which officers employed in the Judicial Department have referred for the orders of the Court questions affecting the institution or conduct of legal proceedings by or against themselves or affecting them personally. The Judges deem it inexpedient that references of the kind described should pass through the hands of any judicial authority to whom the officer making the reference is subordinate; more especially where the reference takes the form of an application by a judicial officer for permission to institute legal proceedings of any kind.

Channel of communication.

2. When a judicial officer considers it desirable to appeal to the law in defence of his private or official character, the permission which it is necessary for him to obtain is that of the Government under which he serves. If the matter relates solely to the official character of a judicial officer, he may wish to ascertain whether the Government would be prepared to undertake or to assist him in the prosecution or defence, as the case may be. In each of the cases mentioned the object is to obtain the orders of the Executive Government and not of a judicial authority, and the proper course is to make the reference through the executive and not through the judicial official channel of communications.

Manner of submitting such reference.

3. The Judges, with the permission of the Hon'ble the Lieutenant-Governor accordingly direct that where the officer making such a reference does so in his capacity as a District Magistrate, or is a Subordinate Magistrate or a District Judge, or a judicial officer of lower rank, he shall address it to the Deputy Commissioner of the district in which he is serving or, if he is not at the time of making the reference attached to any district, to the Deputy Commissioner of the district to which he was last attached. Such Deputy Commissioner will submit the correspondence to the Commissioner of the division, for submission to the Local Government in the ordinary course. When the reference is made to the Deputy Commissioner and he thinks it probable that criminal proceedings may be instituted in his Court, he shall forward the reference without any remarks on the merits of the case. In all other cases he shall submit the correspondence with his own opinion thereupon. If the officer making the reference is a Divisional or Sessions Judge, he shall address the Commissioner of the division in which he is or was last serving, as the case may be.

References not to be submitted to Chief Court.

4. Such references are not to be submitted by or through District Magistrates (as such), District Judges, or Divisional and Sessions Judges, to the Chief Court.

By order, &c.,

E. W. PARKER,

Registrar.

CHIEF COURT.

BOOK CIRCULAR No. V—2884 G.

To

ALL JUDICIAL OFFICERS IN THE PUNJAB.

Periodical Returns of Judicial business.
Review of—and instructions regarding—

THE subject of reducing the number of periodical returns of judicial business submitted by subordinate Courts, so far as this can be done with due regard to the requirements of Government and the exercise of the Court's functions of supervision and control, has been under the consideration of the Judges for some time past. The statistics now required from subordinate Courts are briefly reviewed in the following paragraphs, and instructions are given which will have the effect of relieving District Courts of some unnecessary work without materially affecting the existing instructions on the subject, which are contained in Circulars Nos. CXLI, CXLII, CXLIII and Appendix IV of the Volume of Judicial Circulars, 3rd edition.

Imperial Returns of Judicial business.

These forms cannot be altered by the Court, but it is left to the Local Government and Chief Court to prescribe such additional or supplementary returns as may be found necessary. BOOK CIRCULAR No. XI—2996 G.

To

ALL JUDICIAL OFFICERS IN THE PUNJAB.

Dated Lahore, the 27th June 1890.

Subject.
Rules relating to the making of affidavits.

THE attention of all Judicial Officers is drawn to the rules made under section 652 of the Code of Civil Procedure relating to the making and filing of affidavits. The provisions of Chapter XVI of the Code should be referred to in connection with these rules, and the rules previously issued by this Court under section 647 of the Civil Procedure Code (Chief Court Notification No. 829, dated 25th February 1887).

Any Civil Court or Magistrate authorized to administer oath.

2. By section 197, clause (*a*) of the Code any Civil Court or Magistrate is as such authorized to administer the oath of the declarant in the case of any affidavit made under that Code, and no special authority is needed for that purpose from the Court in which the affidavit is intended to be used.

Civil Courts and Magistrates to be guided by annexed rules in exercising their powers.

3. The Judges are pleased to direct that all Civil Courts and Magistrates shall exercise their authority subject to and in conformity with the annexed rules: provided that an application in writing, duly stamped, has been made for that purpose by a declarant, and that the affidavit presented conforms to these rules; and further that such Court or Magistrate does not in any case find any sufficient cause for refusing to do so. In the event of refusal the reasons therefor, with the date, shall be recorded on the application under the signature of such Court or Magistrate.

Superior Court not precluded from referring application to inferior Court.

4. These directions are not to be understood as precluding a superior Court or officer from referring the application for disposal by an inferior Court or Magistrate sitting at the same place, when, in the opinion of the former, the application can be more conveniently disposed of by the latter. In such a case, the order should be endorsed on the application, and will not be deemed to be a refusal of the application by the superior Court or officer.

No Court or other fee required to be paid in the case of affidavits to be filed in Court.

5. No Court-fee or other stamp is required upon an affidavit made for the immediate purpose of being filed and used in any Court or before an officer of any Court (see Indian Stamp Act, 1879, Schedule I, (3) and Schedule II, 1, (*b*)) and no fee has been prescribed by law, or by rule as chargeable for the attestation of such an affidavit.

Form of attestation prescribed.

6. The attention of Civil Courts and Magistrates is especially directed to the form of attestation annexed to the rules (see Form II). The name of the officer must be signed in full, and care must be taken that his proper designation, as a Court or Magistrate, is added, as for example "District Judge" or "Munsif of Amritsar" or "District Magistrate" or "Magistrate of Kasúr," or as the case may be. A description such as "Deputy Commissioner," "Assistant Commissioner," "Extra Assistant Commissioner," or "Tahsíldár," or "Collector," or "Assistant Collector," and the like, is not sufficient, and should be avoided.

Affidavit may be made by several persons conjointly.

7. There is nothing in the rules to prohibit several persons joining in a single affidavit in whole or in part, but Courts or Magistrates must, in such cases, be careful that each declarant deposes separately, and that the certificate is adapted to the actual circumstances of the particular case.

Other persons besides Civil Courts and Magistrates may be appointed to administer oaths, &c.

8. If in any place or district it should be deemed necessary that an officer other than a Court or Magistrate should be appointed to administer oaths or affirmations to declarants, the name of the officer and the grounds for making the proposal should be submitted, through the Divisional Judge, to the Chief Court for orders under section 197, clause (*b*), of the Code.

Procedure in case of serving officers.

9. In order to meet the case of affidavits of serving officers made under sections 82 or 168 of the Code, it will probably be necessary in most districts to submit recommendations under the last paragraph, as suggested in Book Circular No. II of 1889. In the case of such affidavits and of all other affidavits made by officers of the Courts in their official capacity no application, such as is referred to in paragraph 3, is necessary.

10. A register of affidavits, in the annexed form, should be maintained at the head-quarters of every district, and at each Court at a distance from head-quarters, in which every application to have an affidavit attested and every affidavit verified, should be entered.

Register to be maintained.

By order, &c.,

E. W. PARKER,

Registrar.

BOOK CIRCULAR No. XIII—3110 G.

To

ALL JUDICIAL AND REVENUE OFFICERS IN THE PUNJAB,
AND OTHER PERSONS CONCERNED.

Dated Lahore, the 8th July 1890.

SUBJECT. — PETITION-WRITERS. Rules as to Petition-writers.

THE annexed rules declaring what persons shall be permitted to practise as Petition-writers in the Courts and Offices of the Punjab, regulating the conduct of persons so practising, and determining the authority by which breaches of rules shall be tried, have been made by the Chief Court, under section 14, sub-section (1), clause (*b*), of the Punjab Courts Act, 1884, as amended by Act XIII of 1888, have received the sanction of the Local Government, and are published for general information. The rules are issued in supersession of all previous rules on the subject. The Circulars noted in the margin are hereby cancelled.

Book Circular No. VIII of 1885.
Book Circular No. XII of 1887.

Instructions contained in Circular.

2. The rules have been confined to the matters specified in the law under which they are made; detailed instructions as to the action of Officers and Courts in giving effect to the rules are given in this Circular, and should be carefully observed.

Special provisions as to Revenue Courts and Offices.

3. The Financial Commissioners consider it unnecessary to have a separate class of Petition-writers for the Revenue Courts and Offices, and provision has accordingly been made in rules XXX and XXXI, enabling Revenue Courts and Officers to take action against Petition-writers, in the same manner as any other Court, by—

(*a*) ordering a licensed Petition-writer to re-write any petition written by him, which is not written in accordance with the instructions contained in rule XX, or is illegible, obscure or prolix, or contains any irrelevant matter or misquotation, or is, from any other cause, informal or otherwise objectionable;

(*b*) prohibiting a licensed Petition-writer from practising in his Court or Office, pending a reference to the authority specified in rule XXXI.

Should a Revenue Court or Officer making a reference be dissatisfied with the order passed thereon, such Revenue Court or Officer may report the circumstances of the case to the Chief Court, through the usual channel, and the Chief Court will pass such orders upon it as may to it seem fit.

Applications for admission to examination to be stamped.

4. An application, made under rule V, for admission to the examination prescribed in rule VIII, must bear the usual Court fee prescribed for applications to the District Judge by the Court Fees Act.

Conduct of examination.

5. The following instructions are issued under rule IX, regulating the conduct of the examination prescribed by rule VIII:—

(1) the Examination Board should usually consist of three Judicial Officers;
(2) the examination in legal procedure should be partly by written answers to written questions, and partly by oral answers to oral questions;
(3) the details of the examination will be arranged in such manner as the District Judge may direct. A fair standard of efficiency should be insisted on.

Submission of names of successful candidates to Divisional Judge.

6. The names of the successful candidates to be submitted to the Divisional Court under rule X, should be entered in a statement in the Form I annexed to this Circular. If any person whose name is submitted has been convicted of a criminal offence, this should be stated, and the District Judge should state his reasons for not considering such conviction a bar to the grant of a license.

Submission of statement of successful candidates to Chief Court.

7. On receipt of the statement referred to in the last paragraph, the Divisional Judge will add his remarks and recommendations in the appropriate column of the statement; and, in the case of persons recommended for first grade licenses, shall specially state, after making any further inquiries or holding any further examination which he may consider necessary, whether he is satisfied that such persons are in all respects qualified for admission to the first grade. The statement will then be submitted to the Registrar, Chief Court. It should reach the Chief Court office not later than the fifteenth of November in each year.

8. Power has been reserved to the Chief Court, in rule XII, to admit to either grade of licensed Petition-writers any person who has not qualified as required by the rules, and to promote a Petition-writer of the second grade to the first grade. This power will ordinarily be exercised, in the case of applications for admission to the second grade, on the recommendation of the District Judge and Divisional Judge, and, in the case of applications for admission or promotion to the first grade, on the recommendation of the Divisional Judge. Such recommendations should be made at the time when the names of successful candidates who qualify by examination, are submitted under paragraphs 6 and 7 of this Circular; and the names of persons recommended for admission under rule XII should be entered in the statement prescribed in paragraph 6, the special grounds for recommending exemption from either or both (as the case may be) of the examinations mentioned in rules VI and VIII, respectively, being stated.

Power of District Judge and Divisional Judge to recommend persons for admission under rule XII.

9. All fees and charges realized from Petition-writers under the authority of the rules, should be forthwith paid into the Treasury to the credit of Government, the Treasury receipt being placed with the papers relating to the Petition-writer from whom the money is realized.

All fees and charges to be paid into Treasury.

10. A Register of licensed Petition-writers (in the Form II annexed to this Circular) will be maintained in the office of every Divisional Judge and District Judge. The name of every person holding a license of the first grade, and practising within the limits of the Division, will be entered in the Divisional Register. The name of every licensed Petition-writer of the second grade, practising within the limits of the district, will be entered in the District Register.

Register to be maintained in Divisional and District Courts.

11. A page or pages of the Register should be set apart for each Petition-writer and the several particulars set out in the form of Register prescribed, should be carefully filled in.

Entries to be made in Register.

The following further particulars should be noted in the Register:—

(1) the date of each annual inspection of the license, under rule XIV;
(2) the date on which any license ceases to be in force, under rule XIII or rule XIV;
(3) the date of and authority for every alteration in the grade of the license, under rules XII, XXXIV, XXXVII and XL;
(4) the date of and authority for every transfer of place of business, under rule XVI;
(5) the date of and authority for the grant of every duplicate license, under rule XVII;
(6) the date and nature of every penalty imposed, under section 14, sub-section (3), of the Punjab Courts Act, 1884, as amended;
(7) the date and substance of every order passed under rules XIV, XXVIII, XXXI, XXXVI, XXXVII, XXXIX, or XL;
(8) a copy of every endorsement made on the license.

12. Whenever a licensed Petition-writer is permitted to transfer his place of business, intimation of the permission granted should be given by the Court granting it, to (1) the Registrar, Chief Court, and (2) the Court under which he last held his license. On receipt of such intimation the Court last named will note the fact in the Register and strike off the Petition-writer's name.

Transfer of place of business to be intimated.

13. A copy of every order of suspension or dismissal will be forwarded, as soon as may be, to the Registrar, Chief Court.

A copy of every order of suspension or dismissal to be forwarded to Chief Court.

14. On or before the fifteenth of September in each year, District Judges will submit to the Divisional Judge a return (in the Form III annexed to this Circular) showing, in exactly the same order as the last published printed list, the names of all the Petition-writers of the second grade borne on that list, with the names of any persons who may have been restored or added since the list was last published. The names of persons who may have been removed from the Court's register of Petition-writers after the publication of the list above referred to, should be entered in red ink in their proper places, and the cause of removal explained in the column of remarks. Persons whose licenses have been suspende should be entered in black ink, and the reason for, and the date of the order of suspension noted in the column of remarks. Persons who have been restored to

Annual return of Petition-writers to be furnished and an annual list published.

the list should be entered in the place they originally occupied; and a note of the date of restoration should be made in the column of remarks. On receipt of the District statements, Divisional Judges will add a statement, prepared in accordance with the directions given above, showing the Petition-writers of the first grade belonging to their respective Divisions, and will then submit all the returns to the Chief Court, so as to reach the Court not later than the 1st of October in each year.

From the returns thus furnished a list of licensed Petition-writers will be compiled in the Chief Court office. Printed copies of this list will be furnished to all Divisional and District Judges in the Punjab, who, as soon as possible after receipt, should bring to notice any errors or omissions which may be detected. Translations will also be supplied, and a copy of the translations should be posted in a conspicuous place of every Court-house in the Province.

Order of suspension for non-production of license for inspection.

15. With reference to the provisions of rule XIV, it will be observed that, on the failure of a licensed Petition-writer to produce his license for inspection at the time appointed, the operation of the license will be suspended. The order of suspension may, subject to the conditions mentioned in the rule, be withdrawn if the license be produced at the time of the next ensuing annual inspection; failing such production the suspension becomes permanent.

Copy of every order of suspension or dismissal to be submitted to the Chief Court.

16. In every case in which a licensed Petition-writer is suspended or dismissed, a copy of the order should be submitted to the Chief Court for information.

Special attention drawn to rules XX, XXIV, XXVII and XXXIV.

17. Special attention is drawn to the provisions of rules XX, XXIV, XXVII and XXXIV. These rules enable the Courts to deal with licensed Petition-writers who do not, in writing petitions, confine themselves to expressing in plain and simple language and in a concise and proper form the statements and objects of the petitioner, or who introduce arguments or irrelevant and unnecessary matter, such as quotations from Law Reports or other Law books, into petitions written by them. If the person employing a Petition-writer brings to his notice a decision which affects the subject matter of the petition, it may of course be referred to; but it must be clearly impressed upon Petition-writers that they are the scribes and not the legal advisers of their employers. Rules XXIV and XXX enable the presiding officer of any Court or Office to require a Petition-writer to re-write, at his own cost, any petition which does not comply with the requirements of the rules. Rule XXXIV provides for the suspension or dismissal of a Petition-writer who habitually desregards rule XX. Rule XXVII meets any tendency on the part of Petition-writers to intrude themselves upon the conduct of litigation, by acting as agents for parties as well as in the capacity of Petition-writers.

Course of correspondence.

18. All correspondence, other than that referred to in paragraphs 12 and 13 of this Circular, relating to Petition-writers practising in District Courts, should be submitted to the Chief Court, through the Divisional Court.

By order, &c.,

E. W. PARKER,
Registrar.

Provided that in the latter case it be signed by the employer :

(3) that no petition shall be rejected merely on the ground that it has been written by a person who is not a licensed Petition-writer.

Every licensed Petition-writer shall, between the first and thirty-first of August of each year, produce, or, if he ordinarily practises in an inferior Court, forward through that Court, his license for the inspection of the Court under which it is held. A note of such production, with the date, will be entered on the license. If a Petition-writer fails to comply with this rule, his name will be posted in a conspicuous place of the Court-house of the highest Court in which he ordinarily practises, with an order that the operation of his license is suspended, and that he will be liable to penalties if found practising while such order of suspension is in force.

Licenses to be produced annually.

(*ii*). If the Petition-writer produce his license for inspection at any time before the thirty-first of August of the following year, the order of suspension may be withdrawn, subject to a charge of Rs. 5:

Duplicate license.

XVII.—If a licensed Petition-writer loses the license granted to him under these rules, he may apply to the Court under which it was held for a duplicate license. The application shall be made in writing and shall be presented by the applicant in person. 1. The Registrar laid on the table the proxy papers received from absent members.

2. The first proposal by the Syndicate put to the meeting by the Vice-Chancellor was—

> That, on the proposal of the Honorable the Chancellor, the Degree of Doctor of Literature be conferred *honoris causâ* under the provisions of Section 16 of the Punjab University Act, at the ensuing Convocation upon His Excellency the Most Honorable Henry-Charles-Keith, Petty-Fitz-Maurice, Marquess of Lansdowne, the Viceroy and Governor-General of India, G.M.S.I., G.C.M.G., G.M.I.E., as a person who is by reason of his eminent position and attainments a fit and proper person to receive that degree.

In laying this proposal before the Senate, the Vice-Chancellor referred to the following letter received from the Junior Secretary to the Government, Punjab, embodying the wishes of His Honor the Chancellor on the subject :—

Lahore, dated the 13th November 1889.

From—H. MAUDE, Esquire, Officiating Junior Secretary to Government, Punjab,
To—The Registrar, Punjab University.

I AM desired by the Hon'ble the Lieutenant-Governor, as Chancellor of the Punjab University, to ask you to move the Senate of the University through the Vice-Chancellor to consider the propriety of conferring upon His Excellency the Viceroy and Governor-General the honorary degree of Doctor of Literature on the occasion of his approaching visit to Lahore. As His Excellency the Marquess of Lansdowne is patron of the University and has kindly consented to attend the Convocation which it is proposed to hold on November 26th and to deliver an address, the Chancellor thinks that the Senate should not lose the opportunity of conferring the degree which he will probably consider a high compliment. Sir James Lyall also understands that the proposal has already suggested itself to many members of the Senate.

This letter having been read aloud to the meeting by the Vice-Chancellor, the above resolution was passed unanimously by the Senate.

3. The second proposal was then read —

That (1) the list of Examiners in Oriental languages for the Arts and Oriental Faculty Examinations of 1890 approved by the Syndicate (see Proceedings dated 13th April 1889) ; and

(2) the list of Examiners for the Oriental and Arts Faculties in subjects other than languages, as recommended by the Syndicate (see Proceedings dated 24th April 1889) ;

be sanctioned.

The Vice-Chancellor called the attention of the meeting to the alterations which had become necessary on account of certain Examiners nominated having expressed their inability to act, and the amendments which had accordingly been proposed by the Syndicate (see Proceedings of the 13th July 1889), by the Arts Faculty (Proceedings of 11th November 1889), and the Oriental Faculty (see Proceedings of 4th November 1889). The lists of Examiners were then passed unanimously with the above amendments, as contained in Appendix I.

4. The next proposal was—

That (1) the list of Examiners to set questions for the Middle School Examination for 1890, and the list of Examiners to look over and mark answer papers of candidates of the Middle School Examination, as recommended by the Syndicate (see Proceedings dated 13th April 1889) with amendments passed on 4th November 1889 ; and

(2) the list of the Superintendents for the Middle School Examination 1889 (approved by the Syndicate on 4th November 1889) ;

be sanctioned.

The first part of this proposal was passed without discussion (see Appendix II).

Certain difficulties having been pointed out by the Registrar with regard to the proposed employment as Superintendents at the Middle School Examination, 1890, of Lála Chandu Lál, 2nd Master, Municipal Board School, Lahore, Pandit Dhani Rám, Head Master, Municipal Board School, Batála, and the Manager of the Mission School, Bannu, it was resolved on the proposal of the Vice-Chancellor that the following be appointed in their places :—

The Head Masters of the Municipal Board Schools at Siálkot and Jhang to be Superintendents of the Gurdáspur and Bannu centres respectively ; Bábu B. M. Banerji, Assistant Master, Lahore Municipal Board School, to be Superintendent at Ferozepore.

The list of Middle School Superintendents was then passed as given in Appendix III.

5. The next proposal—

That the degrees specified in Appendix IV be conferred upon the candidates named therein, who are duly certified to have passed the examinations and fulfilled the other conditions necessary for the several degrees referred to in accordance with the Statutes, Rules and Regulations now in force and with the provisions of Section 14 of the Punjab University Act,

was then read and passed unanimously.

6. The next proposal was—

> That the various medals, scholarships, and special prizes be awarded, as specified in Appendix IV.

This was agreed to.

7. The next proposal—

> That the Annual Convocation of the Senate of the University for the purpose of conferring degrees be held on the 26th November 1889, the Chancellor having signified his approval of that date,

was also accepted.

8. The Vice-Chancellor next laid before the meeting the list of members of the Syndicate for 1890 as proposed by the various Faculties. It was thereupon resolved—

> That agreeably to the recommendation of the Syndicate Meeting held on the 4th November 1889, the nominations of members to represent the several Faculties in the Syndicate for 1890, as contained in the Proceedings of the Oriental, Arts, Law, Medical and Science Faculties of the 4th, 2nd, 4th, 2nd November and 29th October 1889 respectively, be approved.

9. The Auditor's Report for the two quarters ending 31st March 1889, as given in Appendix V, was then laid before the meeting, and the proposal—

> That the Auditor's Report for the two quarters ending 31st March 1889 be approved (see Appendix to Syndicate Proceedings dated 4th November 1889),

was put to the vote and carried unanimously.

10. The following proposal of the Syndicate—

> That the appointment of Mr. P. Morton or (in case of his inability to act) of Mr. R. Baker as Superintendent of the Law Examinations, 1889, be approved (see Syndicate Proceedings dated 4th November 1889),

was then read and passed without discussion.

11. The ninth proposal on the list of Agenda for the meeting was—

> That the Regulations regarding the appointment, duties and remuneration of Examiners, as proposed by the Syndicate (see Proceedings dated 13th April 1889), be sanctioned.

A question having been raised by the Reverend Dr. Ewing as to the permanency of the rate of remuneration proposed for Examiners in Part 3 of the Regulations referred to, the Vice-Chancellor pointed out that the rate of remuneration proposed therein had been recommended by the Sub-Committee appointed to consider permanent reductions in the University Budget, whose report was submitted by the Syndicate with proposal X. He proposed therefore that in order to facilitate discussion the tenth proposal be considered first.

The meeting having agreed to the Vice-Chancellor's suggestion, the next proposal of the Syndicate was read—

> That the report of the Sub-Committee appointed to consider permanent reductions in the University expenditure (see Syndicate Proceedings dated 13th April 1889) be sanctioned, subject to the amendments made by the Syndicate in Proceedings dated 13th July 1889, paragraph 6.

After some discussion in which Dr. Ewing and Dr. Charles took part, Mr. Bell proposed, and Dr. Ewing seconded, an amendment that the following provision be added to the Syndicate's proposal:—

> "And subject to the proviso that the readjustment of the rate of remuneration to Examiners and Superintendents contemplated in paragraph 6 of the Sub-Committee's Report be considered by a Sub-Committee to be appointed in 1890."

The Vice-Chancellor having expressed his agreement with the proposed amendments, the proposal of the Syndicate in its amended form was put to the vote and carried.—(see Appendix VI).

12. The ninth proposal of the Syndicate as given above was then read. Mr. Bell having pointed out that the appointment of the Law Examiners did not require under the Rules for the Law Examinations confirmation by the Syndicate and Senate, it was resolved that the words "except in law" be inserted in paragraph 1 of the Regulations for appointment of Examiners after the words "The Examiners in all subjects." With this verbal alteration the Regulations regarding the appointment, duties and remuneration of Examiners, as proposed by the Syndicate, and given in Appendix VII, were then sanctioned.

13. The next proposals were—

That the following courses of reading in Oriental languages be sanctioned :—

I.—For the Arts Faculty—

(i) The courses prescribed for the Entrance, Intermediate and B. A. Examinations in Persian and for the Entrance, Intermediate, B. A. and M. A. Examinations in Arabic for 1889, be continued for 1890 and 1891.

(ii) Those prescribed for the Entrance Examination in Sanskrit for 1889 be continued for 1890 and 1891, and those laid down for the M. A. Examination in Sanskrit for 1890 be retained for 1891. (The courses for the Intermediate and B. A. Examinations in Sanskrit have already been prescribed for a cycle of five years, *i. e.*, from 1890 to 1894, both years inclusive.)

II.—For the Oriental Faculty—

(i) That the courses prescribed for the Arts Examinations be followed in the corresponding examinations of the Oriental Faculty for 1890 and 1891, *i. e.*, the Arts course for the Intermediate, B. A. and M. A. Examinations be followed respectively in the Entrance, Intermediate and B. O. L. Examinations of the Oriental Faculty.

(ii) The Persian course for the B. O. L. and the Arabic courses for the B. O. L. and M. O. L. Examinations for 1889 be retained for 1890 and 1891 ; the Sanskrit courses for the M. O. L. Examination, 1890 and 1891, to be identical with the Shastri course for the same years.

(iii) The courses prescribed for the Prájna, Visharada and Shastri Examinations for 1890 should remain in force for 1891.

(iv) That the courses laid down for the Maulavi, Maulavi 'Alim, Maulavi Fázil, and the Munshi, Munshi 'Alim and Munshi Fázil Examinations for 1889 be continued for 1890 and 1891, excepting that "Tárikh-i-Wáqidi" be substituted for "Misbah-us-Sári wa Nuzhat-ul-Qári" in the Maulavi Examination.

With reference to paragraph II (iv) of these proposals, the Vice-Chancellor laid before the meeting an amendment proposed by Faqír Sayid Jamál-ud-dín and seconded by Khán Bahádur Muhammad Husain Khán, to the effect that the "Fattah al Ajam" be substituted instead of the "Tárikh-i-Wáqidi" for "Misbah-ul-Sári wa Nuzhat-ul-Qári" in the Maulavi Examination. The Vice-Chancellor having explained that the substitution of another text book had become necessary as the last named book was found not to be procurable in India, and having verified, by a reference to the printed edition, the statement that the Tárikh-i-Wáqidi was a too extensive text for the examination in view, the Senate passed the proposals of the Syndicate with the above amendment.

14. The next proposal—

That the M. A. Course in English for 1890, as approved by the Syndicate (see Proceedings dated 11th June 1889) be sanctioned,

was then read and passed without opposition (see Appendix VIII).

15. The following proposal—

That the revised course of reading in English for the M. A. Examination for 1891 as recommended by the Syndicate (see Proceedings dated 24th April 1889) be sanctioned,

was also passed unanimously (see Appendix IX).

16. The next proposal was—

That an annual prize offered by Mr. W. Bell, Professor, Government College, Lahore, to the student who stands first in the M. A. Examination in Philosophy be accepted with an expression of thanks to the donor.

This was accepted unanimously.

17. The fifteenth proposal—

That the following gentlemen be nominated as members of the Text-Book Committee to represent the Senate of the Punjab University (see Syndicate Proceedings dated 1st May 1889) :—

Sardár Sir Attar Singh, K. C. I. E.,
Revd. S. S. Allnutt, M. A.,
C. J. Rodgers, Esq.,
Bábu Chandra Náth Mittra,

was then read and carried without discussion.

18. The next proposal was—

That in paragraph 12 of the Regulations for the B. A. Examination, the note requiring "a more detailed knowledge of some of the leading writers of the present century and their chief works," &c., be struck out, and that the requirement should read as follows :—

"In this subject special value is attached to idiomatic accuracy of composition." (See Syndicate Proceedings dated 1st May 1889.)

The Vice-Chancellor having explained that the omission of the note referred to had been recommended by the Arts Faculty in its meeting of the 6th April 1889, the proposal was put to the vote and carried.

19. The next proposal was—

That the omission of the words "Including Land Tenure and Tenant-Right" from the list of subjects for Paper I of the Licentiate in Law Examination, as recommended by the Syndicate in Proceedings, dated 11th June 1889, be accepted.

In putting this proposal to the meeting, the Vice-Chancellor referred to the explanation given by the Law Faculty in its Proceedings of the 29th May 1889 as regards the mistake by which the words referred to had crept into the list of subjects framed by the Faculty in 1887 for the I paper of the Licentiate in Law Examination. The above proposal was then passed without discussion.

20. The seventeenth proposal of the Syndicate was then read—

That the trust, consisting of a Government Promissory Note of the value of Rs. 500 on account of the Cooper Medal Fund, be accepted on the conditions stated in letter from the Director of Public Instruction, Punjab, No. 1245, dated 31st May 1889 (see Syndicate Proceedings dated 11th June 1889).

This was passed unanimously (see Appendix X).

21. The following two proposals of the Syndicate numbered XIX and XX respectively were—

(XIX) That the Senate is of opinion that no lady should be allowed to take the Degree of M. D. of the Punjab University without having first obtained the Degree of B. A. of this or some other recognized University (see Syndicate Proceedings of 23rd February 1889, paragraph 8, with reference to letter of Punjab Government No. 424, dated 16th August 1887) ; and

(XX) That application be made to the General Medical Council, London, to have the possessors of Degrees and Licenses in Medicine of the Punjab University admitted to the General Medical Register.

Questions having been raised by several members regarding the bearing of these proposals, which, it was found, could not be considered satisfactorily without reference to a larger number of members of the Medical Faculty than were present at this meeting, it was resolved that the consideration of these two proposals be postponed till the next meeting of the Senate.

22. The next proposal was—

> That the list of the Medical Examiners for the year 1890, as passed by Syndicate (see Proceedings dated 11th June), be accepted.

The Vice-Chancellor pointed out that on account of certain gentlemen having expressed their inability to act as Examiners, subsequent nominations had been made by the Medical Faculty in its Proceedings of the 4th and 19th October 1889.

The list of Medical Examiners for 1890, as amended in accordance with these supplementary nominations (see Appendix XI) was then put to the vote and carried.

23. The twenty-second proposal was—

> That the Satistical Report of the Oriental College for 1888-89, approved by the Syndicate on the 11th June 1889, be accepted.

The Vice-Chancellor drew the attention of the meeting to the introductory remarks added by the Oriental College Committee to the Annual Report, and the statements contained therein regarding the reforms effected in the College tuition and the results obtained by the College in the University Examinations of the year. The above resolution was then passed without opposition—(see Appendix XII).

24. The next proposal was—

> That the appointment of Lála Shugan Chand, English Teacher, Oriental College, on a salary of Rs. 50, rising to Rs. 75, as recommended by the Syndicate on 11th June last, be sanctioned.

The Vice-Chancellor having stated that the teacher, whose appointment it was now proposed to confirm, had completed a probationary period for six months and given satisfaction, the proposal was agreed to.

25. The next proposal was then read—

> That the Report of the Sub-Committee appointed to consider, and, if necessary, to re-draft the Rules for the award of College Scholarships, be adopted with the amendment that the words " diminution or " be inserted before the words " for forfeiture" in Rule V, and that the Rules for the award of College Scholarships, as amended by the Sub-Committee and Syndicate, be sanctioned (see Syndicate Proceedings dated 12th June 1889).

The Vice-Chancellor explained shortly the main changes proposed by the Sub-Committee with regard to the Rules for the award of the College Scholarships, and recommended the Report of the Sub-Committee for adoption. The above resolution was thereupon put from the chair and passed (see Appendix XIII).

26. The last proposal by the Syndicate was—

> That the following words be inserted in paragraph 7 of the Regulations for the M. A. Examination :—
>
> 7. [The xamination in English shall include translation into English from the vernacular of the candidate and into that language from English], "*provided that in the case of candidates whose vernacular is English, a paper on English Literature of the 19th Century be substituted for the translations prescribed in this rule.*"

After some remarks by the Vice-Chancellor explaining that the above provision had become necessary on account of a candidate whose vernacular was English intending to offer himself for the M. A. Examination of 1890, the proposal was accepted unanimously.

27. The Senate then proceeded to appoint a person to hold the vacated post of McLeod Arabic Reader. In accordance with Rule 3 relating to Endowed Readers and Translators special notices had been previously circulated among the members of the Senate and three candidates had been proposed. Among these Shaikh Rahím Bakhsh, M. A., had received the largest number of recommendations, being strongly supported by W. Bell, Esquire, the Representatives of the Kashmir, Patiála and Nábha States, Nawáb Abdul Majíd Khán and other members of the Senate. As Shaikh Rahím Bakhsh appeared to be best qualified for the post on account of previous studies and attainments, the Senate resolved to appoint him.

M. A. STEIN,

Registrar, Punjab University.

APPENDIX V.

Dated Lahore, 28th June 1889.

From—Colonel P. LAMBERT, R.E., Auditor, Punjab University Accounts,

To—Dr. M. A. STEIN, Registrar, Punjab University.

I HAVE the honor to report that I have audited the accounts of the Punjab University for the six months from October 1888 to March 1889 on the 25th to 27th June 1889, and I have found the books and vouchers in good order.

2. There are no particular remarks to be made in connection with the audit of the General Account. With regard to the Oriental College and Funded Accounts, additional columns for cash receipts and payments are required in the Cash-books, as actual cash is received and paid into the Bank each month and sometimes cash remains in hand at the end of the month. The Cash-books at present are intended to show only transactions with the Banking Account. The Cash-book of the Funded Account is printed and additional columns could not well be introduced, but the transactions of each month only occupy about half of the page, and separate entries of actual cash receipts and payment into the Bank can be made in the lower part of each page. The Cash-book of the Oriental College Account being only a blank book ruled by hand for each month, the additional columns can easily be introduced. The Accountant was instructed to make the necessary additions commencing with the month of July 1889.

APPENDIX VI.

REPORT OF THE SUB-COMMITTEE APPOINTED BY THE SYNDICATE TO CONSIDER PERMANENT REDUCTIONS IN THE UNIVERSITY BUDGET.

(See Proceedings of Syndicate dated 16th February 1889.)

THE Sub-Committee appointed to consider and report on the permanent savings to be effected in the expenditure met at the house of the Vice-Chancellor on the 30th March 1889 and again on the 6th April 1889.

1. In considering the direction in which savings would most appropriately be effected, the attention of the Sub-Committee was drawn by Colonel Holroyd, one of its members, to certain paragraphs in the Proceedings of the Hon'ble the Lieutenant-Governor, dated, respectively, the 15th March 1886 (paragraphs 11, 12, 13, 14, 17 and 18), 14th April 1886 (paragraphs 21, 22, 23) and 15th April 1886 (paragraphs 17 and 19) in the Home Department. It was resolved that as far as possible the recommendations of the Sub-Committee should be in harmony with the views expressed in the above Proceedings.

2. But it was pointed out by the Vice-Chancellor that the staff of the Oriental College had only last year been carefully reorganized on the lowest scale compatible with efficiency; that no less than twelve Teachers had then been dispensed with; that a large reduction had been made in the allotment of stipends; and that the present Budget for the Oriental College had been drawn up with the strictest regard to economy. In like manner, with regard to the Law School, he was of opinion that the existing staff could not be reduced if the present standard of teaching, which had been prescribed under the new rules, which had received the approval of the learned Judges of the Chief Court of the Punjab, was maintained. All the Lecturers were paid very moderate salaries, and he could not see his way to propose any reduction.

3. The Sub-Committee after giving the subject its best consideration concurred with the Vice-Chancellor in thinking that no permanent reductions could be proposed in the existing staff of either of the above institutions.

4. The Sub-Committee then proceeded to consider the various other items of University expenditure, and finally arrived at the conclusion that the following savings might reasonably be effected in future years :—

First.—Under the head of 'extraordinary expenditure' the following items, which had to be provided for in the current Budget, would need no provision in future years, as they were of a special character and would not recur again, namely—

	Rs.	A.	P.
(*a*) Grants-in-aid for October and November 1888 to the Sanskrit School, Amritsar, the Hindu School, Ludhiána, Arabic and Sanskrit School, Mooltan, Sat Sabha School, Lahore, and High School, Tanda	178	0	0
(This charge would not occur again, as the grant-in-aid had already been withdrawn under a Resolution of the Syndicate, dated 16th February 1889.)			
(*b*) Three scholarships to the Hakím and Vaidya Students ...	80	0	0
(Withdrawn under the Resolution of the Syndicate of the 16th February 1889.)			
(*c*) Grant towards the Urdu *Medical Gazette* of Rs. 100 and printing of approved books Rs. 500, withdrawn under the Resolution of the Syndicate of the 16th February 1889 ...	600	0	0
(*d*) Refund of erroneous receipts from Law students ...	500	0	0
(These were fees which were wrongly realized under the new rules from Law students who had joined under the new rules.)			
(*e*) Purchase of a fire proof safe *(a special charge which would not recur again)*	750	0	0
(*f*) Payment on Mr. Larpent's Promissory Note in favour of Rám Saran Dás	700	0	0
(Also a special charge which had to be defrayed this year under the sanction of the Senate.)			
(*g*) Bonuses to discharged clerks	630	0	0
(This was a special expenditure sanctioned by the Senate for last year, but only paid this year.)			
Total 'extraordinary expenditure' which will not need to be provided for in future	3,438	0	0

Secondly.—The Sub-Committee having due regard to the enormous increase of expenditure under the head of *Remuneration to Examiners* since 1886, and while fully realizing the importance of maintaining a scale of remuneration for Examiners which would secure the services of thoroughly competent and reliable men, felt itself compelled to propose some reduction under this head.

	Rs.	A.	P.
It appeared, in the first place that whereas the budget provision for remuneration to Examiners and Superintendents amounted to Rs. 20,300 for University, Arts and Middle School Examinations in the present year as compared with Rs. 10,005 for 1886, the *actual* expenditure including superintendence during the current year would be only Rs. 19,362-15-0, which would leave in round numbers a saving of	1,000	0	0

In addition to this saving, however, which resulted even on the present scale of fees, the Sub-Committee having regard to the available resources of income considered that the remuneration of Examiners should be fixed on the following scale for the future :—

A.—FOR SETTING A PAPER.

	Rs.	A.	P.
M. A.—Each paper Rs. 65 (instead of Rs. 80). This would give an estimated saving of	450	0	0
B. A.—Each paper @ Rs. 40 (instead of Rs. 50). Estimated saving	260	0	0

For the Entrance and Intermediate Examinations no change.

B.—FOR MARKING PAPERS.

Entrance Examination.

Vernacular @ 2 annas a paper.
History and Geography @ 3 annas a paper.
Physics „ 3 „
Mathematics „ 3 „

(Other papers at present rates.)

	Rs.	A.	P.
The above alterations would effect an estimated saving of ...	448	10	0
Oral Science @ 8 annas a candidate. Estimated saving ...	71	0	0

Middle School Examination.

	Rs.	A.	P.
All papers, except Sanitation and Caligraphy, @ 1 anna 6 pies instead of 2 annas. Sanitation and Caligraphy @ 1 anna. Estimated saving	1,711	4	0

Oriental Examinations.

	Rs.	A.	P.
B. O. L.—Setting papers	80	0	0
Entrance.—Looking over papers	22	8	0
Estimated saving	112	8	0

Law Examination.

	Rs.	A.	P.
For marking papers for First Certificate Examination @ Re. 1-8-0 per paper	14	0	0
For superintending, saving on Rs. 200	150	0	0

Thirdly.—The Sub-Committee further considered that some reduction ought to be effected in the expenditure on scholarships awarded by the University. Under this head the Sub-Committee having regard to the encouragements already held out to successful students would propose the following reductions :—

Oriental Side.

	Rs.	A.	P.
Entrance.—Two scholarships one @ Rs. 10 and the other at Rs. 8 per mensem, each for two years	432	0	0

(This would leave 5 scholarships available.)

	Rs.	A.	P.
Intermediate.—One scholarship @ Rs. 10 per mensem for two years	240	0	0

Arts Side.

	Rs.	A.	P.
Entrance.—Four scholarships @ average of Rs. 10 per mensem for two years each	960	0	0

(The Sub-Committee would point out that as 20 Entrance Scholarships would still be left, this provision would afford ample encouragement for students.)

Engineering.

The Sub-Committee would propose that only two scholarships of Rs. 12 per mensem each for two years be maintained. This provision would appear to meet the present requirements of this branch of University education, and would effect an estimated saving of ...	312 0 0
Lastly, the Sub-Committee having regard to the proposition which is already before the Government to give the Punjab University the benefit of the services of Educational officers for superintendence of its examinations free of cost, hope that the expenditure hitherto incurred on this account will be saved. This proposal would effect a substantive saving of	1,000 0 0
A further sum of Rs. 500 would appear to be capable of being saved from the amount entered for printing charges	500 0 0
Total	11,099 6 0

5. Thus if the above proposals are carried out the Sub-Committee is of opinion that the annual expenditure would in all probability be reduced by a sum of Rs. 11,000. This saving, while it would remove the great pressure which is at present felt would also enable the Syndicate and Senate to make a provision for a working and opening balance as required by the new Financial Rules, the adherence to which was earnestly counselled by the late Lieutenant-Governor in his Resolution of the 15th March 1886, paragraph 18.

6. But while the Sub-Committee is agreed in making the above proposals in view of the present financial embarrassments of the University, it only does so on the understanding (*a*) that the reductions on the Arts side are only to be maintained so long as the funds at the disposal of the University will not admit of a readjustment under this head of expenditure; and (*b*) that as soon as such a readjustment is practicable the amount expended on scholarships and remuneration to Examiners and Superintendents will be placed on a scale sufficient to satisfy the requirements of the Government Resolutions of 1886 as well as to approximate as far as possible these payments with those in force in other Universities in India.

APPENDIX VII.

REGULATIONS REGARDING THE APPOINTMENT, DUTIES AND REMUNERATION OF EXAMINERS.

1.—APPOINTMENT OF EXAMINERS.

THE Examiners in all subjects except in Law shall be annually appointed by the Syndicate (subject to the subsequent confirmation of the Senate) not later than the month of May preceding the examination. Examiners in Oriental, Classical and Vernacular languages selected for all examinations in the Faculty of Arts shall be persons who have a good knowledge of English.

2. Examiners for all oral and practical examinations shall be appointed by the Syndicate one month before the date of the examination.

3. In cases of emergency, owing to refusal or inability of an Examiner to act, or other cause, when there is no time to bring the appointment of another Examiner before the Syndicate, the Vice-Chanceller, moved by the Registrar, shall be empowered to appoint such Examiner.

4. As a rule the Examiners for the Degree Examinations shall not be the same as those for the Intermediate Examination: provided that where the number of candidates for the Degree Examinations is small, one or both of the Examiners for these examinations may be employed for the Intermediate Examination.

5. When the number of candidates for the B. O. L. and M. O. L. Examinations is small, it is unnecessary to provide a second paper as specified below in paragraph 1 of the Duties of Examiners. The English papers shall be translated and centographed if necessary on the spot, the University providing a Translator, who shall be present two hours previous to the examination and be subjected to proper supervision.

2.—DUTIES OF EXAMINERS.

1. In all subjects, except Languages, the Examiner shall be required to set two papers of equal standard, one for the examination of the Oriental Faculty and the other for the examination of the Arts Faculty.* Except in cases where the Examiner who sets the paper is prepared to translate the paper for the examination in the Oriental Faculty and to examine each Vernacular answer himself, each paper set for the examination of the Oriental Faculty shall be handed over to a separate Examiner, who shall translate the paper and examine the answers.

2 (*a*). Examiners shall be required to distribute their questions with some uniformity over the whole range of the subjects in which they examine.

(*b*). In all examinations in Mathematics about two-thirds of the marks shall be assigned to book-work, or questions involving the direct application of ordinary rules.

(*c*). With regard to examinations in those subjects for which alternative text-books are recommended, Examiners are required not to base their questions exclusively on any one of such text-books.

(*d*). In the case of Paper (*a*)—containing explanations of passages in prose and poetry and questions in Grammar—for the examinations in English by the Intermediate and B. A. Standard, about two-thirds of the marks shall be assigned to questions based on the text-books and one-third to those of a more general character.

(*e*). In the case of Paper (*a*) for the examinations in the Oriental Languages by the Entrance, Intermediate and B. A. Standard, about two-thirds of the marks shall be assigned to questions containing passages for translation from the text-books (with explanation and Grammar) and one-third for passages of a similar standard from books not prescribed in the course.

(*f*). As a rule alternative questions are to be avoided. If given, they shall always be of equivalent value and standard of difficulty.†

3. (*a*). The Examiner shall strictly conform to the rules laid down in the regulations for the examination with which he is concerned, respecting the language to be used as the medium of examination in setting and answering the papers.

(*b*). In the Intermediate, Entrance and Middle School Examinations in the case of passages set for translation from the different vernaculars into English, the Examiner is required to take care that the passages set in the Vernacular shall be of an equal standard of difficulty. In case he is unable to set passages in any one of the five languages specified in the regulations, he shall inform the Registrar, who shall report his inability to the Syndicate, and special arrangements shall then be made to have the papers for translation from and into such vernaculars set, looked over, and marked by competent Examiners.

(*c*). The Examiner in Natural Science is required to set a paper for the oral and practical test in that subject, and in cases where there are two Examiners, one of them shall be selected by the Syndicate for this purpose.

(*d*). The Examiner in English is required to set a passage for the Oral Examination in English ; and in cases where there are two Examiners one of them shall be selected by the Syndicate for this purpose.

(*e*). The Examiners in Classical Languages and Persian for the Arts Faculty must themselves translate the papers set by them for the Arts Faculty into Vernacular for the candidates on the Oriental side.

4. No Examiner shall give any fractional marks for any paper in the results sent to the Registrar.

5. Examiners shall assign marks for each question which shall be indicated in the right hand margin of the paper.

6. Any paper which does not strictly conform to the rules herein laid down may be returned to the Examiners for correction by the Registrar.

7. Every Examiner shall forward his paper to the Registrar under sealed cover through the registered post, and the Registrar is authorized to reject any paper which is not forwarded in the prescribed manner.

---

* Where the number of candidates for the B. O. L. and M. O. L. Examinations is small it is unnecessary to provide a second paper. (See paragraph 5 of Appointment of Examiners).

† Model question papers are under preparation to serve as a guide for Examiners in setting papers in order to ensure stability of standard, but they are not, of course, intended to interfere otherwise with the discretion of Examiners.

3.—REMUNERATION OF EXAMINERS.

APPENDIX X.

No. 1245, dated 31st May 1889.

From—Colonel W. R. M. HOLROYD, Director of Public Instruction, Punjab,
To—The Registrar, Punjab University Lahore.

No. C. 114173, dated 1st February 1843, of the 4 per cent. loan of 1842-43.

I HAVE the honour to forward, duly endorsed in your favour, a Promissory Note (particulars noted in the margin) of the value of Rs. 500 on account of the "Cooper Medal Fund," and to express a hope that the University will kindly accept the Trust. A brief memo. of the foundation is given below.

2. In 1868, Mr. J. C. Parry, late Manager of the Delhi and London Bank, collected funds for the award of a *silver* medal to be called the "Cooper Medal." This money was invested in the Government Promissory Note, which is now sent to you, the proceeds from the interest being applied to the award of the medal. The supply of the medal was formerly arranged for by Mr. Parry, who is now in London, and who has expressed a desire to be relieved of the Trust. The die has been transferred to the Mint Master, Calcutta, and it has been arranged that the Promissory Note should remain in the custody of the Punjab University, on the understanding that one medal shall be awarded annually to the student of the Delhi Municipal Board School standing highest in the Entrance Examination of the Punjab University, and a second, if funds suffice, to the student of the St. Stephen's High School, maintained by the S. P. G. Mission, Delhi, standing highest in the same examination.

3. The interest on the Promissory Note was last drawn on 1st August 1886, and the amount due up to 31st January 1889 is Rs. 50, whilst the last award of the medal was made in 1886.

4. Under the circumstances, I beg that the Punjab University will take measures to draw the interest due, obtain medals from the Mint Master, and award them to the students of the Delhi Municipal Board School, and, so far as may be practicable, to those of the St. Stephen's Mission School, who stood first in each of these institutions in the Entrance Examinations of 1887, 1888 and 1889.

5. It is requested that the receipt of the Promissory Note may be acknowledged.

REMARKS OF THE ORIENTAL COLLEGE COMMITTEE ON THE STATISTICAL REPORT FOR 1888-89.

THE receipts of the Oriental College Budget for the year 1888-89 amounted to Rs. 25,614. Against this there is an expenditure of Rs. 22,746 in the year under report, so that there has been a saving of Rs. 2,868 on the whole. This saving resulted chiefly from restricted expenditure under the heads of Stipends, Instruction in English and Miscellaneous Expenses. To the saving on the Budget (Rs. 2,868) must be added receipts on account of fees (Rs. 492), making a total saving of Rs. 3,360.

II.—The total expenditure against the Oriental College Budget is Rs. 22,746 against the University Budget Rs. 13,048 (including Rs. 3,209 on account of Assistant Professors transferred from the Government College and Rs. 4,638 on account of Endowed Readers) and Rs. 825 on account of Government Scholarships.

III.—The number of students on the roll on 31st March 1889 was 76 in the College and 46 in the School Department. In comparing these figures with those shown in the Report for 1887-88 the following changes, consequent on the reorganization of the College and School, effected at the beginning of the year under report, must be kept in view:—

(a). By resolution of Oriental College Committee of 30th March 1888 the Vaidya and Yunani Medical Classes, numbering 17 students at the close of the school year 1887-88, were transferred to the Medical College, Lahore, with effect from the 1st June 1888.

(*b*). Similarly, the Engineering Class, numbering 9 students in the College and 6 in the School, was transferred to the Mayo School of Art, with effect from the above-named date.

(*c*). Under the rules adopted for the reorganization of the College Classes no further tuition could be provided for those students who had been previously allowed to read for the Entrance, Intermediate and B. A. Examinations of the Arts Faculty through the medium of English. Adding their number (12 in the College Department on the 31st March 1888) to that of the students of the Medical and Engineering Classes, it will be found that the real decrease in the number of College students from the 31st March 1888 to the 31st March 1889 was 21.

In the School Department the number of students was 46 on the 31st March 1889 as against 57 in the previous year. Deducting the number of English students (4) and of the Engineering students (6) who left the school after the close of the previous school year on account of the changes mentioned under paragraphs (*b*) and (*c*), the total decrease in the School Department was one student. This slight decrease, as well as that in the College Department stated above, may be explained to a great extent by the greater stringency of the rules adopted for the award and tenure of stipends, which resulted in a considerable reduction of the number of the stipendiaries.

IV.—The scholars on the rolls on the 31st March 1889 were divided according to the creed, as follows:—

	Hindús.	Muhammadans.	Sikhs.	Total.
College Department ...	23	46	7	76
School " ...	20	21	5	46
Total ...	43	67	12	122

V.—The following was the number of scholarship-holders (Government, University, Municipal) and stipendiaries on the 31st March 1888:—

	Scholarship-holders.	Stipendiaries.	Total.
College Department ...	34	33	67
School " ...	8	13	21
Total ...	42	46	88

VI.—The number of stipendiaries has been reduced during the year under report from 67 to 46. On the other hand, it is gratifying to find that the number of students reading without scholarship or stipend has increased from 27 to 34.

VII.—In addition to the students actually belonging to the Oriental College, 156 students of the Government College, Lahore, who were reading for Arts Examination, received in the year under review instruction in Oriental languages in the Oriental College. Three Teachers were permanently, and two others (among them the Principal) for part of their time, engaged in the tuition of these classes.

VIII.—During the year under review the reforms indicated in the Report of the Sub-Committee appointed for the reorganization of the Oriental College Staff and classes have been carried into effect. In accordance with the proposals of the Sub-Committee which had received the sanction of the Syndicate and Senate, the Arts and the Oriental Titles Classes have been strictly separated both in the College and School. A detailed scheme of studies as followed in each of these classes will be found on pages 11—15 of the subjoined Report.

IX—A direct result of the above-named reforms will be found perhaps in the greatly increased percentage of passes in the various University Examinations. Sixty-eight per cent. of the candidate sent up from the Oriental College and School passed in 1889 the various University

Examinations as shown on page 9 of the Report against 47 per cent. in 1888. In addition, Oriental College students distinguished themselves by gaining the first place in order of merit in the following University Examinations :—

Oriental Faculty.

Bachelor of Oriental Learning.
Intermediate Examination. (O. F.)

Oriental Titles Examinations.

Visharada Examination.

Maulvi Fázil Examination.

Maulvi Examination.

Munshi Alim Examination.

High Proficiency in Gurmukhi Examination.

X.—A further reform has been effected by the introduction of a regular system of House Examinations on the results of which the award and tenure of all stipends has been made strictly dependent.

XI.—By the resolution of the Oriental College Committee of the 26th June 1888, to the effect that the University Titles Branch Scholarships should be awarded to the students who stood highest in order of merit in the Proficiency and High Proficiency Examinations in Sanskrit, Arabic and Persian, a practical step has been taken to draw the most promising students of Oriental Classics from all parts of the Province into the Oriental College.

XII.—The only change in the College Staff to be recorded after the thorough reorganization effected at the close of the previous school year was the appointment of a competent English teacher for the Oriental Titles Classes. Lála Shugan Chand, formerly teacher of the Municipal Board School, Umballa, was appointed English Teacher on probation for six months with effect from the 1st June 1888. Having given satisfaction in the discharge of his duties Lála Shugan Chand was confirmed at a later occasion in his appointment on the terms laid down in the resolution of the Oriental College Committee of 14th May 1888. Oriental College Library.

The Library of the College has been re-organized and enlarged during the year under report.

The want of systematic subject and alphabetic catalogues being much felt, steps were taken to prepare the materials for such catalogues in the shape of exact Title Copies of all the works extant in the Library. The preparation of these Title Copies (over 1,000 in number) on single slips was finished with the help of an additional clerk during the summer session. They were then formed into a Slip Catalogue and arranged according to subjects under 11 main and 24 sub heads. The placing of the books in accordance with this arrangement and the compilation of an alphabetic catalogue has also been taken in hand.

The additions to the Library during the year 1888-89, for which Rs. 920-4-2 were spent, were chiefly intended to provide the College with critical editions of Oriental Classics and other standard works on Oriental Philology published in Europe. With this view Editions of the most important Vedic Texts, the Sanskrit Thesaurus of Boethlingk and Roth, a complete set of the texts published in the Bombay Government Sanskrit Series, De Goeje's Bibliotheca Geographorum Arabicorum and other standard works were added to the Library, for which a suitable room with accommodation for readers has been provided in the course of the year.

The total number of works added during 1888-89 amounts to 144, in 170 Volumes, of which 26 works have reached the Library as presents from the Asiatic Society of Bengal and private donors.

The Library was kept open for the use of readers for 6 hours each week day, Dr. Rattigan's Sanskrit Scholar being entrusted with the duties of Library attendant.

House Examinations.

During the year 1888-89 11 House Examinations by means of written papers have been held for each Class of the Oriental College and School under the superintendence of the Principal. These House Examinations embraced all subjects taught in the Degree and High School Classes. For the Oriental Titles Classes 9 House Examinations were held in the different Branches of the Oriental Languages and Literatures taught, and 2 House Examinations in English.

For the I Year Classes of the College and School an Annual Examination was held at the close of the School year, comprising six written papers.

Furniture.

By means of the special grant sanctioned for 1888-89 by the Syndicate and Senate of the Punjab University all Classes of the College and School were provided with suitable school forms and other necessary furniture.

Proceedings of the Sub-Committee appointed by the Syndicate to consider and if necessary to redraft the Rules for the award of College Scholarships.

(See Syndicate Proceedings of 4th February 1888.)

THE Sub-Committee met in the Senate Hall on the 18th February 1889, at 8-30 A. M. The Members present were—

Colonel W. R. M. Holroyd,

M. A. Stein, Esq., *Registrar.*

1. The Sub-Committee first considered the question of the award and tenure of College scholarships in conjunction with other endowed and unendowed scholarships, and suggested that the following Rule be substituted for para. III of the Rules as at present in force:—

"These scholarships shall be awarded at the various Examinations in the order of the class lists published by the University, after excluding—

"(*a*) the students who have obtained Government scholarships of equal or greater value;

"(*b*) students who have obtained endowed scholarships or exhibitions of equal or greater value unless allowed to be held together with University College scholarships by some express rule;

"(*c*) students who have obtained any other unendowed University scholarships of equal or greater value unless allowed to be held together with University scholarships by some express rule;

"(*d*) candidates placed in the third division."

2. The Sub-Committee was of opinion that with regard to the changed date of the Arts Examinations the word "May" should be substituted for "June" in para. IV.

3. The Sub-Committee also proposed that the words—

"But if students who hold B. O. L. or B. A. Scholarships pass their M. O. L. or M. A. Examinations at the end of one year, no further condition will be required from them during the second year of tenure"

be left out in the same para. IV.

4. The Sub-Committee suggested that in accordance with the provisions of Article 214 of the Punjab Education Code the following Rule (V) be substituted for clause 2 of para. IV:—

"These scholarships are given on the express understanding that the holder shall attend a College as a regular student and pursue his studies with industry. If it should appear at any time that the scholarship-holder fails to make satisfactory progress, or has been guilty of gross misconduct or laziness, or has been irregular in attendance, the head of the College shall, after due warning, report the scholarship to the Syndicate for forfeiture."

5. The Sub-Committee also recommended that para. V of the Rules be replaced by the rule contained in Article 215 of the Punjab Education Code, *viz.*,—

"All scholarships must be taken up within three weeks of the publication of the place lists in the *Punjab Gazette* by the winners joining an institution in which their scholarships are tenable within that period. But if the said period should expire during the interval between the 1st of August and the 15th October, this interval will be excluded from computation. (Thus, for instance, if the place lists are published in the Gazette of the 16th July, the period for joining will expire on the 21st October.) *Scholarships not taken up under this rule will not be re-awarded.*"

6. With regard to the Fuller Exhibition, the tenure of which in conjunction with other scholarships is referred to in the Syndicate Proceedings of the 4th February 1888, the Sub-Committee did not suggest any special provision, as the said Exhibition is awarded to the candidate standing highest in the B. A. Examination who under the rules in force is entitled to a Government and not to a University College Scholarship. The Sub-Committee wished to point out that as long as the present rules for the award of Government College Scholarships remain in force, any rule on the part of the University preventing the Fuller Exhibition from being held together with other scholarships would result merely in the permanent saving to Government of one College Scholarship.

His Honor the Chancellor of the University arrived at 11-55 A. M., and was received at the entrance of the Government College Hall by the Vice-Chancellor and Fellows of the University. His Excellency the Patron arrived at 12 noon, and having been received at the same entrance by the Chancellor, Vice-Chancellor and Fellows of the University was conducted by them to his seat on a raised platform in the College Hall. When His Excellency the Patron had taken his seat, the Vice-Chancellor reported to the Chancellor the business that was to be transacted, *viz.*, the reading of the Annual Report, the conferring of certain Degrees and the presentation of those persons who since the date of the last Convocation of the Punjab University had earned distinction by gaining Medals, Prizes and Scholarships, and requested His Honor the Chancellor to declare the Convocation open.

His Honor the Chancellor accordingly declared the Convocation open.

After this declaration, Shaikh Amír Ali, B.A., at the request of the Registrar, read in Urdu a summary of the Annual Report on the operations of the past year. Copies of the Report in English and in Urdu had previously been circulated.

When the report had been read the Vice-Chancellor read the following Resolution passed by the Senate at its meeting held on the 20th November 1889:—

"That His Excellency the Most Honorable HENRY-CHARLES-KEITH, PETTY-FITZ-MAURICE, MARQUESS of LANSDOWNE, G.M.S.I., G.C.M.G., G.M.I.E., Viceroy and Governor-General of India, is by reason of eminent position and attainments, a fit and proper person to receive the degree of Doctor of Literature, and that under the provisions of Section 16 of the Punjab University Act, 1882, the said Degree be conferred upon him *honoris causá.*"

And on behalf of the Senate prayed the Chancellor to confer upon His Excellency the Patron the degree of Doctor of Literature *honoris causá.*

The Chancellor then, with the assistance of the Vice-Chancellor and Registrar, conferred the degree of Doctor of Literature upon His Excellency in the following words :—

Bar hasb-i qarárdád-i Senate, ki hálá khwánda shud, wa ba ikhtiyáre ki mará ba haisíyat-i Chancellor-i University hásil ast, man daraja-i Hakím-i'Ulúm-i Adab (Degree of Doctor of Literature) peshkash-i-huzúr-i-Mu'alla mikunam, wa ín sanad (Diploma) ki banazar-i wálá miguzáram nishán-i ost, ikhtiyár midiham ki huzúr ín libás rá ki 'alámat-i ín daraja (Degree) muqarrar ast zeb-i tan-i mubárak farmáind.

In accordance with the Resolution of the Senate just read, and by virtue of the authority vested in me as Chancellor of this University, I admit Your Excellency to the degree of Doctor of Literature, and in token thereof, I present to you this Diploma and authorize you to wear the robes ordained as the insignia of this Degree.

The Registrar then reported to the Chancellor the names of the persons who, having successfully passed the examinations prescribed by the several Regulations since the last Convocation of the University, had been recommended by the Senate for degrees under Section 41 of the Punjab University Act.

When these presentations had been made, His Excellency the Viceroy and Governor-General, Patron of the University, addressed the Convocation. His Excellency said :—

"Your Honor, Mr. Vice-Chancellor, your Highnesses, Senators, Graduates and Under-Graduates of the Punjab University,—It is my agreeable duty in the first place to offer to you my deep acknowledgments of the honor which the University has this day conferred upon me by admitting me to the degree of Doctor of Literature *honoris causâ*. I am

very proud, indeed, to take my place among the distinguished men on whom this University has on previous occasions conferred an honorary degree. I believe, Sir, my position in the Government of India constitutes me Patron of the University, and I rejoice that this Senate should have spontaneously expressed its desire that I should be connected with the University by a closer and more intimate tie. Mr. Vice-Chancellor, I am constrained to confess to you that the pleasure with which I learned that this Honorary Degree was to be conferred upon me was for the moment somewhat diminished by the announcement which attracted my attention not long afterwards, and which is, I observe, repeated in the Agenda paper of to-day; the announcement namely that I was expected to address the convocation after the degree had been conferred upon me. During the last few weeks my occupation has been of a kind which has placed it entirely out of my power to concentrate my attention on any of those subjects which would most likely be interesting or appropriate for discussion on this occasion. I have been a student, Mr. Vice-Chancellor, but I have been a student of a Science which I do not think is included in your University course, and which, if it was so included, I presume you would describe as the science of "frontier prophylactics." I have been sitting at the feet of the Commander-in-Chief, my private tutor has been the Quartermaster-General, and I have been endeavouring to learn something, not so much about the peaceful pursuits recognised here, as about our frontier forces and above all our frontier defence. But, perhaps, there is after all a slight and indirect connection between the question of our national defence and these other questions which concern you most in this University, because we may surely say that, unless the Indian Empire is made safe against external attack, the peaceful arts and sciences of which you are votaries stand no chance of flourishing: and therefore I am glad to come back from the frontier with a very decided impression that the wise measures which have been taken at different times by the Government of India, coupled, I may say, with that which nature has done at no cost to the Indian tax-payer, with the result of strengthening our borders, have rendered the Indian Empire, if we may depend, which I hope we can, that we shall have an efficient army and a loyal population, invulnerable to external aggression. Now, Sir, it gives me very great pleasure to see and hear something to-day of the great educational experiment which has been conducted in the Punjab University during the last few years. I say the great educational experiment, because many of you, no doubt, are better able than I am to call to mind the difficulties and searchings of heart with which this University was called into existence; and I do not suppose that any of us, whatever may be our feelings to-day, will go so far as to say that those by whom such doubts were felt were altogether unreasonable in pausing before they committed themselves to the view that the time had come for founding a separate University in the Punjab, or that those special studies, which it was the desire of your founders to recognize most conspicuously here, deserved to the full that amount of recognition it was intended to accord to them. I think, however, that you will be justified in saying that the time has now come when the University has emerged from the region of those doubts and difficulties and apprehensions, when its position has become clear and defined, and when you may look forward with something like assurance to its establishing for itself, and permanently retaining, an honorable and conspicuous position in the educational system of British India. If I may be allowed to say in one word what are my own feelings on this subject, I would say this—I have always been one of those who, in regard to education, and particularly higher education, were in favour of preserving as far as possible distinctive characteristics and types. When we come to consider the position of the Punjab, I think the distinguished men who desired to give to it a University of its own were amply justified in their aspirations. The Punjab, unless I am mistaken, is a Province the area of which approaches more or less approximately to the whole kingdom of Italy, even if we exclude the territory of the Native States. You have a population of twenty million souls, and amongst that population you include races of very many remarkable and admirable qualities, and I therefore cannot help thinking that when the founders of this University desired, as they did, that the higher education of the Province should stand by itself, that your colleges should not be included within the trammels of a more or less mechanical system applicable to the whole of Northern India, and wanting in local colour, I cannot help thinking their view was a just and reasonable one. I am sure you will allow me to add that when this view is accepted, as I believe it is by you, you enter at the same time under a heavy obligation to ensure that your distinctive system in this University shall be one in no wise inferior to the system of education accepted and adopted in the other Universities of India. I would be inclined to compare your position with that which is filled in the educational system of the old country by our Scotch Universities. They have a distinct position in the system of the United Kingdom. Their degrees cannot be estimated in the terms of an Oxford or Cambridge degree, but a Scotch degree is current educational coin; it is for the holder of it a kind of intellectual passport, and so I hope your Punjab degree

will be current intellectual coin in every part of India. Then, Mr. Vice-Chancellor, I think the founders of this University are entitled to our respect for insisting on giving to Oriental studies a permanent and conspicuous place. As an Englishman, nothing would pain or shock me more than to feel that by imposing on this country our own mode of education, and to some extent the use of our own language, we are obliterating the culture which was indigenous to the soil; and I, therefore, am glad to know that in this part of India an effort was made to retain for purely Oriental culture an honorable and respected place. But here again, I think, we should add that this must be said with the reservation that the methods of study to be pursued in connection with your Oriental work must be methods not less valuable as intellectual discipline than the methods pursued in connection with our Western studies, and I am very glad to learn from the few inquiries I have been able to make since I came here, that the tendency of those changes which have recently taken place here, have been in the direction of affording to your students an opportunity of studying the English language and English literature as auxillary to their Oriental studies. Because, gentlemen, we must remember that the English language will be valuable to you not merely as any foreign language might be, but also because it is the key by which you can unlock the stores of knowledge which are accumulated in the literature of the West; therefore I am glad to know that so many of you have expressed the desire to take up Oriental subjects in connection with Western methods and with the study of the Indian language. Mr. Vice-Chancellor, I hope we may look forward to a brilliant and honorable career for this University, and I am quite sure that nothing will more contribute to that end than the support which you have received, and which I hope you will continue to receive, from the leaders of public opinion in this country—from the Native Chiefs and gentlemen whose position gives them an opportunity of influencing for better or for worse the fortunes of such an institution as this. I cannot refer to this subject without expressing the great pleasure which it gave me to visit, in company with His Honor the Chancellor of the University, that admirable institution—the Aitchison College; and to see there a number of youths connected with the best families in this province pursuing their studies under conditions that are most agreeable and advantageous to them, and I trust that it may result from the efforts which have been made in this direction, and from the manner in which this University has been supported by native gentlemen of high position, I trust, it may come to pass in time that ignorance and prejudice will come to be regarded by the leaders of public opinion in this part of India as a national disgrace. Now, Mr. Vice-Chancellor, one is naturally inclined, upon an occasion like this, to follow up a theme of this kind, and to enlarge upon the enormous advantages which are likely to accrue from the spread of University education. I do not propose to do anything of the kind this morning. I am going to say one word, not in that sense, but treating the question from a somewhat different point of view. Since I have been in India I have been very much struck by the fact that the people of this country are inclined not to underestimate what they have a right to expect from the spread of higher education, but to expect almost too much from it. Let me explain my meaning in a few words. I have frequently noticed that complaints are made because our youths when they have been educated at school and college find it not so easy as they expected to obtain a University degree, and therefore there arises a clamour and agitation for a lowering of the standard of the University examinations. It is not suggested that the students should increase their own proficiency, but, on the contrary, that the examinations should be made easier. Then there is another point of dissatisfaction to which public expression is frequently given. Complaints are made that your young men, after having obtained their University degree, find great difficulty in obtaining suitable employment after they cease to be students. Again there is a third complaint which is frequently made, I mean that in the colleges and universities sufficient attention is not paid to what is spoken of as moral training, and that the course of education tends, perhaps, to improve the intellectual qualities of those who follow it, but results in weakening instead of strengthening the moral fibre of the students. Now, gentlemen, when I refer to these points I hope you will not think I am wanting in sympathy with those who make these complaints. I am myself an old school and university student, and I can well remember that examination papers often appeared to us unreasonably difficult. But I do not think we ever conducted an agitation for a general lowering of the standard. With us it generally took the form of a profound belief that some evil Nemesis had prompted the examiners to put questions in that particular branch of the subject which by a strange coincidence we happened not to have studied. Allow me to express my earnest hope that the students and their friends and the public will not exercise pressure with the object of unduly lowering the standard aimed at in your examinations here. Then in regard to the disappointment experienced by our students in their failure to find suitable employment after they leave college, to speak quite frankly with you, I am afraid that a feeling of disappointment is one not likely to diminish as time goes on. Every year the number of young Indian gentlemen who go out into the world with a University degree will steadily increase, and I am afraid there will be no corresponding increase in the number of appointments open to them. In the public service

the number of appointments which are now open to gentlemen born in this country is, compared with the total number of graduates, infinitesimally small. But even if we assume that every appointment in the service was thrown open to Indian students, the number would bear a very small and insignificant proportion to the number of lads who ten years hence will be passing out into the world with a University degree. I know it is a great deal to ask you to look upon knowledge as a thing valuable in itself, but still I trust, the time will come when students and their friends will come to look upon the possession of knowledge, and upon the intellectual discipline which is obtained by close and careful study as things desirable in themselves, and that they will realize that there is no occupation so humble, no duty in life, however apparently insignificant, which will not be better performed by a mind which has undergone that discipline. And now, gentlemen, I will say one word on the third ground of complaint, and it is that to which I must say I listen with most sympathy of all. It is a sort of cry of despair which was expressed the other day in some well-chosen words within an Indian newspaper which were as follows:—

"What sort of education is that which only would force the brain and consider the heart and soul of no account?"—Now, gentlemen, I deeply sympathise with those who hold these feelings, and yet, although I am quite sure that those who are connected with the University do their duty to the best of their ability in regard to moral training of their students, I am constrained to express my own belief, that, if you were to regard the colleges and universities of this country as solely responsible for the moral training of young men, you are foredoomed to disappointment. Whether moral training be associated with religious sanctions or with the attempt to teach dogmatic theology, I do not believe that you can, here or elsewhere, teach morality in the same way as you teach science or history or law; and I am sure that those who have been educated at our own Universities at home will bear me out when I say that in the University it is not to lectures in Ethics or to theological education that we look for strengthening the moral fibre of our young men in England: it is on agencies other than these that we depend in England, and it is on agencies other than these that I believe you must depend here in India. For that kind of training we have to look in the first place to the personal example of the teachers to whose guidance mainly we have to trust and not less to the general tone and feeling among the students, particularly among the senior students and those who have an opportunity of setting an example to the rest. We have to look again to the surroundings which our young men meet with in their own families and at home, and last of all we have to look to the tone of public opinion in this country. Schools and colleges are little worlds of their own, and we very often find reflected in them, probably in an exaggerated shape, the faults and imperfections of the society which surrounds them. And if that society is lukewarm or indifferent to questions involving moral rectitude, you will find the schools and colleges will follow suit, and that the moral tone obtaining in them will be a low moral tone. I have detained you for a moment on these points, because it seems to me that it would be a very serious misfortune if owing to any shortcomings in regard to the moral training of our students, judgment were to go against our colleges and universities as if they were responsible for the result. The qualities of purity and modesty, respect for authority, whether in the family or the State, all these are qualities which your tutors and professors will inculcate in vain unless they are supported by the great body of public opinion outside. And, therefore, it is for the leaders of public opinion in India, for the men of light and learning, for chiefs and rulers of this country, it is for them to see that a high standard of morality is observed, and that the efforts of the Government of India for the education of its youth are ably seconded by their own efforts in the same direction. Your Honor, I have only to reiterate my acknowledgment of the distinction you have conferred upon me this day. I shall always preserve an agreeable recollection of my introduction to this University, of my meeting with those gentlemen who are responsible for the guidance of the University's affairs, and of my introduction to a large number of its students, many of whom I beg to congratulate upon the success they have obtained to-day. And if it should ever be in my power to be of any assistance to the Punjab University, it will be a source of sincere pleasure to me to co-operate with you to the best of my ability.'

At the conclusion of the address the Chancellor declared the Convocation closed.

His Excellency the Patron then took his departure, being conducted to the entrance of the Government College Hall, in the same order as was observed on his arrival, by the Chancellor, Vice-Chancellor and Fellows of the University.

The proceedings then terminated by the departure of His Honor the Chancellor.

RULES.

If court orders preparation, notice to issue to appellant to make deposit.

2. If the court orders the preparation of a printed record, the Registrar shall, as soon as may be, give the appellant notice thereof in writing, and require him to deposit, within one month of the receipt of the notice, such sum on account of the expenses of preparing the printed record, in the manner hereinafter prescribed, as may,

under the circumstances of the case, appear reasonable with regard to the rates prescribed in the Schedule A, hereunto annexed.

Estimate of cost to be furnished if applied for.

Provided that, upon the application of the appellant, if made within three days from the receipt of such notice and accompanied by the prescribed fee, an estimate of the amount required to defray the expense of translating, transcribing, indexing and printing the copy of the record of the suit, shall be prepared, under the orders of the Registrar, within fourteen days of such application, and delivered to the appellant. The amount so estimated shall be deposited within one month of the delivery of the estimate.

List of documents to be prepared.

3. Upon the required deposit being made, a detailed list of documents, in the form prescribed in Rule 4, shall be prepared, under the orders of the Registrar, within fourteen days from the date of the deposit. In cases of doubt the Registrar shall determine what particular portion of the record constitutes a separate document for the purposes of such list.

Contents and form of list.

4. The list shall enumerate consecutively all the documents in the record of the suit, except those in File B, and shall consist of two parts, with a column for showing, as to each document, whether it is to be transcribed and printed, or omitted. The list shall be made in two parts. Part I shall comprise every document of any of the descriptions mentioned in the Schedule B hereunto annexed, and every such document shall be entered as to be transcribed and printed. Part II shall comprise all the remaining documents in File A, and every such document shall be entered as to be omitted.

Copy of the list to be sent to both parties.

5. A copy of the list shall be forwarded to the appellant and to the respondent, with a notice in writing calling attention to these rules, and intimating that the arguments at the hearing of the appeal will be restricted to the documents comprised in the printed record.

Parties may apply for omission or inclusion (as the case may be) of any document.

6. It shall be competent to either party, within fourteen days of receipt of the copy of such list, to indicate either on the copy supplied, or otherwise in writing (such copy or writing to be delivered to the Registrar)—

(a) any document in Part I of the list which he desires to be omitted from the printed record; and

(b) any document in Part II of the list, or in File B, which he desires to have included in the printed record.

Agreement of parties. Order of court, when required.

7. If the parties concur as to the additional documents to be included in the printed record, their agreement shall be accepted; but no document in Part II of the list, or in File B, shall, without such concurrence, be added, and no document in Part I of the list shall be omitted, except by an order of the court.

Cost of printing additional documents, by whom to be paid.

8. When any document, other than those described in Schedule B, is added to the printed record at the request of one party only, it shall be competent to the court to direct that such party shall deposit, within a specified time, the amount required to defray the additional expense to be incurred in consequence of such addition, and such amount may, by the final order on the appeal, be excluded from the costs of the appeal.

Further deposit to cover cost.

9. If the deposit required under Rule 2 or Rule 8 prove insufficient to cover the cost at the rates prescribed in Schedule A, the Registrar may, by a notice in writing, require that such further deposit as seems to him necessary, shall be made within a time to be specified in such notice.

10. All documents to be included in the printed record which are not originally in the English language, and which have not already been translated for the use of the lower court or of the Chief Court, shall be translated, under the orders of the Registrar, and all such translations shall be revised and authenticated by the Head Translator, or such other person as the Registrar may appoint.

Arrangement of the record and index.

11. When the list has been settled, and all necessary translations have been made, the record will be arranged, transcribed and printed under the orders of the Registrar.

*12. The printed record shall be arranged in such manner as the Court may from time to time by general order or by special order direct:

A complete chronological index of all the papers in File A of the record (whether included in the printed record or not), and of the documents, if any, on File B, which have been included in the printed record, shall be prepared. The index shall contain a column showing which papers of File A have been omitted from the printed record.

Arrangement of the record and index.

14. If the appellant fails to make, within the time allowed, the original or supplementary deposit required by Rule 2, Rule 8 or Rule 9, the matter shall be referred for the orders of the court. When any such reference is made, the Registrar shall issue notice to the appellant, calling upon him to show cause, on a date to be specified in the notice, why an order should not be made postponing the hearing of the appeal *sine die*, or otherwise dealing with it as to the court may seem proper.

Procedure to be followed in consequence of failure to make deposit.

If either party fail to make, within the time allowed, the original or supplementary deposit ordered or required under Rule 8 or Rule 9, the matter shall be similarly referred, and the court may order that the document or documents in respect of which the default has been made shall be omitted from the printed record, or may pass such other order as the court may deem proper.

15. The period fixed by these rules for the doing by a party of any act towards the preparation of the printed record may, on cause being shown, be enlarged by an order of court, either before or after the period so fixed has expired. The period for the preparation of the printed record in its various stages shall be fixed, and may be enlarged from time to time by order of the Registrar.

Time allowed by rules may be enlarged on cause shown.

16. On the completion of the printed record a bill of charges shall be prepared at such rates as the court may, from time to time, by order in that behalf direct, not exceeding the rates specified in Schedule A, hereunto annexed. Such bill shall be passed by the Registrar, and shall be placed upon the record of the case. The cost of any additional document included under Rule 8 shall be shown separately in such bill.

Bill of charges to be prepared on completion of printed record.

17. On the bill shall be noted the total amount deposited by any party under Rules 2, 8 and 9, and the excess deposited, if any, shall, under the orders of the Registrar, be refunded. Should the actual cost of the printed record, at the rates allowed by these rules, exceed the amount of the deposit, the Registrar will report the matter to the court forthwith for orders before the hearing of the appeal.

Return of excess and recovery of deficient amount.

18. A copy of the bill of charges may be supplied to either party applying for the same.

Fee levied to be noted on the cover of every printed record.

23. In case of doubt or dispute, the manner of applying these rules in any particular to several appellants, or several respondents, or to cross-appeals or an appeal where a cross-objection is presented, shall be determined by order of the court.

In case of dispute, court to decide.

24. The Registrar may, in his discretion, and, if so required by either party, by petition duly stamped, shall refer to the court any matter not herein expressly required to be referred; and may also, under orders of the court, depute any of the duties which devolve on him under these rules to the Deputy Registrar or other officer of the court.

Proceedings of a Meeting of the Senate held in the Senate Hall, Lahore, on Tuesday, the 17th June 1890, *at* 10-30 *A. M.*

PRESENT:

Shaikh Nának Bakhsh.
Pandit Guru Prasada, M. M.
Muhammad Husain Khán, Khán Bahádur.
M. A. Stein, Esquire, Ph. D., *Registrar.*
Bábu Chandra Nath Mittra, *Assistant Registrar.*

1. The Registrar laid on the table the proxy papers received from absent members. These were read aloud to the Meeting by the Vice-Chancellor in connection with each proposal

2. The first proposal by the Syndicate was then read—

> That the scheme as to the subjects, text-books and marks for the Entrance Examination in Science as approved by the Syndicate (*vide* paragraph 1 of the Syndicate Proceedings, dated 30th November 1889) be sanctioned.

Mr. Oman drew the attention of the Meeting to the fact that the text-book proposed in Chemistry (Roscoe's Chemistry, Inorganic Portion) for the Entrance Examination in Science, for which candidates would have to be prepared in High Schools, was identical with that prescribed at present for the B. A. Examination, and also pointed out that in Zoology the proposed scheme of studies contained a text-book of greater difficulty than that laid down for the Intermediate Examination. After some discussion Mr. Oman proposed, and Bábu P. C. Chatterji seconded, "that the scheme for the Entrance Examination in Science be referred back to the Science Faculty for further consideration, with reference to the selection of text-books in Chemistry and Zoology."

This amended proposal was then put to the vote from the Chair and carried.

3. The next proposal was—

> That Lála Rámji Dás, of the Public Works Accounts, be appointed Auditor of the University Accounts, with effect from 30th July 1889 (*vide* paragraph 4 of the Syndicate Proceedings, dated 30th November 1889).

The Vice-Chancellor explained that this appointment became necessary owing to Colonel Lambert having expressed his inability to accept a re-appointment as University Auditor.

The proposal was then agreed to without discussion.

4. The next proposal was then read—

That the present Inspector of Schools, Jullundur Circle (Lála Pyáre Lál), and Sardár Dharm Singh be nominated as Members to represent the Senate on the Punjab Text-Book Committee in place of Mr. F. C. Channing (gone on furlough) and Maulawi Muhammad Husain Azad (incapacitated by illness) (*vide* paragraph 8 of the Syndicate Proceedings, dated 30th November 1889).

The Vice-Chancellor mentioned in connection with this proposal that Mr. Channing had, since the Syndicate had made the above recommendation, returned to India; and Bábu P. C. Chatterji proposed, and Shaikh Nának Bakhsh seconded, an amendment to the effect "that the name of Mr. Channing be retained as that of a Member to represent the Senate on the Text-Book Committee and that the present Inspector of Schools (Lála Pyáre Lál), Jullundur Circle, be nominated in place of Maulawi Muhammad Husain Azad on the same Committee.

This amendment was put to the vote and carried unanimously.

5. The Vice-Chancellor in laying the next proposal—

That the list of Superintendents for Arts, Oriental, Vernacular languages, and Engineering Examinations for 1890 (*vide* paragraph 1 of the Proceedings of the Syndicate, dated 5th February) be approved,

before the Meeting, pointed out that this as well as the following two proposals now came up merely for formal sanction, as the Examinations in question had already taken place. The proposal was then passed without discussion (*see* Appendix I).

6. The next proposal—

(*a*) That the list of Oral Examiners in English and Physical Science for the various Arts Examinations for 1890 (*vide* paragraph 2 of the Proceedings of the Syndicate, dated 5th February 1890) be approved;

(*b*) That the list of Examiners for the Oriental Titles Examinations for 1890, as recommended in paragraph 6 of the Proceedings of Syndicate, dated 5th February 1890, be sanctioned,

was also agreed to (*see* Appendices II and III).

7. The sixth proposal was—

That the following nomination of Examiners in the place of those who had declined to act for the Arts, Oriental Titles and Medical Examinations for 1890 be sanctioned :—

Examination.	Subject.	Paper.	Name of Examiner.
B. A. ...	English ...	I ...	Revd. C. A. Dobson, St. Xavier's College, Calcutta.
...	History ...	I, II ...	G. A. Stack, Esq., Presidency College, Calcutta.
B. O. L. ...	Arabic ...	I, II ...	Maulawi Muhammad Shibli, M. A. O. College, Aligarh.
Entrance ...	Urdu ...	I ...	Lála Munshi Lál, M. A., Head Master, Normal School, Lahore.
First Examination for L. M. S.	Materia Medica ...	Oral ...	Dr. J. A. Cunningham, Civil Surgeon, Amritsar.
	Physiology ...	Written ...	Dr. Cunningham of Calcutta.
	Chemistry ...	Oral ...	Dr. J. H. Orbison.
	Zoology ...	" ...	Dr. D. St. J. D. Grant, Civil Surgeon, Jullundur.
	Physiology ...	" ...	Ditto ditto.
Second Examination for L. M. S.	Medicine ...	Written ...	Dr. Hughes, Professor, Grant College, Bombay.

This was accepted by the Meeting without discussion.

8. The seventh proposal was—

That the following rule be accepted with regard to the award of the Arnold Gold Medal :—"That when two or more candidates have obtained equal marks, the Medal should be awarded to the youngest candidate." (Paragraph 22, Proceedings of Syndicate, dated 5th February 1890).

The Vice-Chancellor stated that the advisability of such a rule had been suggested by

the Punjab Government, in view of the fact that in 1889 the two successful M. A. candidates had obtained the same number of marks.

The proposal of the Syndicate was then passed.

9. The next proposal was—

> That the action of the Syndicate upon the report of the Government Auditor (Accountant-General, Punjab) on the annual audit of the University Accounts for the year ending 31st December 1888, be approved (*vide* paragraph 2 of the Proceedings of the Syndicate, dated 22nd March 1890).

The Vice-Chancellor explained in detail the remarks contained in the above Proceedings of the Syndicate (*see* Appendix IV), and brought to the special notice of the Senate that the work of adjusting the accounts of the various Trusts and ascertaining the amount due to them from the General Endowment balance, upon the necessity of which great stress had been laid by the Government Auditor, had already been carried out by the Sub-Committee consisting of himself and the Assistant Registrar, who had been nominated in paragraph 2 of the Syndicate Proceedings. As, however, the Report of the Sub-Committee had not yet been passed by the Syndicate, he could not ask the Senate to consider formally its recommendations.

The proposed Resolution was then passed (*see* Appendix IV).

10. The ninth proposal was—

> That the form of License in Medicine and Surgery, proposed by the Medical Faculty, and accepted by the Syndicate (*vide* paragraph 10 of the Proceedings, dated 22nd March 1890), be approved, and submitted to Government with reference to letter No. 91, dated 22nd February 1890, from Secretary to Government, Punjab.

The Vice-Chancellor having explained the formal changes in the form of License, which had been suggested by the Government of India in order to meet the requirements made by Foreign States regarding the Diplomas of Medical Practitioners, the meeting unanimously adopted the above proposal (*see* Appendix V).

11. That the Budget of the University for 1890 (*vide* paragraph 1 of the Proceedings of the Syndicate, dated 28th March, and paragraph 15, dated 27th May 1890) be sanctioned.

In laying the Budget, 1890, before the Meeting, the Vice-Chancellor expressed his pleasure at being able to announce that the Punjab Government, in reply to an application made on behalf of the Syndicate, had sanctioned an additional grant of Rs. 3,120 per annum to meet the expenditure incurred by the Oriental College on instruction in Oriental languages of the students of the Lahore Government College, who attend the Oriental College for that purpose. As this grant would be received for two quarters in the current year it would be possible to reduce the University Allotment to the Oriental College (Expenditure Head A.) by Rs. 1,560 in the present and by Rs. 3,120 in the succeeding years. He also expressed a strong hope that the Punjab Government would see their way to agree to the Syndicate's application for a special grant for the Law School, which at present constitutes a heavy burden on the University funds, especially as institutions of the same character receive substantial subsidies from Government in other Provinces. With these contributions, it was hoped, it would be possible to ensure the equilibrium of receipts and expenditure in next year's Budget, even after repayment from the balance of the funded account of the amounts reported to be due to the individual Trust Funds by the Sub-Committee above referred to.

The Vice-Chancellor also indicated the items of expenditure for which supplementary provision had been thought necessary by the Syndicate (Proceedings of 27th May 1890, paragraph 5) after the framing of the Budget Estimates. The Senate resolved that these items be provided for in the Budget under the respective heads, and that the proposed allotment to the Oriental College (Rs. 21,000) be reduced, for the reason stated above, by Rs. 1,560.

The Budget thus amended was then sanctioned as given in Appendix VI.

12. In connection with the next proposal—

> That the Budget of the Oriental College for 1890-91 (*vide* Syndicate Proceedings, paragraph 5 of 27th May 1890) be sanctioned,

the Vice-Chancellor pointed out that in consequence of the preceding resolution it would become necessary to reduce in the estimates of receipts, in the Oriental College Budget,

the amount shown as University allotment to the Oriental College by Rs. 1,560 and to increase proportionately the amount entered under the head of Government grant, on account of the additional grant from Government, which, being earned by the College for the tuition of Government College students, should also be credited directly to the Oriental College account.

After the Vice-Chancellor had explained the reasons for the slight changes under the various heads of expenditure, the Oriental College Budget for 1890-91 was sanctioned as shown in Appendix VII.

13. In putting forward the next proposal, *viz.*—

That the following proposals of the Syndicate (*vide* paragraph 3 of the Proceedings, dated 28th March 1890) be sanctioned—

1. "That the period of two years for which Dr. Stein was appointed to the combined posts of Registrar of the Punjab University and Principal of the Oriental College, under Resolution of the Senate of the 3rd November 1888, having expired, it be resolved that Dr. Stein be re-appointed from the 24th October 1890, and that, in accordance with the terms previously sanctioned by the Senate in the said Resolution, the salary of Dr. Stein be raised from 24th October 1890, as follows :—

"(*a*) From 24th October 1890 to 23rd October 1891, by Rs. 100 per mensem ;

"(*b*) From 24th October 1891 to 23rd October 1892, by Rs. 50 per mensem ;

"(*c*) From 24th October 1892 to 23rd October 1893, by Rs. 50 per mensem ;

"(*d*) From 24th October 1893 to Rs. 1,000 per mensem ;

2. "And that provision be made in the Budget of the present and future years accordingly,"

the Vice-Chancellor spoke in high terms of the way in which Dr. Stein had conducted the duties of the Principal of the Oriental College and of the Registrar of the University, remarking on the success the Oriental College, under Dr. Stein's management, had achieved in the various examinations, the efficient and satisfactory manner in which all the examinations of the University had been carried out by Dr. Stein during the last two years without the least flaw, and the promptitude with which the results of all examinations had been notified.

The Vice-Chancellor then read paragraph 2 of the Proceedings of the Senate, dated 3rd November 1888, relating to the appointment of Dr. Stein, as also his letter to Sir W. Muir in which the terms of the appointment were given. After some discussion, in the course of which the Accountant-General pointed out that in Government service officers ordinarily attain the maximum salary of their grades in five years by annual increments, and Barkat Ali Khán, Khán Bahádur, confirmed what the Vice-Chancellor had said in regard to the way in which Dr. Stein had performed his duties, Dr. Browne expressed his desire that a statement, which he delivered in writing, should be recorded to the following effect :—" With reference to proposal No. XII of the Syndicate it appears to me that the Senate is bound by its previous Resolution on the subject, and is therefore not in a position to discuss the subject as an independent question. I further wish to record my opinion that the present is an unfortunate time for an increase in the cost of establishment, seeing that the University Budget for the year shows a deficit."

The Vice-Chancellor here pointed out that it was absolutely necessary to bring the motion forward now, as the period of two years for which Dr. Stein was appointed under Resolution of 3rd November 1888 would expire on the 23rd October 1890, and it was necessary to provide for the increase in the Budget under discussion.

The original proposal of the Syndicate, with the addition of the words "under Rule 34" after the word "re-appointed" was then put to the vote and carried.

14. In connection with the above, the Vice-Chancellor moved the following Resolution :—

That leave of absence, from 1st July to the close of the annual vacation, to proceed to Europe, be granted to Dr. Stein, Registrar of the University and Principal of the Oriental College, and that the rule regarding the grant of leave to the Registrar be so modified as to admit of his availing himself of it. And that the Assistant Registrar should officiate as Registrar during the period without any extra allowance.

Some of the European members expressed their opinion that as a matter of principle some allowance should be given to the Assistant Registrar, upon which the Vice-Chancellor pointed out that since Dr. Stein had none of the advantages of Government employment, either as regards prospects of promotion to higher grades of service or of pension, it was but fair that he should have the leave without forfeiture of any portion of his salary. And as all the examinations of the year were over and only ordinary routine office work would be done during the vacation, and, moreover, as the Assistant Registrar had himself voluntarily offered to act without any extra remuneration, the leave to Dr. Stein could well be granted without any inconvenience or cost to the University. The amendment proposed by Mr. Rodgers, and seconded by Dr. Charles, "that the Assistant Registrar should receive a monthly allowance of Rs. 50 during the period he officiates as Registrar," was then put to the meeting and lost. A second amendment brought forward by Dr. Orbison, and supported by Mr. Gilbertson, to the effect "that the Assistant Registrar should receive Rs. 50 during the month of July" was then put to the meeting and was also lost.

The following Resolutions were then passed :—

(*a*) "That paragraph 35, page 49 of the Calendar of 1889-90, regarding the grant of leave to the Registrar, be modified as follows :—

"35. It shall be competent to the Syndicate, at their discretion, to grant leave of absence for short periods to the Registrar, when such leave can be granted without inconvenience or extra expense. But in no case shall the Syndicate grant leave of absence beyond the ordinary vacation without the sanction of the Senate, and in no case shall the Registrar be allowed leave for a longer period than four months after two years' service, including vacations."

EXPLANATION.—Under this rule vacation means from 1st August to 15th October.

(*b*) "That in anticipation of the Government sanction to the above amended rules, leave of absence, from 1st July 1890 to the close of the annual vacation, to proceed to Europe, be granted to Dr. Stein, Registrar of the University and Principal of the Oriental College. And that the Assistant Registrar be appointed to officiate as Registrar during the above period without any extra allowance, as he had volunteered to do."

15. The next proposal was—

That the undermentioned Fellows newly appointed by His Honor the Chancellor be nominated to the different Faculties entered against their names in the following list (*vide* paragraph 3 of the Proceedings of the Syndicate, dated 22nd March 1890) :—

	Name of Fellow.	Faculty.					
1	Sardár Dharm Singh	O	...	...	...	...	E
2	T. R. Mulroney, Esquire, M. D.	...	...	...	S	M	...

4	Muhammad Ikrám-ulla Khán	O	...	...	...	...	...
5	Revd. J. H. Orbison, M. D.	...	A	...	S	M	...
6	Revd. H. C. Velte, M. A.	O	A	...	...	...	...
7	J. G. Gilbertson, Esquire, M. A.	...	A	...	S	...	...

9	Sheikh Amir Ali, B. A.	O*	A	L	...	...	...
10	J. C Oman, Esquire	...	A	...	S	...	...

This was passed unanimously.

16. The next proposal was—

That the courses of Reading in English for 1892 and in Oriental languages for 1892 and 1893 for the Intermediate and Degree Examinations of the Arts and Oriental Faculties, and the courses of Reading for the Oriental Titles Examinations of 1892 and 1893, as recommended by the Syndicate (*vide* paragraphs 1 and 2 of the Proceedings, dated 8th May), be sanctioned.

The Vice-Chancellor having explained the few changes in the courses of Reading recommended by the Syndicate, the proposal was put to the vote and carried (*see* Appendix VIII).

17. In laying the next proposal—

That the recommendations of the Syndicate regarding the pass percentages and standards of the Middle School, Arts and Oriental Examinations (*vide* paragraph 3 of the Proceedings of the Syndicate, dated 8th May 1890) be sanctioned,

before the Meeting, the Vice-Chancellor referred in detail to the important questions which had been raised by the recommendations of the Educational Conference of 1890, regarding the University Examination standards and which had been dealt with at length in his Memorandum of the 23rd January 1890. The Vice-Chancellor then proceeded to explain the principles upon which a modified scheme had been drawn up by the Sub-Committee of the Arts Faculty of which he had been the President. This scheme which had been approved by the Arts Faculty in its Meeting of the 3rd March had then been passed by a Special Committee of the Syndicate, which also recommended corresponding modifications with regard to the Examinations of the Oriental Faculty. The Syndicate had subsequently adopted these recommendations, which, he thought, while still preserving standards for examination which were still higher than those in force in other Indian Universities, were, at the same time, calculated to facilitate, to a certain extent, the admission of students to University studies. He drew special attention to the proposed change in the B. A. Examination, by which an alternative course had been provided, thus securing greater elasticity to the Examination by enabling students to devote themselves to a more thorough study of their own special subjects.

In the discussion which followed, Mr. Rodgers pleaded the advisability of retaining 50 per cent. as pass marks in composition at the M. A. Examination. The Principal, Medical College (Dr. S. H. Browne), expressed himself against the lowering of the pass standard for the Entrance Examination with special regard to its importance as the test of admission to the Medical College. Dr. Orbison recommended the proposals of the Syndicate with a view to the advantages afforded by an increase of the number of College students and with regard to the physical strain to which candidates of a comparatively tender age are put by the present higher pass standards of the Entrance Examination.

Mr. Rodgers then proposed, and Dr. Browne seconded, an amendment that an aggregate of 40 per cent. be required as pass marks in the B. A. Examination besides 40 per cent. in fixed and 33 per cent. in other subjects. This amendment was put to the vote and lost.

Lála Madan Gopál then proposed, and Dr. Orbison seconded, an amendment, that 50 per cent. be required as pass marks in the M. A. Examination in composition. This was also rejected.

The original Resolution was then put from the Chair and carried (*see* Appendix IX).

18. The next proposal—

That the thanks of the Senate be conveyed to His Highness the Mahárája of Patiála for his donation of Rs. 3,000 on account of the foundation of the Sime-Patiála Gold Medal, and that the rules for the award of the Medal, as accepted by His Highness the Mahárája and the Syndicate (*vide* paragraph 7 of the Proceedings, dated 27th May 1890), be sanctioned,

was then read and passed without discussion (*see* Appendix X).

19. The seventeenth proposal was—

That the rules for the award of the Gilchrist Scholarships, and the action regarding the Draft Scheme of Gilchrist Trustees, as proposed by the Syndicate (*vide* paragraph 4 of Proceedings, dated 8th May 1890), be approved.

The Vice-Chancellor having stated that the rules for the award of the Gilchrist Scholarships had been drawn up in close conformity with those already in force for the State Scholarships tenable in England, the above proposal was carried without discussion (*see* Appendix XI).

20. In connection with the next proposal—

That the Statistical Report of the Oriental College for the year 1889-90, as adopted by the Syndicate (*vide* paragraph 5 (*c*) of the Proceedings, dated 27th May 1890), be accepted,

the Vice-Chancellor called the attention of the Meeting to the remarks of the Oriental College Committee accompanying the Report in which the favourable results obtained by the College in the University Examinations of 1890 and the increase in the number of students reading without scholarships or stipends were specially noticed.

The Statistical Report of the Oriental College for 1889-90 was then accepted (*see* Appendix XII).

21. The following proposal—

That Colonel William Rice Morland Holroyd, of the Bengal Staff Corps, Director of Public Instruction, Punjab, and Fellow of the University of the Punjab, is, by reason of eminent position and attainments, a fit and proper person to receive the Degree of Doctor of Oriental Learning, and that under the provisions of Section 16 of the Punjab University Act, the said Degree be conferred upon him *honoris causâ*,

after some remarks from the Vice-Chancellor, who referred to what he had already stated in the Syndicate regarding this proposal (*see* Proceedings of 27th May 1890, paragraph 1), and who emphasized the great progress which the cause of education in the Punjab owed to Colonel Holroyd's administration of his Department, was passed unanimously by the Meeting.

22. The next proposal was—

That under paragraph 14 of the Act of Incorporation of the Punjab University, the sanction of the Governor-General in Council be obtained to empower the Senate to grant the Degrees of Bachelor and Doctor of Laws to all persons who shall pass the examinations and fulfil the conditions that may be prescribed under the said Act.

The Vice-Chancellor remarked in support of this proposal that the Law School maintained by the Punjab University would, he thought, bear very fair comparison, both in regard to the scope and character of the teaching imparted, with similar institutions in other Provinces, the Universities of which had already for some time past exercised the power which it was now proposed to apply for on behalf of the Punjab University.

He also referred to the standard of pass marks in force in the various Law Examinations of the Punjab University, which was considerably higher than that prevailing elsewhere, and to the danger that unless Law students in the Punjab were allowed to look forward to the honor of a Law Degree in the local University, the Law School would soon fail to attract students at all. Having regard to these facts, and to the necessity of maintaining an independent Law School in the Punjab, where the Laws prevailing were widely different from those prevailing elsewhere, and to the period which had elapsed since the University was created, he believed that the Senate would agree with him in thinking that the time had arrived when the University might well ask to be trusted to grant Degrees in Law as in the other Faculties.

The Meeting endorsed this opinion and passed unanimously the Resolution as given above.

23. The next proposal—

That Rái Bahádur Ganga Rám, Executive Engineer, be appointed Examiner in the first examination for Civil Engineering,

was then read and passed.

24. The next proposal was—

That the scheme for the Clerical and Commercial Examination, as approved by the Syndicate, be sanctioned.

With reference to this proposal the Vice-Chancellor called attention to the fact that the scheme had been drawn up with regard to certain suggestions of the Government of India communicated in letter No. 98, dated 9th February 1889, from the Under-Secretary to Government, Punjab, Home (Education) Department.

The Vice-Chancellor also stated that the details of this scheme had been drawn up in consultation with the Punjab Text-Book Committee on the basis of the plan adopted by the Syndicate in its Meeting of the 1st May 1889 (*see* Proceedings, paragraph 1).

After these explanations the Meeting sanctioned the above proposal (*see* Appendix XIII).

25. The twenty-fourth proposal of the Syndicate was—

That the Senate is of opinion that no lady should be allowed to take the Degree of M.D. of the Punjab University without having first obtained the Degree of B.A. of this or some other recognized University. (*See* Syndicate Proceedings of 23rd February 1889, paragraph 8, with reference to letter of Punjab Government, No. 424, dated 16th August 1887.)

With reference to this proposal, the consideration of which had been postponed by the Senate Meeting of the 20th November 1889, it was explained by the Vice-Chancellor that it originated in the opinion expressed by the Medical Faculty in its Meeting of the 27th November 1888 (paragraph 4) in reply to an enquiry of the Punjab Government regarding certain proposals made with the object of facilitating the Medical studies of ladies desiring to complete their course of instruction in India.

After a short discussion Mr. Shirreff proposed, and Dr. Browne seconded, a verbal amendment as follows:—

"That the Senate is of opinion that ladies should not be exempted from the rule requiring candidates for the M. D. Degree to obtain first the Degree of B. A. in this or some other University."

The proposal in this amended form was then put to the vote and carried unanimously.

26. The last proposal by the Syndicate was—

That application be made to the General Medical Council, London, to have the possessors of Degrees and Licenses in Medicine of the Punjab University admitted to the General Medical Register.

The Vice-Chancellor remarked in regard to this proposal that under 49 *and* 50 *Vict. ch.* 48, *Part II*, the Registration of Diplomas, granted in any British possession, by the General Medical Council, London, is permissible, but required individual application. It appeared further that under this Statute the privilege of such registration would belong as a matter of right to the Punjab University, if other Universities which are under the same Central Legislature had already been admitted to it. It had, therefore, been thought advisable to address an enquiry on this point to the Calcutta University, but no reply had yet been received. The Vice-Chancellor accordingly suggested that the matter be referred back to the Medical Faculty for further consideration. The Principal, Medical College, having expressed his agreement to this suggestion, it was resolved unanimously that the proposal be referred to the Medical Faculty for re-consideration with reference to the provisions of the Statute of 1886, quoted by the Vice-Chancellor.

Registrar.

APPENDIX IV.

Remarks by the Syndicate on the Report of the Government Auditor (Accountant-General, Punjab) on the Accounts of the Punjab University for the year ending 31st December 1888.

THE Registrar laid before the Syndicate a letter No. 115, dated 27th January 1890, from the Under-Secretary to Government, Punjab, Revenue Department, forwarding, for the information of the Senate, copy of the Report of the Accountant-General, Punjab, on the Audit of the Annual Accounts of the University for the year ending 31st December 1888 (*see* Appendix I.)

The Syndicate thereupon considered carefully the remarks made by the Official Auditor in paragraph 5 of his Report :—

(*a*). Regarding the three temporary transfers from the Funded to Current Account which had been made in 1888, but had been repaid within the same year, the Vice-Chancellor observed that the circumstances under which the transfers had become necessary had already been fully explained to the Syndicate and Senate when the Budget for 1889 was under consideration, and that subsequently the Senate, in Resolution 4, dated 8th April 1889, had sanctioned a corresponding transfer from the savings of the General Endowment to the Current Account.

(b) With regard to the consolidated Balance Sheet, which could not be prepared in the absence of a prescribed form, it was resolved that the Accountant-General be requested to suggest a suitable form, according to which this Balance Sheet, required by Rule 19 of the Financial Rules, could be prepared for future years.

(c) With regard to the opening out of personal ledger accounts for Trust Funds for specific objects, the Vice-Chancellor explained that the reason for the non-observance hitherto of the rule on the subject had been correctly stated by both Auditors. As the Sub-Committee appointed on the 4th February 1889 for the adjustment of the Trust Accounts had, for various reasons, but chiefly on account of the absence of its members, been unable to carry out the work, the Syndicate resolved that the Vice-Chancellor, Registrar and Assistant Registrar be appointed to form a Sub-Committee to examine the accounts of the various Endowments, to prepare the balances of the different Trust Funds, and to report thereon to the Syndicate as early as possible, in order that separate personal ledgers be opened for the various Trusts as required by the rules.

(d) It was further resolved that the rule requiring the signing of the accounts monthly by the Chairman or a Member of the Syndicate, which had not hitherto been carried into effect, be observed in future; and that

(e) The Stock Book referred to by the Government Auditor be obtained as soon as possible.

It was also resolved that the Government Auditor's Report be submitted with the above remarks to the Senate.

Copy of a letter No. 287 T. M., dated 7th January 1890, from the Accountant-General, Punjab, to the Secretary to the Government of the Punjab.

I HAVE the honor to report that I have audited the Accounts of the Punjab University for the year ending 31st December 1888 on the general lines laid down in your letter No. 1029 $\frac{\text{Home}}{\text{General}}$, dated the 28th June 1889.

2. I have caused an examination of the Vouchers and Book entries of the "Current," "Endowment," and "Oriental College" Accounts to be made, and find that the audit has generally been correct.

3. The Government grant appears to have been legitimately expended.

4. A Safe Custody Certificate has been furnished by the Bank of Bengal showing the Trust moneys in their hands on 18th December 1889, and this agreed with the balance shown in the Ledger.

5. The following financial rules have not been observed by the University officials :—

(a) Three transfers amounting to Rs. 10,500, *viz.*, in June Rs. 5,000, July Rs. 3,000, and October Rs. 2,500, appear to have been made from the Funded to Current Account without the formal orders of the Senate as required by Rule 4. These amounts were, however, repaid during the year.

(b) The annual Abstracts of Receipts and Expenditure for the three Accounts, *viz.*, "Current," "Endowment" and "Oriental College," have been prepared by the Auditor, but no consolidated Balance Sheet has been furnished as required by the latter paragraph of Rule 19, owing, it is said, to the prescribed form not being annexed as stated in the Rule.

(c) No separate Personal Ledger Accounts are kept for Trust Funds for specific objects (*vide* Rule 22, Note i); the reason, it is stated, being that after the incorporation of the University the investments remained undistributed and consolidated (*vide* Registrar's No. 379, dated 26th February 1887, to your address), and consequently in the absence of individual balances these Ledgers have not been opened. Further, that the impossibility of opening Ledgers is due to no definite Resolution having been passed by the Senate regarding the original amount to be assumed for each of the Trusts, as is stated by the Auditor.

(d) The Account Books of the University have not been signed monthly by the Chairman or by a Member of the Syndicate as required by Rule 23.

(e). No Stock Book is kept up (*vide* Rule 22, Note iii) showing the property of all descriptions and the value of such property belonging to the University. This should be remedied on an early date.

6. The Budget allotment under the three Accounts have been exceeded as follows, but the expenditure for the year has not exceeded the receipts :—

Current Account.

	Rs.	A.	P.
Remuneration to Examiners	9,707	1	9
Contingencies	40	3	9
Auditor of Accounts	150	0	0
Convocation Expenses	199	9	0

Endowment Account.

	Rs.	A.	P.
Cost of Medals	1,196	4	0

Oriental College.

	Rs.	A.	P.
General Staff and Contingencies	39	7	6

7. The financial condition of the University appears to be sound, and the Books, are carefully kept. The most serious defect is that indicated in paragraph 5 (c) above. It is doubtless the fact that some difficulty might be experienced in respect to several of the Personal Ledger Accounts, but in respect to others I do not think that any difficulty need be felt in opening Personal Ledger Accounts at once. It would indeed, in my opinion, be better for the Senate, in cases in which serious difficulty is felt, to start with the best approximate balances readily available rather than defer indefinitely so important a reform.

Home/General No. 115, dated Lahore, the 27th January 1890.

COPY forwarded to the Registrar of the Punjab University, for information of the Senate, with a request that a copy of any Resolution adopted by the Senate with reference thereto may be forwarded for the information of Government.

By order, &c.,

M. W. FENTON,

Under-Secretary to Government, Punjab, Revenue Department.

COURSES OF READING IN ORIENTAL LANGUAGES.

The Proceedings of the Oriental Faculty, dated 5th May 1890, were next considered—

With regard to the Arabic and Persian Courses of Reading for the Entrance and Intermediate Examinations of the Arts and Oriental Faculties, and for the B.A., B.O.L., M.A. and M.O.L. Examinations, the Faculty had recommended that the courses prescribed

for 1891 be retained for 1892 and 1893, with the exception that the Persian Course for the B.O L. Examination be indentical with that prescribed for papers I and II of the Munshi Fazil Examination, as required by the Regulations. This was agreed to.

(*b*). The revised Edition of the B.A. Persian Course as prepared under the directions of the Faculty was adopted for print, and the recommendations of the Faculty regarding the arrangements for printing and correcting the book, as contained in paragraph 2 of the above Proceedings, were also agreed to.

(*c*). The Faculty had adopted the proposals contained in a letter of the Principal, Oriental College, regarding modifications of the Sanskrit Courses of Reading, and recommended—

(1). That the M.A. Course in Sanskrit for 1891 be that prescribed for 1892, but that the following Hymns from the Rigveda be added to those previously prescribed :—

I. 161.

IV. 18, 24, 30, 33, 42, 50.

VII. 33, 82, 103.

X. 51, 71, 97, 108, 119.

(2). That "Whitney's Language and its Study," edited with Notes, &c., by Revd. Morris, and published by Messers. Trübner and Co., be prescribed as the text-book on Comparative Grammar for the same examination.

(3). That selections from the Vedántasútrabháshya be omitted from the list of text-books prescribed for the B.A. Examination in Sanskrit for 1892, 1893 and 1894, and that the extracts from Sayana's Rigveda Bháshya as contained in Dr. Peterson's edition of the selection of Rigveda Hymns, already prescribed in the cycle of books under head 2, be substituted for them.

The Vice-Chancellor having explained in detail the reasons for the above changes, it was resolved that the Courses of Reading in Sanskrit be modified as proposed by the Faculty.

(*d*). It was agreed to that the Courses of Reading for the Oriental Titles Examinations in 1891 be retained for 1892 and 1893.

Appendix IX.

Extract from Proceedings of Syndicate, dated 8th May 1890.

The Pro ceedings of the Sub-Committee appointed to consider the proposals of the Educational Conference regarding the University Examinations, dated 25th April 1890, were laid before the Syndicate, which resolved, after careful consideration, that the recommendations of the Sub Committee regarding the Oriental, Arts and Middle School Examinations as contained in the abovenamed Proceedings be adopted.

Messrs. Chatterji and Madan Gopál wished to record their opinion that 50 per cent. should be required as pass-marks in composition and translation in the M.A. Examination in Languages.

Proceedings of a Meeting of the Sub-Committee of Syndicate appointed to consider the proposals of the Educational Conference, regarding the University Examinations, held on Friday, 25th April, at 7 A. M.

Present:

Babu P. C. CHATTERJI.

1. The Sub Committee considered that the recommendations of the Sub-Committee of the Arts Faculty with regard to the percentages of pass-marks for University Examinations passed at a Meeting on the 3rd of March, and subsequently accepted by the Arts Faculty, should be adopted.

Mr. Chatterji wished to record his opinion that 50 per cent. pass-marks should be required for composition and translation in the M. A. Examination in languages.

2. It was considered that, as it is important that the regulations of the Oriental Faculty should correspond with those of the Arts Faculty, it would be impossible to carry out the recommendations of the Oriental Faculty passed at the Meeting held on June 30th.

It is proposed therefore to adopt the following scheme for the Oriental Examinations of the University :—

I.—For the Entrance Examination.

Compulsory Subjects :—

1. A Vernacular Language of India.
2. A Classical Language (Sanskrit or Arabic).
3. Elementary Mathematics.
4. History and Geography.

Optional Subjects :—

1. A Second Classical Language.

Pass-marks: 40 per cent. in the fixed subject and one other subject; 33 per cent. in the third subject.

IV.—For the M. O. L. Examination.

Pass-marks: 40 per cent. for composition (including essay and translation) in Languages; 33 per cent. in other papers; 50 per cent. in the aggregate.

3. For the Middle School Examination the proposals of the Educational Conference were adopted as they stand.

It was agreed to reduce the number of opitional subjects to two.

The following recommendation regarding Senior Examiners made by the Sub-Committee of the Arts Faculty in the Middle School Examination was approved :—

"That the person chosen to *set* the Examination paper in any subject shall be regarded (where there is more than one examiner) as the Senior Examiner in that subject, and that he shall be required to re-examine a sufficient number of answer papers looked over by his co-examiner or co-examiners, in order to see whether a uniform method of examination has been observed, and to direct, if necessary, any examiner to conform strictly to the method indicated ; and to revise his marks accordingly. To enable this to be carried into effect, *all* the answer papers in a subject shall be laid before the Senior Examiner, by the Registrar, before he proceeds to register the results.

Proceedings of the Sub-Committee of the Arts Faculty, Punjab University, at a Meeting, held on Monday, February 24th, 1890, and approved by the Arts Faculty on 3rd March 1890.

Present:—W. H. Rattigan, Esq., L.L.D., *Vice-Chancellor, in the Chair;* Colonel W. R. M. Holroyd; Revd. J. C. R. Ewing, M.A., D.D.; Revd. S. S. Allnutt, M.A.; E. S. Robertson, Esq., M.A.

The Sub-Committee considered the suggestions of the Educational Conference regarding the lowering of the Univerisity Examination Standards on the Arts side, and resolved unanimously to recommend that, for the future, the Stnadards and Courses of the Punjab University should be as follows :—

APPENDIX XI.

Resolution of Syndicate, dated 8th May 1890, on the recommendations of the Sub-Committee on the Draft Scheme of the Gilchrist Trustees.

The Syndicate next considered the recommendations made by a special Sub-Committee regarding the Draft Scheme of the Gilchrist Trustees for their scholarships tenable in England, and the rules proposed for their award. It was resolved after some discussion that (*a*) the rules drawn up by the Sub-Committee for the award of these scholarships by the Punjab University be recommended to the Senate for adoption ; (*b*) that a representation be made to the Gilchrist Trustees embodying the suggestion contained in paragraph 2 of the Sub-Committee's Proceedings regarding the award of one scholarship every third year by the Punjab and Allahabad University alternately, in case the Trustees could not see their way to grant a Gilchrist Scholarship every third year to the Punjab University definitely ; (*c*) That the Draft Scheme of the Gilchrist Trustees be accepted subject to the suggestion stated above under (*b*).

Proceedings of a Sub-Committee on Gilchrist Scholarships, at a Meeting held on March 31st, 1890.

Present :

J. G. GILBERTSON, Esq., M.A. | E. S. ROBERTSON, Esq., M.A.

1. The Committee met to consider the Draft Scheme of the Gilchrist Trustees for the award of scholarships to be given to students who are natives of India and graduates of some University, and who will undertake to proceed to Europe for the further study of Science or Mathematics.

2. It was agreed, with reference to paragraph 6 of the Draft Scheme, to suggest that, if the Trustees cannot see their way to grant a Gilchrist Scholarship every third year to the Punjab University definitely, the scholarship should be given every third year to Allahabad University and the Punjab alternately. That is to say, it was thought better that each of the Universities should be sure of getting the scholarship once in six years instead of the scholarships being adjudged to one or other (by a kind of arbitrator) every three years. This suggestion was made for the following reasons :—

(*a*) The educational systems of the two Universities differ, and comparison between them, involving any competition, might prove misleading.

(*b*) When it is known that the scholarship will certainly be given in a particular year to a certain University, some students, in all probability, will be induced to make stronger efforts than they otherwise would, to obtain this valuable reward.

3. It was recommended that the local rules for the award of any Gilchrist Scholarship placed at the disposal of the Punjab University should be the following (based on the rules for Government Scholarships).

Rules for the award of the Scholarships for Natives of India proceeding to England for further study offered by the Gilchrist Trustees.

1. Candidates for the scholarship must be Natives of India within the meaning of Section 6 of the Statute 33, Victoria, Cap. 3.

2. The selection of the scholar shall take place not later than the 15th of the month of June, in the year in which a scholarship is placed at the disposal of the University, and the selection shall be made by the Vice-Chancellor in the manner stated below.

3. The persons eligible for the scholarship shall be only such graduates of the University as have obtained the degree of M. A. or the degree of B. A. or that of M. B., and must in all cases be under 22 years of age on the 30th of June or the year in which the selection is made.

4. Every candidate for the scholarship must send his application to the Registrar not later than the 31st of May of the year in which the selection is to be made. Such application shall be accompanied by the following papers :—

(a) A declaration by the candidate that he has the consent of his family to go to England if he obtains the scholarship.

(b) A certificate of good conduct from persons of known respectability and position who are well acquainted with the candidate.

(c) A certificate of his physical capacity to undergo the course of life and study which he will have to follow in England, signed or countersigned by the Civil Surgeon or one of the Professors of the Medical College, Lahore.

(d) A declaration of his intention to pursue a course of studies in Europe under the rules laid down by the Gilchrist Trustees.

5. Students competing at the M.A., B.A., and M.B. Examinations of the year in which the selection is made, may submit separate applications for the scholarship containing all the particulars given in rule 5, along with their application for the Degree Examinations.

6. The names of all the candidates who have complied with the preceding rules shall be placed before a Committee of the Syndicate, consisting of four members—two Europeans and two Natives—and the Registrar, who after examining the papers relating to each candidate, and after making such inquiry as they think proper from the Principals and Professors of the Colleges in which the students were educated, or such other persons as they (the Sub-Committee) consider well able to give opinions on the character and qualifications of the candidate, shall recommend the candidate whom they think the fittest to the Vice-Chancellor.

7. Among candidates who are otherwise on an equal footing in regard to the qualifications required under Rule 4, M. A.'s shall be preferred to M. B.'s or B. A.'s, and M. B.'s to B. A.'s, and, as between candidates holding the same degree, preference shall be given to him who has stood highest in order of merit, or has obtained the highest number of marks in the Degree Examination.

8. When there are two or more candidates who are, in the opinion of the Sub-Committee, exactly equal with reference to the provisions of Rules 4 and 7, the younger candidates shall be selected.

9. With the exception of the point raised in paragraph 2 of the present recommendations, the Trustees' Draft Scheme was found to be suitable.

ERIC S. ROBERTSON.

I strongly support the proposal of the Sub-Committee contained in paragraph 2 of their Report. The attempt to amalgamate Universities so diverse in character as those of the Punjab and Allahabad, for the purpose of this scheme, would be sure to lead to complications, and though six years is long to wait, yet this would be preferable to the joint tenure proposed. I think, however, the strong representation should be made on behalf of the two Universities in question, to secure, if possible, that they should be put on terms of equality with the other Indian Universities. Though they have not so many students at present, yet they turn out in proportion as many first rate men. If this be utopian to hope for, then I should desire that emphasis be given to the suggestion that the Trustees be urged to give a scholarship to the Punjab every three years and to Allahabad also. If funds are not available, it would seem worth considering whether the amount of scholarship should not be diminished somewhat. An Indian, as a rule, can live for £150 a year in England. Is not that a sufficient amount to be an inducement to a young man to take the scholarship? £50 saved a year on each would easily enable the additional scholarship to be awarded.

GILCHRIST EDUCATIONAL TRUST.

4, THE SANCTUARY, LONDON, WESTMINSTER ABBEY, S.W.,
15th August 1889.

To

THE REGISTRAR OF THE UNIVERSITY OF PUNJAB.

SIR,

I beg to inform you that in a recent communication to the Secretary of State for India, the Gilchrist Trustees have withdrawn the scholarship hitherto offered by them annually to youths in India and Ceylon after the award which may be made on the results of the Matriculation Examination of the University of London to be held in January next 1890. Arrangements are being made for a separate scholarship for Ceylon.

I further beg to inform you that, after careful consideration of the opinions expressed by the heads of numerous Educational Institutions in India, the Trustees have decided to offer an annual scholarship of the value of £200 per annum, tenable for three years in Europe, to the Universities of Calcutta, Bombay and Madras in rotation; and a similar scholarship every third year to the Universities of Allahabad and Punjab jointly.

To carry this intention into effect, the Trustees have, with the advice and assistance of Educational authorities in England and in India, prepared a scheme with rules and regulations (copies of which are sent herewith), and they desire now to obtain the approval of the Universities to the scheme and their consent to carry out those portions which may devolve upon them.

I have respectfully to request that you will take an early opportunity of bringing the scheme before your Council (so far as it concerns your Universities), and that you will favour me with a reply to this communication, with any suggestions which your Council may have to offer, on the subject of the proposed scholarships and the scheme as soon as may be convenient.

I am, Sir,

Your obedient Servant,

HENRY A. PAPPS,

Secretary.

GILCHRIST INDIAN SCHOLARSHIPS.

DRAFT REGULATIONS.

1. Three scholarships, the cost of which will be defrayed by the Gilchrist Trust, will be at once established, tenable in Europe by persons who are natives of India [within the meaning of Section 6* of the Statute 33 Vict., cap. 3], or of the "Native States" of India. The scholarships will be given in rotation to the Universities of Calcutta, Bombay, and Madras, in the manner and on the conditions set forth in the scheme.

2. A fourth scholarship will be given every third year on like conditions to the Universities of Punjab and Allahabad jointly.

* The provision in the Section is as follows :—"That for the purpose of this Act the words "natives of India" shall include any person born and domiciled within the dominions of Her Majesty in India, of parents habitually resident in India, and not established there for temporary purposes only; and that it shall be lawful for the Governor-General in Council to define and limit from time to time the qualification of natives of India thus expressed."

3. Each scholarship will entitle the holder to an allowance of £200 per annum, payable from the date of his arrival in England, and will be tenable for three years. No candidate should be more than 22 years of age. Each candidate to whom a scholarship may be awarded will be required to proceed to England within a reasonable period from the date of his selection, and to reside in Europe for a period of three years, unless compelled to return sooner by ill-health, or some other cause which may seem sufficient to the Gilchrist Trustees.

4. [It is hoped that] each scholar will be provided, as heretofore, by the Government of India, with a free passage to England. The Gilchrist Trust will provide a return passage at a cost not exceeding £50, provided that the scholar fulfils the conditions of his scholarship. But the scholar will not be entitled to claim any difference between the actual cost of passage and the amount abovenamed.

5. Each scholar will be required to bind himself by a written engagement to submit to such regulations as may from time to time be framed by the Gilchrist Trustees for the guidance of the scholars.

6. Each University will nominate in the manner laid down in the scheme. Probably the results of the examinations of the three preceding years will be a sufficient guide to the University in making the selection. But it will be open to each University to consider whether for the purpose of such selection a special examination should be held, although the Trustees hope that this will be avoided, if possible. If a special examination is held, the regulations which the University concerned may propose to lay down in regard thereto should be submitted for the previous approval of the Gilchrist Trustees, the necessary arrangements for the conduct of the examinations being made under the orders of the University authorities. It is, however, desirable that the examinations, if any, should be held at such a time (probably not later than the month of June in each year) as will afford the successful candidate a sufficient interval to complete his arrangements and to reach England in time for the autumn term at the Universities and Colleges. The candidates for the special examinations, when such examinations are held, must be young men of proved ability, and will be selected by the Vice-Chancellor on the report of the Syndicate or governing body, who will in their turn be guided by the opinion of the Professors and Examiners. The candidates for these examinations or the persons elected as scholarship-holders on the results of the ordinary University examinations must in all cases be graduates of the University not more than 22 years of age, who are willing with the consent of their families to proceed to England in order to complete their education in Science, and will be required to satisfy the Vice-Chancellor as to their good conduct, knowledge of the English language, and physical capacity to undergo the course of life and study which they will have to follow in Europe. The tenure of the scholarships will be strictly dependent on good conduct in Europe, and will be conditional on satisfactory progress being made in study. The Gilchrist Trustees reserve to themselves the entire right of deciding on this point as on all questions relating to the tenure of the scholarships.

A copy of the regulations should be given to the selected candidate before the scholarship is finally awarded to him, in order that he may know what he is undertaking before he leaves India. On the award of the scholarship being made, the authorities of the University should communicate the name and address of the selected candidate to the Secretary of the Gilchrist Trust, 4, The Sanctuary, Westminster, London; and also, when the selection is made by examination, the number and names, &c., of the candidates from whom the selection was made.

RULES FOR GILCHRIST INDIAN SCHOLARS IN ENGLAND.

(1). Every scholar shall, on reaching England, at once present himself at the office of the Gilchrist Trust and report his arrival. He shall be provided with an official certificate of identity signed by the Registrar of the University by whom he is selected, or by a Secretary or Under-Secretary to Government.

(2). Every scholar shall, on arriving in England, or at latest within four weeks from his arrival, submit for the approval of the Gilchrist Trustees a statement showing the general course of study he proposes to follow; and specifying the University or College to which he proposes to proceed. After consideration of such statement the Trustees will decide at what University or Science or Technical College in Europe the scholarship shall be tenable, and will prescribe the course to be gone through and the degree or diploma to be obtained. Every scholar shall at once take steps to enter himself at the University or College which the Trustees shall have approved. The course finally prescribed by the Trustees shall not be changed without their sanction.

(3). Every scholar shall, at the end of each University term, send to the *Secretary* of the Gilchrist Trust a certificate from the proper College or University authority, showing that his residence, conduct and progress in study have been satisfactory during the term.

(4). Every scholar shall, at all times, obey such instructions as he may receive from the Gilchrist Trustees.

(5). Subject to a due compliance with the above conditions, the allowance at the rate of £200 a year for three will be paid quarterly in advance by the Gilchrist Trust, commencing from the date when the scholar reports his arrival in England.

(6). Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Gilchrist Trustees may consider sufficient, fails to complete a residence of three years in Europe, or who is guilty of misconduct or disregard of the orders of the Gilchrist Trustees. If a scholarship be forfeited, the scholar will lose his claim to a free return passage to India.

The Trustees reserve to themselves the power of dealing with all cases unprovided for in the foregoing Rules and Regulations.

The foregoing scheme shall be subject to revision from time to time; the Trustees reserving to themselves the power of altering the conditions of the scholarships, or of altogether withdrawing them, if they deem it expedient to do either. But no change will be made in such a manner as to affect the interests of students already appointed to scholarships, or in any case without twelve months' notice.

GILCHRIST INDIAN—SCHOLARSHIPS.

Draft Scheme, June 1889.

1. The Ceylon scholarship to be separated from the Indian scholarships.

2. The Indian scholarships to be raised to £200 a year, and to be tenable for three years at any University or any Science or Technical College in Europe (approved by the Trustees in each case), on condition that the scholar shall undertake to go through the course and pass the examinations necessary for obtaining a definite Science degree or diploma (prescribed by the Trustees in each case).

3. The Matriculation Examination of the London University to be no longer the test examination for the Gilchrist Indian Scholarships.

4. Three scholarships to be given in rotation to the Universities of Calcutta, Bombay and Madras.

5. The University to nominate the Gilchrist Scholar from among the more distinguished graduates of the three preceding years. Of these, the graduate to be selected who has done especially well in Science or Mathematics, and is desirous of pursuing —and most likely to benefit by—a further course of scientific study in Europe: Provided that no person holding a Government of India Scholarship, tenable in England, shall be eligible.

6. A fourth scholarship to be given every third year on like conditions to the Universities of Punjab and Allahabad jointly, leaving the choice between the candidates whom these two Universities may nominate to a responsible official in India (either the Viceroy himself or his Home Secretary, for example).

7. In arranging a rotation for the three older Universities, it would be well to avoid giving to either of them a Gilchrist Scholarship in the same year as a Government Scholarship. This can readily be accomplished for the first few years at all events by adopting the following rotation:—

ROTATION OF SCHOLARSHIPS.

Government (as stated by Sir A. Macpherson).		*Gilchrist (proposed).*
Allahabad, Madras	1889	
Punjab, Calcutta	1890	
Bombay, Allahabad	1891	Calcutta.
Madras, Punjab	1892	Bombay.

Calcutta Bombay	1893	... Madras.
Allahabad Madras	1894	... Calcutta.
Punjab Calcutta	1895	... Bombay.
Bombay Allahabad	1896	... Madras.
Madras Punjab	1897	... Calcutta.

The scholarship to the Universities of Punjab and Allahabad would unavoidably be given occasionally in the same year as a Government Scholarship to one or other of these Universities. The first scholarship to Punjab and Allahabad, as well as the first to Calcutta may be given in 1891.

8. Professor James Stuart, M. P., one of the Gilchrist Trustees, proposes personally to see each Gilchrist Scholar from India as soon as possible after he has reported his arrival at the Office of the Trustees, and to advise him upon the course he may propose to pursue, and the University or College to be selected for this purpose, with a view to obtaining the requisite Science degree or diploma. On receiving Professor Stuart 's report and advice, the Trustees will prescribe what this course and degree or diploma shall be in each case.

Remarks of the Oriental College Committee on the Statistical Report for 1889-90.

I.—The RECEIPTS of the Oriental College Budget for the year 1889-90 amounted to Rs. 21,944. Against this there is an expenditure of Rs. 20,528 in the year under report, so that there has been a saving of Rs. 1, 416 on the whole. This saving resulted chiefly from restricted expenditure under the heads of Stipends and Miscellaneous Expenses. To the saving on the Budget (Rs. 1,416) must be added receipts on account of fees (Rs. 444), making a total SAVING of Rs. 1,860.

II.—The total EXPENDITURE against the Oriental College Budget was Rs. 20,528 against Rs. 22,746 in the previous year. This Result was chiefly due to the steady endeavour on the part of the Oriental College Committee to reduce expenditure under every head and also to the transfer of the expenditure on account of the Medical and Engineering Classes to the University Budget.

The total expenditure against the University was Rs. 8,784 (including Rs. 1,918 on account of Assistant Professors transferred from the Government College and Rs. 3,313 on account of Endowed Readers) and Rs. 1,170 on account of Government Scholarships.

III.—The NUMBER OF STUDENTS on the roll on the 31st March 1890 was 81 in the College and 57 in the School Department. These figures show an increase of 5 students in the College and of 11 students in the School Department against the previous year. This increase in the number of students is all the more satisfactory as the stringent rules adopted since 1888 regarding the award and tenure of stipends have been continued in force, resulting in the number of actual stipend-holders being reduced during the year under report from 45 to 41. In the above-named increase in the number of students the different Departments of the College and School participated.

IV.—The SCHOLARS on the rolls on the 31st March 1890 were divided according to the creed as follows:—

	Hindu.	Muhammadan.	Sikh.	Total.
College Department ...	25	50	6	81
School " ...	21	26	10	57
Total ...	46	76	16	138

V.—The following was the number of SCHOLARSHIP-HOLDERS (Government, University, Municipal) and STIPENDIARIES on the 31st March 1890:—

	Scholarship-holders.	Stipendiaries.	Without Scholarship or Stipend.	Total.
College Department ...	34	30	17	81
School " ...	10	11	36	57
Total ...	44	41	53	138

VI.—The number of STIPENDIARIES has been reduced during the year from 46 to 41; on the other hand, it is gratifying to find that the number of students reading WITHOUT SCHOLARSHIPS or STIPENDS has increased from 34 to 53.

VII.—In addition to students actually belonging to the Oriental College, 125 STUDENTS OF THE GOVERNMENT COLLEGE, Lahore, who were reading for Arts Examinations, received in the year under review instruction in Oriental Languages in the Oriental College. Three teachers were permanently and three others (among them the Principal) for part of their time, engaged in the tuition of these classes.

VIII.—During the year under Report no changes of importance have taken place in the courses of Reading prescribed for the Oriental Language and Degree Examinations by the Punjab University, and the separation of the Arts and Oriental Titles Classes both in the College and School, as laid down by the Sub-Committee appointed for the re-organization of the College Classes, has been strictly maintained. The detailed SCHEME OF STUDIES pursued in each at these classes will be found on pages 12—16 of the Report.

IX.—The RESULTS gained by the Oriental College in the various University Examinations have been in the year under review even more satisfactory than in the preceding years, 71·4 % of the candidates sent up from the Oriental College and School having passed the various University Examinations against 67·6% in 1889 and 47% in 1888. (See Statement of Results, page 9). These results may claim, perhaps, all the more attention as they were obtained in not less than 16 different Examinations.

The results of the year have been exceptionally favorable also with regard to the success gained by individual scholars of the Oriental College in these Examinations. Both in the case of the M. A. and M. O. L. Examinations the only successful candidate came from the Oriental College, the subject of Examination in the former Examination being Sanskrit and in the latter Arabic, and in the B. O. L. Examination three out of the four candidates from the Oriental College passed in the 2nd Division, standing highest in order of merit. It has further to be noted that Oriental College students stood first in 11 out of the remaining 13 University Examinations, *viz.*, in—

Entrance (O. F.) Examination.
Intermadiate, (O. F.) „
Maulawi „
„ Alim „
„ Fazil „
Prajna „
Visharada „
Munshi Alim „
„ Fazil „
Buddhiman „
Vidvan „

Thirteen University and Government Scholarships and two Gold Medals were gained by students of the Oriental College on the results of the above Examinations.

With regard to the results of the tuition given by the Oriental College to students of the Government College it is satisfactory to note that, as shown on page 11 of the Report, no less than 88% of all Government College students who appeared in the Intermediate and B.A. Examinations of 1890 passed with success in the Oriental classical languages in a which they had received instruction through the Oriental College.

X.—The system of HOUSE EXAMINATIONS as introduced in 1888 has been continued during the year under report, and the award and tenure of stipends has in every case been made strictly dependent on the results obtained in these Examinations.

XI.—The STAFF OF THE COLLEGE AND SCHOOL has undergone various CHANGES during the year under report. Shaikh Amír Ali, McLeod Arabic Reader, having resigned his post, Rahím Bakhsh, M.A., was appointed in his place by a Senate Resolution of the 22nd November 1889.

Maulawi Muhammad Husain, Azad, having been granted sick leave for six months from 16th October 1889, M. Rashíd Ahmad of the Arabic School Department was appointed temporary additional teacher of Arabic and Persian with effect from the 1st January 1890, officiating allowi ances having been granted by the Oriental College Committee to the 1st Maulawi, Head Munsh- and 2nd Munshi of the College who carried on part of M. Muhammad Husain's work from the first-named date.

In Maulawi Rashíd Ahmad's substantive appointment first Maulawi Abdul Salam and then, from the 8th March, Maulawi Muhammad Shuaib, officiated.

The post of Second English Teacher was newly created. It was held from the 1st January to 28th February 1890 by Lála Beli Rám, who on resignation was succeeded by Mul Singh, holder of an Anglo-Vernacular Junior Teacher's certificate.

A change has also to be recorded in the holder of the Baháwalpur Arabic Scholarship, who is employed as teacher of the Munshi class. Maulawi Muhammad Shuaib resigned this post on the 12th November and was succeeded by Maulawi Muhammad Sadiq, who had stood second in order of merit in the Maulawi Fazil Examination of 1889.

Instruction in English.

Tuition in English, as organized in 1888, in accordance with the recommendations of the Sub-Committee appointed to consider the reorganization of the Oriental College, for the students attending the Oriental Titles Classes, was continued and extended during the School-year 1889-90. At the beginning of the year two classes were under tuition, *viz.*, the Middle Class, created in 1888, for students having a previous knowledge of English, and the class consisting of the students who had begun their English studies in 1888, and who had in 1889 entered a course corresponding to the I Middle Class. In addition to these classes it now became necessary to establish a Primary Class for students newly admitted and wholly unacquainted with English. As it was found difficult to provide a sufficient amount of daily tuition for this new Class as well as the two Classes already created in 1888, by means of the single teacher then available, the Oriental College Committee, with the sanction of the Syndicate, appointed a second English Teacher, for whose salary provision had already previously been made in the Oriental College Budget. Since the second teacher thus appointed took up his work (1st January 1890) it also became possible to separate the students who had been admitted into the Primary English Class at the beginning of the School-year from those who joined the Oriental Titles Classes at subsequent periods without having received any previous instruction in English. From the above date onwards, the Classes organized for tuition in English were as follows :—

I. A HIGHER MIDDLE CLASS, for students who had attended the English Middle Class of the Oriental College since 1888, or had received an equivalent amount of instruction in English on some occasion previous to their joining the College.

II. A LOWER MIDDLE CLASS, for students who had begun their study of English on the organization of English tuition in the Oriental College in 1888. This Class being attended by a larger number of students was taught as in the School-year 1888-89, in two Divisions :—

A. Comprising students belonging to the Sanskrit and Gurmukhi Departments.

B. Comprising students reading in the Arabic and Persian Departments.

III. A HIGHER PRIMARY CLASS, for students wholly unacquainted with English who had joined the Oriental Titles Classes, at the beginning of the School-year 1889-90.

IV. A LOWER PRIMARY CLASS, for students who had been admitted in the course of the School-year, without possessing any previous knowledge of English.

The courses of Instruction from April 1889 to March 1890 were the following :—

HIGHER MIDDLE CLASS : 12 hours weekly. Lethbridge's Moral Reader for Middle Schools. Sir C. Wilkens' Translation of the Hitopadesha (published in Morley's "Universal Series") pp. 1—100. Manual of English Grammar published by C. V. E. S., pp. 80—fin. Exercises in translation from the Vernacular into English and *vice versa.* Systems of systematic transcription of Sanskrit, Arabic, Persian into Roman characters.

LOWER MIDDLE CLASS : 12 hours weekly. P. C. Sircar's Readers—II, Chapters IV and V ; III ; IV, Chapter I. Grammatical Primer, pp. 49—fin. Manual of English Grammar to page 70 (Orthography and Etymology), —Exercises in translation from the Vernacular into English and *vice versa.* Copy writing and Dictation.—Transliteration of Sanskrit, Arabic and Persian into Roman characters. Each of the two Divisions received two hours instruction daily.)

HIGHER PRIMARY CLASS : 12 hours weekly. P. C. Sircar's Readers—I. ; II. Grammatical Primer, pp. 1—48 (Orthography and Etymology). Translation from the Vernacular into English and *vice versa.* Transcription of Oriental Alphabets into Roman characters.

LOWER PRIMARY CLASS : 12 hours weekly. P. C. Sircar's Reader I. Lessons in Orthography and Etymology. Translation of easy sentences from the Vernacular into English and *vice versa.*

During the first part of the School-year the whole of the Instruction in English as stated above was entrusted to Teacher Lála Shughan Chand, holding an Anglo-Vernacular Senior Certificate of the Second Grade. The appointment of a second English teacher having been sanctioned by the Oriental College Committee, L. Beli Rám, holder of an Anglo-Vernacular Senior Teacher's Certificate, took over charge of the Primary Classes from L. Shughan Chand. On resignation of L. Beli Rám these classes were taught by Teacher Múl Singh, holding an Anglo-Vernacular Junior Certificate, who was appointed to the post with effect from the 1st March 1890.

The number of students receiving instruction in English was on the 31st March 1890 as follows :—

Higher Middle Class	8
Lower Middle Class—	
A. Division...	22
B. Division...	24
Higher Primary Class	18
Lower Primary Class	24
Total ...	96

Eight students reading in the Oriental Titles Classes applied for and received dispensation from attendance at the hours of English Instruction; among these four were blind, one had passed the Anglo-Vernacular Middle School Examination from another institution, and three were casual students.

Oriental College Library.

During the year 1889-90 the Library of the College has been enlarged by additions for which Rs. 499-3-0 were spent. The chief object kept in view with regard to the purchase of books, was to provide the College with critical editions of Oriental Classics, published in Europe and other philological publications through the means of which the teachers and students of the College would be enabled to acquaint themselves more thoroughly with the methods and results of Western research in their department of Oriental Studies. With this view Ludwig's and others' publications on the Rigveda, a complete set of the Classical Sanskrit texts published in the Kavyamala, Editions of Arabic authors, published by the Beyrout Mission Press, Sachau's Editions of Alberoni's Indica and Chronology, and other standard works were added to the Library which has also acquired during the year valuable material for the study of Sanskrit epigraphy in the *Corpus Inscriptionum Indicarum*, the publications of the " Epigraphia Indica" and in a fairly complete set of the " Indian Antiquary."

The College is indebted to the Asiatic Society of Bengal for the present of a set of the Society's latest publications in the " Bibliotheca Indica."

The total number of works added during 1889-90 amounts to 123 in 149 volumes, of which no less than 44 works have reached the Library as presents from the Asiatic Society of Bengal and private donors.

House Examinations.

During the year 1889-90, 18 House Examinations by means of written papers have been held for each class of the Oriental College and School under the superintendence of the Principal. These House Examinations embraced all subjects taught in the Degree and High School Classes. For the Oriental Titles Classes 16 House Examinations were held in the different branches of the Oriental Languages and Literatures taught, and 2 House Examinations in English.

For the I Year Classes of the College and School an Annual Examination was held at the close of the School-year, comprising seven written papers.

PUNJAB AND ITS DEPENDENCIES.

Published by Authority.

LAHORE, THURSDAY, AUGUST 28, 1890.

PART III.

Notifications by Chief Court, Financial Commissioner, Accountant-General, &c.

CHIEF COURT.

BOOK CIRCULAR No. XIV—3537 G.

To

ALL CIVIL COURTS IN THE PUNJAB.

Dated Lahore, the 13th August 1890.

Subject. Suits between money-lenders and agriculturists.

THE Judges consider it expedient to circulate for the information and guidance of the Subordinate Tivil Courts, the following observations upon the cases reported as No. 110 of Punjab Record, 1879, and No. 32 of Punjab Record, 1890, as they appear to have been misunderstood and have recently been made the subject of misleading comments.

These observations are supplementary to paragraph 18 of Judicial Circular XXVI.

2. The observations now to be made may be regarded as supplementary to paragraph 18 of Judicial Circular XXVI (latest edition) in which attention is directed to case No. 110 of Punjab Record, 1879. At the same time it may be pointed out that paragraphs 7 to 18 of that Circular on the subject of "interest in decrees against agriculturists" are not founded upon this case. These paragraphs were originally circulated as part of Book Circular III of 1873. The Circular met with the approval of the High Court of Bengal* which with its Circular order No. 8, dated April 30th 1873, published it in full and "commended it to the earnest consideration of Judicial officers." In doing so the learned Judges said—"the object of the Court in drawing attention to the Circular is not to

* See XI, Bengal Law Reports, page 15 (High Court Rules, &c.).

assist debtors in evading the consequences of engagements voluntarily and intelligibly contracted, but to give the protection of the Courts of justice to persons who from distress or ignorance or habits of submission have not been truly free agents in the contracts set up."

Punjab Record, 110 of 1879.

3. Case No. 110 of Punjab Record, 1879, was a special appeal under the Civil Procedure Code of 1877, in which it was not competent for the Chief Court to find the facts of the case for itself.

Facts found in the case by Lower Courts.

4. The facts found by the Lower Courts are stated in the judgment of Smyth, J. (page 308). Upon these facts the Lower Courts had refused to enforce a bond, admittedly executed by the defendant, a zamíndár, in favour of the plaintiff, a money-lender, with whom the defendant had had continuous dealings extending over some years.

Opinions of Judges in the case.

5. The Judges concurred in dismissing the special appeal, but not upon identical grounds.

Smyth, J., seems to have been of opinion that the relation of money-lender and zamíndár imputed, as a matter of law, that the former was a person holding authority over the latter within the meaning of section 16, clause (1), of the Indian Contract Act, 1872, and he ruled that, consequently, the burden of proving the good faith of the transaction, that is, that the zamíndár acted as a free and voluntary agent in executing the bond and with full knowledge of all the circumstances, was on the money-lender.

Plowden, J., was of opinion that it was a question of fact in each case between a money-lender and a zamíndár, whether the particular agreement sought to be enforced was concluded under undue influence and whether the plaintiff held real or apparent authority over the defendant and took advantage of it within the meaning of section 16, clause (1) of the same Act.

He further held that though section 111 of the Evidence Act was not applicable as the money-lender could not be said to stand in a position of active confidence towards the zamíndár, yet the existence of the relation might give rise to presumptions of fact under section 114, favourable to the zamíndár, with especial reference to illustration (c) to that section.

Conclusions to be deduced from those opinions.

6. It is clear then that the Judges did not concur in laying down any legal proposition, except, by implication, that the validity of the contract must be determined by the provisions of the Contract Act, but it followed from the propositions contained in each judgment that the facts found by the Lower Courts justified, in point of law, their refusal to enforce the bond in suit.

Punjab Record, No. 32 of 1890.

7. The second case, No. 32 of Punjab Record, 1890, was a further appeal in which it was competent to the Chief Court to find the facts of the case for itself. That was also a suit by a money-lender to enforce a bond executed by the defendants, a lambardár and his son, and the question was whether the bond should be enforced.

Facts as found by the original Court and by the Court of first appeal.

8. The first Court found that the bond was not obtained by undue influence on the part of the plaintiff. The Court of first appeal, referring to case No. 110 of Punjab Record, 1879, considered that undue influence was sufficiently proved.

Judgment of Chief Court in the case.

9. The Judges of the Chief Court (Benton, J., who wrote the judgment, and Frizelle, J.) concurred in holding that undue influence had not been made out, and the bond should be enforced notwithstanding it was a hard bargain.

Rule of decision in such cases.

10. The Judges held that the Contract Act was to be the rule of decision; that the question whether undue influence has been employed was a question of fact, to be determined with reference to the parties, and the circumstances of the particular case, and not a question of law in the disposal of which assistance might be obtained by reference to previous decisions.

11. The judgment of Benton, J., expressly dissented from the view of the Allahabad High Court in Indian Law Report IX, Allahabad 74 and 228, that the Courts of this country have the same power as Courts in England possess under English law of redressing hard and unconscionable bargains, on the ground that this Court was bound to abide by the Indian Contract Act. As to the decisions cited it is to be observed that rulings of the High Courts, though entitled to great respect, are not binding upon the Chief Court.

Indian Law Report IX, Allahabad, 74 and 228, discussed.

12. The first observation to be made upon the cases No. 110 of Punjab Record, 1879, and No. 32 of Punjab Record, 1890, is that the later case does not purport to overrule the earlier case, which is not referred to in the judgment, except as having been quoted by the Court of first appeal.

Observations on Punjab Record 110 of 1879 and 32 of 1890.

13. The second observation is that there is no legal proposition laid down in the judgment in the later case that is not entirely consistent with the legal proposition contained in the judgment of Plowden, J., in the earlier case. It is not denied in the later case that from the existence of the relation of money-lender and zamíndár presumptions of fact favourable to the zamíndár may be drawn; but, it being open to the Judges in the later case, to find the facts, they found as a fact upon the evidence, having regard to the condition and education of the defendants, that undue influence was not made out in the particular instance before them.

The same.

14. From the second observation it follows that the Judges in the second case did not concur in the views expressed by Smyth, J., in No. 110 of Punjab Record, 1879, but their tacit dissent does not operate to overrule his judgment.

The same.

15. The practical conclusions to be drawn from the judgments under notice as regards suits for the enforcement of a contract between a money-lender and a zamíndár, in which the question arises whether the consent of the zamíndár to a particular agreement was free or was induced by undue influence are these :—

Conclusion drawn from the judgments above referred to.

(1). As to the question of substantive law, *viz.*, whether the agreement is a contract, that is to say, is enforceable by law, this question according to all the judgments is one to be decided with reference to the provisions of Chapter VI of the Indian Contract Act, and in particular clause (1) of section 16.

(2). As to the question of evidence, *viz.*, whether consent was or was not free, it is competent, consistently with all the judgments, to a Court which is at liberty to find the facts to make, under section 114 of the Evidence Act, presumptions of fact favourable to the zamíndár which are not inconsistent with other facts disclosed.

(3). Whether a Court is competent to go beyond this, and place upon the money-lender the burden of proving that the consent was free and undue influence was not exercised, is a point on which there is a difference of opinion, which has not yet been authoritatively settled in this Court.

16. Briefly, as regards the Subordinate Courts, the law on the subject of suits between money-lenders and zamíndárs as enunciated by this Court remains for the practical purpose of deciding such cases, in the same state after the decision of No. 32 of Punjab Record, 1890 as before it; the only difference being that there is, at present, and until the point is further considered by this Court, more authority than before for questioning the ruling of Smyth, J., in No. 110 of Punjab Record, 1879, as to the burden of proof in such suits.

Law as to burden of proof in such suits.

Rules for the guidance of Judging Committees of District Horse Shows.

I.—Only *bonâ-fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 4 years of age, in foal or with foal at foot, the result of having been covered before 4 years of age, will not be eligible to compete.

III.—Branded mares proved to be barren, *i. e.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions," or "got by Government stallions," unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from Officers in charge of stallions.

V.—Branded fillies (Class II), if out of branded mares by Government stallions, may also compete in "Class III.—Fillies."

VI.—Geldings (Class VI), if out of branded mares by Government stallions, may also compete in "Class V.—Yearlings" (Colts) and in "Class IV.—Remounts," if *purchased* at the show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the show when and where horses should be brought for examination. A shamiana, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwana) will be given to each winner, whether he takes his prizes in money khillat, or medal, as he may think best.

XII.—One or more of the District Officers of each district represented, and the Assistant Superintendent, Horse Breeding Operations, will act as Judges of the Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted ; and the money not awarded may be devoted to the giving of extra prizes in other classes deemed, by the Judging Committee as worthy of them ; as it is the desire of Government to award the total sum granted, provided any of the, classes of stock competing are in any way worthy of it.

XIV.—The system of marks will be adopted as follows :—

For Mares.		*All other stock.*	
Soundness	... 25	Soundness	... 25
Power	... 25	Power	... 25
Quality	... 25	Quality	... 25
Produce at foot	... 25	Action	... 25
Total ...	... 100	Total ...	... 100
If no produce, the total ...	... 75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committee are requested to be good enough to attach a return to their reports, showing the number of the several marks allotted to winners of prizes.

NOTE—1. To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2. The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ-fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3. In the North-Western Provinces, approved mares and fillies were, up to the year 1877, branded V. R. ; since that time they have been branded V. I. In the Punjab, approved mares and fillies were, up to the year 1885, branded B. M. ; since that time they have also been branded V. I. In the Bombay Presidency, Sind and Biluchistan, approved mares and fillies are branded ↑. The brand will be found either on the off or near shoulder, or on the saddle place.

4. In case of Remounts not being purchased for one branch of the service of the class for which prizes are offered, the prizes for that class will be added to the prizes offered for Remounts of the other branch of the service. For instance :—If no Remounts, over 3 years of age, are bought for the British service, the prizes will be added to Native Cavalry Remounts over 3 years of age, and *vice versâ*.

5. It has been found that, in districts where private Studs are maintained by comparatively rich men, several prizes in the same class are, in many cases, awarded to the same owner ; and the poorer breeders do not receive so many prizes as they otherwise would. It is therefore ruled that each private Stud competing be restricted to only one prize in each class.

NOTE.—Branded Fillies (Class I *d*) may also compete in "Class II.—Fillies."

Rules for the guidance of Judging Committees of Metropolitan Horse Fairs.

I.—Only *bonâ-fide* horse-breeders and dealers will be allowed to compete for the above prizes. The stewards will decide as to the eligibility of competitors.

II.—Fillies, under 4 years of age, in foal, or with foal at foot, will not be eligible to compete.

III.—Mares proved to be barren, *i. e.*, mares that have not held to coverings for the last two years, will not be eligible to compete.

IV.—Geldings may also compete in "Class IV—Remounts," if purchased at the fair for Government, Army and Police purposes, and in "Class V—Yearlings" (Colts).

V.—Government horses will not compete, nor will Government claim the right of purchasing any stock exhibited.

VI.—Intending exhibitors should, on arrival at the fair, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VII.—Each ticket will be worn by the animal as a token of the right to compete, and of the seller's right to the prize, if sale is effected before the awards are made. By careful attention to this rule the owners will be secure against losing the chance of a prize.

VIII.—When the tickets are given the Secretary will name the date, hour and place at the fair when and where horses should be brought for examination. A shamiana, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected, to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

IX.—Prizes will be awarded the day before the bathing day, where one is appointed.

X.—A certificate (parwâna) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XI.—Honorary certificates will be awarded to exhibitors who are not *bonâ-fide* horse-breeders and dealers, and who may show superior animals. On the certificate may be noted the prize and money value that would have been awarded to the animal had the owner been a *bonâ-fide* horse-breeder or dealer.

XII.—A Committee of experienced Officers, appointed by the Local Government, will act as Judges. The Assistant Superintendent, Horse-Breeding Operations of the Province, will attend the Committee as member and Veterinary Adviser. In his unavoidable absence, the services of a Veterinary Officer will be provided under the orders of the Government of India.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted; and the money not awarded may be devoted to the giving of extra prizes in other classes deemed, by the Judging Committee, as worthy of them; as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in any way worthy of it.

Rules for the guidance of Judging Committees of District Horse Shows.

I.—Only *boná-fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 4 years of age, in foal or with foal at foot, the result of having been covered before 4 years of age, will not be eligible to compete.

III.—Branded mares proved to be barren, *i. e.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions," or "got by Government stallions," unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from Officers in charge of stallions.

V.—Branded fillies (Class II), if out of branded mares by Government stallions, may also compete in "Class III.—Fillies."

VI.—Geldings (Class VI), if out of branded mares by Government stallions, may also compete in "Class V.—Yearlings" (Colts) and in "Class IV.—Remounts," if *purchased* at the show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the show when and where horses should be brought for examination. A shamiana, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwana) will be given to each winner, whether he takes his prizes in money khillat, or medal. as he may think best

XII.—One or more of the District Officers of each district represented, and the Assistant Superintendent, Horse Breeding Operations, will act as Judges of the Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted; and the money not awarded may be devoted to the giving of extra prizes in other classes deemed, by the Judging Committee, as worthy of them; as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in any way worthy of it.

XIV.—The system of marks will be adopted as follows:—

For Mares.		*All other stock.*	
Soundness	25	Soundness	25
Power	25	Power	25
Quality	25	Quality	25
Produce at foot	25	Action	25
Total	100	Total	100
If no produce, the total	75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committee are requested to be good enough to attach a return to their reports, showing the number of the several marks allotted to winners of prizes.

NOTE—1. To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2. The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class to be awarded only to stock that have been castrated when in possession of their present owners, *boná-fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3. In the North-Western Provinces, approved mares and fillies were, up to the year 1877, branded V. R.; since that time they have been branded V. I. In the Punjab, approved mares and fillies were, up to the year 1885, branded B. M.; since that time they have also been branded V. I. In the Bombay Presidency, Sind and Biluchistan, approved mares and fillies are branded ↑. The brand will be found either on the off or near shoulder, or on the saddle place.

4. In case of Remounts not being purchased for one branch of the service of the class for which prizes are offered, the prizes for that class will be added to the prizes offered for Remounts of the other branch of the service. For instance:—If no Remounts, over 3 years of age, are bought for the British service, the prizes will be added to Native Cavalry Remounts over 3 years of age, and *vice versâ*.

5. It has been found that, in districts where private Studs are maintained by comparatively rich men, several prizes in the same class are, in many cases, awarded to the same owner; and the poorer breeders do not receive so many prizes as they otherwise would. It is therefore ruled that each private Stud competing be restricted to only one prize in each class.

Rules for the guidance of Judging Committees of District Horse Shows.

I.—Only *bonâ-fide* horse-breeders of the districts named will be allowed to compete for the above prizes. The Judging Committee will decide as to the eligibility of competitors.

II.—A branded mare of 4 years of age, in foal or with foal at foot, the result of having been covered before 4 years of age, will not be eligible to compete.

III.—Branded mares proved to be barren, *i. e.*, mares that have not held to Government stallions for the last two years, will not be eligible to compete.

IV.—No mares or stock will be allowed to compete as "served by Government stallions," or "got by Government stallions," unless a certificate to that effect is produced by the exhibitor. These certificates are obtainable from Officers in charge of stallions.

V.—Branded fillies (Class II), if out of branded mares by Government stallions, may also compete in "Class III.—Fillies."

VI.—Geldings (Class VI), if out of branded mares by Government stallions, may also compete in "Class V.—Yearlings" (Colts) and in "Class IV.—Remounts," if *purchased* at the show for Government, Army and Police purposes.

VII.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VIII.—Each ticket will be worn by the animal as a token of the right to compete.

IX.—When the tickets are given, the Secretary will name the date, hour and place at the show when and where horses should be brought for examination. A shamiana, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

X.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

XI.—A certificate (parwâna) will be given to each winner, whether he takes his prizes in money khillat, or medal, as he may think best.

XII.—One or more of the District Officers of each district represented, and the Assistant Superintendent, Horse Breeding Operations, will act as Judges of the Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted; and the money not awarded may be devoted to the giving of extra prizes in other classes deemed, by the Judging Committee, as worthy of them; as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in any way worthy of it.

XIV.—The system of marks will be adopted as follows:—

For Mares.		*All other stock.*	
Soundness	25	Soundness	25
Power	25	Power	25
Quality	25	Quality	25
Produce at foot	25	Action	25
Total	100	Total	100
If no produce, the total	75		

Marks for "action" have not been accorded to mares, as some competing may be too heavy in foal to allow of their action being shown. The Judging Committee are requested to be good enough to attach a return to their reports, showing the number of the several marks allotted to winners of prizes.

NOTE—1. To enable a horse to become eligible to compete in the "Gelding" class, both testicles must have been excised.

2. The prizes allotted to the "Gelding" class are to be invariably awarded to the best competing, irrespective of their worth in other respects. Prizes in this class to be awarded only to stock that have been castrated when in possession of their present owners, *bonâ-fide* horse-breeders, and provided the Judging Committee are satisfied the animals have been castrated with a view of competing for the prizes.

3. In the North-Western Provinces, approved mares and fillies were, up to the year 1877, branded V. R.; since that time they have been branded V. I. In the Punjab, approved mares and fillies were, up to the year 1885, branded B. M.; since that time they have also been branded V. I. In the Bombay Presidency, Sind and Biluchistan, approved mares and fillies are branded ↑. The brand will be found either on the off or near shoulder, or on the saddle place.

4. In case of Remounts not being purchased for one branch of the service of the class for which prizes are offered, the prizes for that class will be added to the prizes offered for Remounts of the other branch of the service. For instance:—If no Remounts, over 3 years of age, are bought for the British service, the prizes will be added to Native Cavalry Remounts over 3 years of age, and *vice versâ*.

5. It has been found that, in districts where private Studs are maintained by comparatively rich men, several prizes in the same class are, in many cases, awarded to the same owner; and the poorer breeders do not receive so many prizes as they otherwise would. It is therefore ruled that each private Stud competing be restricted to only one prize in each class.

NOTE.—Branded Fillies (Class I *d*) may also compete in "Class II.—Fillies."

Rules for the guidance of Judging Committees of Metropolitan Horse Fairs.

I.—Only *boná-fide* horse-breeders and dealers will be allowed to compete for the above prizes. The stewards will decide as to the eligibility of competitors.

II.—Fillies, under 4 years of age, in foal, or with foal at foot, will not be eligible to compete.

III.—Mares proved to be barren, *i. e.*, mares that have not held to coverings for the last two years, will not be eligible to compete.

IV.—Geldings may also compete in "Class IV—Remounts," if purchased at the fair for Government, Army and Police purposes, and in "Class V—Yearlings" (Colts).

V.—Government horses will not compete, nor will Government claim the right of purchasing any stock exhibited.

VI.—Intending exhibitors should, on arrival at the fair, apply to the Secretary of the Judging Committee for a ticket or tickets, as the case may be, stating the class in which they propose to compete.

VII.—Each ticket will be worn by the animal as a token of the right to compete, and of the seller's right to the prize, if sale is effected before the awards are made. By careful attention to this rule the owners will be secure against losing the chance of a prize.

VIII.—When the tickets are given the Secretary will name the date, hour and place at the fair when and where horses should be brought for examination. A shamiana, or large tent, or shed, to afford shade to the Committee, within a temporary rail enclosure, should be erected, to allow of the members to carefully examine the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings.

IX.—Prizes will be awarded the day before the bathing day, where one is appointed.

X.—A certificate (parwána) will be given to each winner, whether he takes his prizes in money, khillat, or medal, as he may think best.

XI.—Honorary certificates will be awarded to exhibitors who are not *boná-fide* horse-breeders and dealers, and who may show superior animals. On the certificate may be noted the prize and money value that would have been awarded to the animal had the owner been a *boná-fide* horse-breeder or dealer.

XII.—A Committee of experienced Officers, appointed by the Local Government, will act as Judges. The Assistant Superintendent, Horse-Breeding Operations of the Province, will attend the Committee as member and Veterinary Adviser. In his unavoidable absence, the services of a Veterinary Officer will be provided under the orders of the Government of India.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all prizes noted; and the money not awarded may be devoted to the giving of extra prizes in other classes deemed, by the Judging Committee, as worthy of them; as it is the desire of Government to award the total sum granted, provided any of the classes of stock competing are in any way worthy of it.

Addenda and Corrigenda to Punjab Revenue Circulars.

The 20th August 1890.

At page 378, after paragraph 10, Punjab Revenue Circulars, 1890, Volume I, add the following paragraph :—

11. The following instructions, which have, where necessary, received the sanction of the Local Government, are given for general guidance in connection with the practical application of the above rules :—

I.—When the total pension to be allowed under Circular No. 37 of 1889 is to be enjoyed by two or more persons whose shares would be under Rs. 50 per annum each, the share of each must be commuted, the calculation being made separately in each case.

II.—When a pension is under standing orders to be commuted, disbursement should not be made until the calculation has been verified by the Accountant-General's Office. This done, payments should be made without reference to Commissioner or Financial Commissioner. Application for such verification should be made by Deputy Commissioners direct to Accountant-General.

III.—Where a pension is admissible under standing orders, the permanent pay orders will be issued by the Accountant-General on the application of the Deputy Commissioner, who should invariably furnish the necessary particulars for drawing up these documents.

IV.—Where the lapsed assignment was attached to land under fluctuating assessment, the value of the assignment for the purpose of calculating pension or pensions shall be deemed to be the average annual yield of the assignment for the five years immediately preceding the death of the deceased assignee.

At page 600, Volume II, Punjab Revenue Circulars, insert the following:—

Chapter II applies not only to Guaranteed Railways, but to all Railways made by Companies, whether Guaranteed, Assisted, or Private.

[Serial No. 2]

For Appendix XVII, page 651, 2nd Volume of Punjab Revenue Circulars, 1890, substitute the following:—

27. Estimates of advances and recoveries under Acts XIX of 1883 and XII of 1884 should be prepared in Forms I and II, Appendix XVII, and submitted through Commissioners to the Financial Commissioner's Office by 1st October each year without fail. includes arrears, but it also includes principal, repayment of which is not yet demandable and which is set down for future recovery. PARA. 27 A. All questions regarding the exclusion of the names of absent right holders, who have long been out of possession, from the record of rights, must be dealt with strictly in accordance with the provisions of Section 37, Act XVII of 1887. These provisions are not in any way affected or relaxed by the provisions of Sections 107, 108, of the Evidence Act (I of 1872), or by those of the Law of Limitation (Act XV of 1877). Thus no lapse of time, however long, will of itself justify the removal of the name of an absentee from the record.

The Photographic and Lithographic Office at Calcutta reproduce maps, plans, and drawings by lithography and by photography on book-debit on the public service, and on cash payment in certain special cases only. Coloured and other drawings unsuitable for photozincography must be lithographed, but the cost is considerably greater.

14. All indents must be duly approved and countersigned by the Heads of Departments, or the Government under which indenting officers may be serving, before they can be supplied, *viz.*—

and they should be addressed to the Assistant Surveyor-General in charge of the Photographic and Lithographic Office, Calcutta, at No. 14 Wood Street.

15. Lithographic and Photographic work will be undertaken on behalf of Municipalities, Port Trusts, Railway Companies, the Trustees of the Indian Museum, and other quasi-official bodies for cash payment on indents in the form prescribed above. Private work cannot be undertaken except in very special cases, when it cannot possibly be done otherwise, and when the office can take it up without inconvenience. On such work an extra charge of 10 per cent. will be made over and above the usual rates. In all cases where cash payment is required, an estimate will be given and the amount must be remitted before the work can be put in hand.

16. As a rule, maps and drawings reproduced by lithography or photography are not coloured, but in special cases where colouring is essential, it can be done and will be charged for on book-debit as prescribed under Rule 1. Packing charges will be dealt with in the same way, but transit charges both ways must be paid by indenting officers.

17. To enable the indenting officer, as well as the officer who countersigns and finally passes an indent, to know the cost involved thereby, a *Scale of Charges* showing the average ordinary price of each description of work executed in the Photographic and Lithographic Office can be obtained on application.

18. Indents should be regulated, not according to what an officer would like to have, but by what is absolutely necessary. It is in all cases an economy to have maps and drawings reproduced on as small a scale as possible.

C.—Requisitions for Maps required to be specially prepared.

19. In cases where maps are required on service for special purposes, as for illustrating reports, for which none of the published maps are suitable, application should be made by letter giving full information addressed to the Assistant Surveyor-General in charge of the Drawing Office, 13 Wood Street, Calcutta.

No. 23.

Page 60, Circular 16, paragraph 4, strike out all but the first sentence and substitute—

(i) The Accountant-General will submit annually (*a*) to the Local Government a statement of all gazetted officers who have attained, or will, before the 1st April next, attain the age of fifty-five years, and (*b*) to the several Heads of Departments and others to whom the power of retaining subordinates up to the age of sixty years has been delegated, similar statements of the non-gazetted officers in respect of whom the delegation has been made. On receipt of the return of gazetted officers, the Local Government will make enquiries as to the fitness of the persons in question for further service, and in due course the Lieutenant-Governor's orders in each case will be communicated to the Accountant-General and all concerned. The statements of non-gazetted officers should be dealt with as follows. If the Head of a Department, or other authority to whom the statement is supplied, is of opinion that any officer mentioned in it, who has not attained or is not about to attain the age of sixty years, is still efficient and should be permitted to retain his appointment, he should pass an order extending the officer's service by a specified period not exceeding one year and send a copy of the order to the Accountant-General for information. If a Deputy Commissioner considers an official, belonging to one or other of the Establishments noted in the schedule below as subordinate to him, to be inefficient, and that he should be compelled to retire from the service, application should be made to the Commissioner of the Division, who will finally decide whether the official should be compulsorily retired or not. In the case of all the other officers mentioned in the first column of the schedule the power of decision on this point rests with the officer himself.

The volumes containing the Circulars now superseded must be retained in the libraries of Revenue Offices. The instructions printed in the two volumes of Revenue Circulars govern future cases, but, in connection with orders issued in past years, Revenue Officers may often have to refer to Circulars which are now superseded. Moreover, as noted above, Circular orders on certain subjects, which are still in force, have not been reproduced in the present volumes.

The latter, however, is of much less importance than the former. But while the boundaries of zails and thánas should ordinarily not overlap, it is well to freely allow exceptions to this rule, rather than to break the ties of old tribal or historical connections or of common interests."

GILCHRIST EDUCATIONAL TRUST.

No. 1167 J. & P., 4 The Sanctuary, Westminster Abbey S. W., dated 7th July 1890.

From—R. D. ROBERTS, Esquire, Secretary,
To—The Under-Secretary of State for India.

I AM directed by the Trustees to inform you that they have now settled the new scheme of Indian Scholarships, and have drawn up the Regulations of which I enclose copies.

They have embodied in these Regulations the suggestions made in the Despatch from the Government of India transmitted to them from the India Office on December 21st, 1889 (J. & P.-2208).

The draft Regulations, of which these are the final form, were submitted to the various Indian Universities, as well as the Government of India, and have met with their approval.

The Trustees venture to hope that the new Scholarships thus established will prove still more useful to Natives of India than the old Scholarships.

As in former cases the Trustees hope that you will be so good as to cause these new Regulations to be distributed to the several Indian Universities concerned.

GILCHRIST EDUCATIONAL TRUST.

[All communications to be addressed to

The Secretary of the Gilchrist Educational Trust,

4 The Sanctuary, Westminster, London, S. W.]

Rules and conditions relating to Scholarships instituted by the Gilchrist Educational Trust for the benefit of natives of India.

[These Scholarships are open to Women upon exactly the same conditions as to Men.]

1. Three Scholarships of the value of £200 per annum will be awarded, one every year, to Candidates who are natives of India (within the meaning of Section 6* of the Statute 33 Vict., cap. 3), or of the "Native States" of India. They shall each be tenable for three years at any University or any Science or Technical College in Europe (approved by the Trustees in each case), on condition that the Scholar shall undertake to go through the course and pass the examinations necessary for obtaining a definite Science degree or diploma as may be prescribed by the Trustees. The nomination to these Scholarships will rest with the Universities of Calcutta, Madras, and Bombay in rotation, subject to the conditions hereinafter specified.

2. A Scholarship will be given every third year on like conditions, the nomination of suitable Candidates for which will rest with the Universities of the Punjab and Allahabad jointly. Each of these Universities may submit to the Government of India the name of one Candidate, and the actual nomination to the Scholarship shall be made (from the names submitted) by the Government of India.

3. The Scholarships will be given (during the next few years) in the following rotation †:—

1891. Calcutta, Punjab and Allahabad.
1892. Bombay.
1893. Madras.
1894. Calcutta, Punjab and Allahabad.
1895. Bombay.
1896. Madras.

4. (*a*) Each University shall make its nomination from among the more distinguished of its graduates of the three preceding years, who shall not be more than 22 years of age on the 1st of July in the year in which the Scholarship is awarded. Of these, that Graduate shall be selected who has done especially well in Science or Mathematics, and is desirous of pursuing—and is most likely to benefit by—a further course of scientific study in Europe. Provided that no person holding a Government of India Scholarship, tenable in England, shall be eligible, or shall continue to hold a Gilchrist Scholarship after he has accepted a Government of India Scholarship.

* The provision in the Section is as follows :— "That for the purpose of this Act the words 'natives of India' shall include any person born and domiciled within the dominions of Her Majesty in India, of parents habitually resident in India, and not established there for temporary purposes only ; and that it shall be lawful for the Governor-General in Council to define and limit from time to time the qualification of natives of India thus expressed."

† This rotation is arranged to avoid, as far as possible, giving to any University a Gilchrist Scholarship in the same year as a Government Scholarship : but it may possibly happen occasionally that a Scholarship may fall to be given by a University in the same year as a Government Scholarship.

(*b*) Probably the results of the examinations of the three preceding years will be a sufficient guide to the University in making the selection: but it will be open to each University to consider whether a special examination shall be held, although the Trustees hope that this will be avoided, if possible. If a special examination is held, all the necessary arrangements for it must be made by the University holding it; but the regulations which any University may propose to lay down in regard to such examinations must receive the previous approval of the Gilchrist Trustees. No examination should be held later than the month of June in any year, it being essential that all nominations should be made so as to afford the Scholar nominated a sufficient interval to complete his arrangements and to reach England in time for the Autumn term at the Universities and Colleges. The Candidates for the special examinations, when such examinations are held, must be Graduates of proved ability, selected by the Vice-Chancellor on the report of the Syndicate or governing body, who will in their turn be guided by the opinion of the Professors and Examiners.

5. Every Candidate for a Scholarship will be required to satisfy the Vice-Chancellor of the University as to his good conduct, his knowledge of the English language, his physical capacity to undergo the course of life and study which he will have to follow in Europe: he must also satisfy him of his intention, if successful, to proceed to England forthwith, and to reside in Europe for a period of three years, unless compelled to return sooner by ill-health or some other cause which may seem sufficient to the Gilchrist Trustees.

6. Each Scholar will be provided by the Government of India with a free passage to England. The Gilchrist Trust will provide a return passage (at the end of the three years) at a cost not exceeding £50, provided that the Scholar shall have fulfilled the conditions of his Scholarship; but the Scholar will not be entitled to claim any difference between the actual cost of passage and the amount above named.

7. Each Scholar must enter into a written engagement to submit to such regulations as may from time to time be issued by the Gilchrist Trustees for the guidance of the Scholars.

8. The tenure of the Scholarships will be strictly dependent on good conduct in Europe, and on satisfactory progress being made in study. The Gilchrist Trustees reserve to themselves the right of finally deciding whether a Scholar has or has not committed a breach of the Rules and Conditions on which his Scholarship is held, as also all questions which may from time to time arise, whether expressly provided for in the Rules and Regulations or not. They further reserve to themselves the power of altering the conditions of the Scholarships, or of altogether withdrawing them, if they shall think fit. Due notice of any alterations will be given, and changes will not be made in such a manner as to affect the interests of Students already appointed to Scholarships.

On the nomination of a Scholar being completed, the University or the Government of India (as the case may be) nominating him should communicate his name and address to the Secretary of the Gilchrist Trust, 4 The Sanctuary, Westminster, London. If the nomination is made after examination, the number and names, &c., of the Candidates from whom the selection was made, should also be communicated.

N.B.—One of the Gilchrist Trustees* will personally see each Gilchrist Scholar as soon as possible after he has reported his arrival at the Office of the Trustees, and will confer with him upon the course he may propose to pursue, and the University or College to be selected.

Regulations for Gilchrist Indian Scholars in England.

(1). Every Scholar shall, on reaching England, at once present himself at the Office of the Gilchrist Trust and report his arrival. He shall be provided with an official certificate of identity signed by the Registrar of the University by which he is nominated, or by a Secretary or Under-Secretary to Government.

(2). Every Scholar shall, on arriving in England, submit for the approval of the Gilchrist Trustees a statement showing the general course of study he proposes to follow; and specifying the University or College to which he proposes to proceed. After consideration of such Statement, the Trustees will decide at what University, or Science or Technical College, in Europe the Scholarship shall be tenable, and will prescribe the course to be gone through and the degree or diploma to be obtained. Every Scholar shall at once take steps to enter himself at the University or College which the Trustees shall have approved. The course finally prescribed by the Trustees shall not be changed without their sanction.

* Professor James Stuart, M. P., has undertaken this function for the present.

(3). Every Scholar shall, at the end of each University or College term, send to the Secretary of the Gilchrist Trust a certificate from the proper University or College authority, showing that his residence, conduct and progress in study have been satisfactory during the term.

(4). Every Scholar shall at all times obey such instructions as he may receive from the Gilchrist Trustees or their Secretary.

(5). The Scholarship allowance, at the rate of £200 a year for three years, will be paid quarterly, in advance, by the Gilchrist Trust, commencing from the date when the Scholar reports his arrival in England.

(6.) Every Scholar will forfeit his Scholarship who, not being disabled by illness or prevented by any other cause which the Gilchrist Trustees may consider sufficient, fails to complete a residence of three years in Europe, or who is at any time guilty of misconduct or disregard of the orders of the Gilchrist Trustees. If a Scholarship be forfeited, the Scholar will lose his claim to a free return passage to India.

BOOK CIRCULAR No. XVII—3792 G.

To

ALL DIVISIONAL AND SESSIONS JUDGES,

DISTRICT MAGISTRATES, DISTRICT JUDGES AND

JUDGES OF SMALL CAUSE COURTS IN THE PUNJAB.

Dated Lahore, the 4th September 1890.

Subject.

Revised instructions regarding the supply of blank registers.

THE following revised instructions on the subject of the supply of blank registers for use in the Civil and Criminal Courts are issued in supersession of those conveyed in Book Circular No I—477, dated the 21st January 1890. No very important changes have been made, but the instructions have now been completed and brought up to date.

Arrangements for the supply of blank registers for Civil and Criminal Courts from a Central Depôt

2. In accordance with instructions received from the Local Government, the Judges have arranged with the Inspector-General of Prisons to have blank ruled registers for the Civil and Criminal Courts supplied, with printed headings and strong bindings, from a central depôt to be maintained at the Central Jail, Lahore.

3. The registers will be made of convenient sizes, and will have the headings and columns printed and ruled. The paper used will be country milled paper known as *baddmi* at Rs. 4-3-2 per ream. The binding of all important registers will be of card-board, with leather backs and corners; and, of other registers, of *khárwa* cloth.

Description of registers.

4. The scale of prices has been revised by the Jail authorities in consultation with the Judges, and will be found in appendix A to this Circular. The number of pages contained in each register will be found noted in the same appendix.

Price of registers.

5. In order to introduce the new system without causing unnecessary inconvenience or wasting the registers now in use, it has been arranged to supply the new registers towards the close of the year 1890, so that they may be brought into use on and from the 1st January 1891. Arrangements can accordingly be made to avoid having a stock of unused old registers in hand at the close of the year 1890.

Introduction of the new registers from 1st January 1891.

6. Divisional and Sessions Judges in respect of their own Courts, and District Magistrates and District Judges, respectively, in respect of their own Courts and all Courts subordinate to them, will submit their indents for Civil and Criminal Registers direct to the Superintendent, Central Jail, Lahore. Indents of Small Cause Courts will be submitted through Divisional Judges. Indents for the year 1891 which have not yet been submitted, should reach the Superintendent not later than October 15th, 1890. In future years annual indents should be forwarded so as to reach the Superintendent not later than the 30th September of the year preceding that for which the indent is made.

Submission of indents for Civil and Criminal Registers.

7. Supplementary indents may, when necessary, be submitted at any time during the year, provided that they are sent two months at least before the registers indented for are required. While, however, supplementary indents will be complied with, the Superintendent, Central Jail, will be instructed to report to the Judges any officer who frames his annual indents so carelessly as to necessitate large or frequent supplementary indents. After the first year, at any rate, indenting officers should not find it necessary to resort largely to the expedient of supplementary indents.

Supplementary indents.

8. Appendix B shows the form in which indents should be submitted.

Form of indent.

9. In order to assist officers in framing their estimates, the Superintendent, Central Jail, Lahore, has already supplied specimen copies of the new registers.

Supply of specimen copies of the registers.

10. In regard to the adjustment of charges, the Superintendent, Central Jail, will submit bills direct to indenting officers, who will countersign and return them after having seen that they are correct. The amounts will thereupon be recovered and debited to the officers concerned in the usual manner. If it is found that the budget allotments for stationery or printing are disturbed by the fact that the cost of the registers for 1891 will have to be met from the budget of the current financial year, early arrangements should be made in order to obtain any additional budget sanction which may be necessary. Before action is taken, however, the revised price list now issued should be referred to.

Submission of bills direct to indenting officers.

11. In the event of any indenting officer desiring to suggest any alterations or improvements in any of the Registers, he should address the Registrar, Chief Court, and not the Superintendent of the Central Jail.

Proposals for altering registers, &c., to be made to Registrar.

By order, &c.

APPENDIX E.

No. 1639.

To—All Heads of Departments (except Public Works Department, Accounta t-General, Postmaster-General, Conservator of Forests, and Private Secretary to His Honor the Lieutenant-Governor) in the Punjab.

In the appended Circular of the Accountant-General, Punjab, No. 106 B., dated the 6th December 1888. disbursing officers were directed to have all outstanding contingent expenditure adjusted before the 31st March 1889 in order that the grants for 1889-90 and future years should be available in full for the expenditure to be incurred in those years respectively and that applications for extra grants should be obviated as much as possible. The latter result has to some extent been realized, but cases of exceeded budget grants are still far more numerous than they ought to be, and the Lieutenant-Governor must insist on every effort being made by disbursing and controlling officers to prevent them in future.

2. To this end disbursers of contingent expenditure are reminded that the annual budget grants for contingencies are not mere estimates which may be exceeded at the pleasure of those to whom they are allotted, but are the sanctioned limits within which all officers are expected to keep their expenditure. Charges which cannot be postponed should of course be incurred, and, when incurred, expeditiously adjusted, whether there is budget provision for them or not. But, except in cases of such urgency, expenditure which cannot be met from the grants of the year should be postponed to the following year and provision made for them in the budget of that year, and officers are bound to consider throughout the year in sanctioning expenditure which they may consider desirable, but which is not unavoidable, whether they can do so safely within the budget limits of the year. Applications for extra budget grants would not be so frequent if all concerned carefully observed these instructions and endeavoured by strict economy to reduce the necessary contingent expenditure to the lowest sum compatible with efficiency ; and the Lieutenant-Governor trusts that, having called the attention of officers to the subject, he will not have occasion to adopt other measures to prevent budget grants being exceeded His Honor will also expect controlling officers to be more successful than they have been hitherto in arranging to meet a deficiency of grant in one subordinate office by transfer from the grant of another. Every effort should be made to provide for local deficiencies by reappropriations of this nature without troubling the Government for an additional allotment.

3. In conclusion, the Lieutenant-Governor desires to remind officers that, when they incur charges which are inadmissible or objectionable under the standing rules and orders of Government, they do so at their own risk, and that the Government cannot undertake to sanction such charges on the ground that they have been incurred in good faith and on the public service. It is the duty of every officer to acquaint himself with the rules and orders by which the expenditure of Government is regulated, and the Punjab Government will not in future condone any breaches of the regulations, such, for example, as the purchase of prohibited articles and books, the grant of irregular allowances, &c., which cannot be justified on very good grounds. Controlling officers and Heads of Departments should decline to forward applications for sanction to such irregular expenditure unless there are sufficient reasons for recommending them for sanction.

Circular No. 106 B., dated Lahore, 6th December 1888.

From—R. LOGAN, Esquire, Accountant-General, Punjab,

To—All Deputy Commissioners and Disbursing Officers in the Punjab.

ATTENTION having been drawn to the large number of applications for additional budget grants which have been received in this office lately, I have the honor, at the instance of the Government of the Punjab, to communicate the following instructions and to request that they may be carefully complied with.

2. In the great majority of cases, in fact in nearly all, these applications are for extra grants under (a) Contingencies, Class B (b) Stationery charges, and (c) Printing charges of either Deputy Commissioners on the Revenue side, Criminal Courts or Civil Courts, and the principal reasons why the grants under these heads require to be supplemented are (1) that they have been fixed much below the average expenditure of previous years, and (2) that consequently the charges incurred in one year have not always been wholly adjusted in that year, a part of the expenditure incurred in one year having been held over for payment against the grant of the following year. The latter practice is highly irregular and should be discontinued at once. It should also be clearly understood that when grants are found to be inadequate the proper course is to apply in time for extra allotments and not to postpone the adjustment of charges to the accounts of another year.

3. In order to reduce the number of applications for extra budget grants during the coming financial year and thereafter to a minimum, I request that you will see that *all* the contingent expenditure, including Stationery and Printing charges of your office up to the end of the present year, is drawn and disbursed within that year, so that the grants for 1889-90 which are now under consideration may be available for the charges of that year only. If you are unable to comply with these requirements because your contingent grants for the current year have had to bear unadjusted charges of previous years, or special expenditure not provided for in those estimates, and are therefore insufficient to bear all the charges which should be defrayed this year, you should *at once* apply for a sufficient extra grant (furnishing full reasons why the application is necessary and how the additional sum required has been arrived at) with a view to prevent any expenditure of the current or previous years being left unadjusted on 31st March 1889.

Assignments, by way of limited grants for services rendered in 1848 or 1857-58 should not be resumed even in accordance with the terms of the grants without the previous sanction of the Financial Commissioner. Page 91, Circular 21, add a paragraph as follows:—

7 A. It appears to His Honor the Lieutenant-Governor to be very desirable that the Rules, for the appointment by competition of Extra Assistant Commissioners in the Punjab published with Notification No. 804 S., dated the 25th of July 1885, should be more strictly applied in future, as the admission of a great number of names to Register B insures a great number of disappointments and makes the examination very troublesome and laborious to the Examiners. It also vastly diminishes the chances of the men to whom it was intended by the rules to give a preferential chance. The following instructions for the future interpretation of the rules are accordingly published for the guidance of officers submitting recommendations for the acceptance of candidates on Register B:—

Punjab Government No. 96 of 29th January 1889.

(1). No roll should be submitted unless it is clear that the person possesses at least one of the qualifications mentioned in Rule 6 in addition to the indispensable qualifications mentioned in Rule 5.

(2). As to the interpretation of clause (*a*) of Rule 6, the fact that a young man's father has merely served with credit as an official does not properly bring him into that class, still less when it is only uncles or cousins or other relations who have served with credit. Really distinguished services or some act of loyalty performed by father or grandfather or other very near relative are required by the rule to give a family claim.

As to clause (*b*) mere respectability of status, or influence such as that which a member of a Municipal Committee may have in his town, is not sufficient to give a family claim under this clause. High social status, such as is indicated by a member of the family having an unofficial seat in Darbár, and territorial influence or influence due to great wealth, are what is meant.

As to clause (*c*), if a man has no family claims under clauses (*a*) and (*b*) the B. A. or B. O. L. degree of a University is the line below which such a man should never be recommended on the simple ground of educational attainments. Nor should all B. A's. be admitted as a matter of course: the class is becoming a numerous one, and, among candidates who have not yet got a higher degree, those only should be selected who stood high on the B. A. list, or who seem likely from the reports to be in other respects specially fit for direct appointment to high office.

(3). Experience shows that the system of direct appointment by competitive examination tends in practice to give these appointments exclusively to townspeople, for the most part the sons of traders or of petty officials. In recommending candidates for entry in Register B, either under Rule (3) (*b*) or rule 6, officers should endeavour, so far as may be fairly possible, to counteract this tendency by accepting somewhat lower qualifications in the case of candidates who belong to the old land-holding tribes of the Punjab. No doubt under a system of competitive examination most of these appointments must at present infallibly go to candidates of the class which has hitherto monopolised them, but it is desirable to encourage educated young men of the land-holding classes to enter for these examinations and to give them some chance of success, and, if they fail to win an appointment but succeed in passing a creditable examination, it would beadvisable to select the best of them for appointment by nomination to suitable posts under Government.

After each examination the lists of candidates and others are inspected in the Financial Commissioner's Office with a view to ascertaining which persons have had their last chance under Rule 4, page 834, Volume II, Punjab Revenue Circulars. Those persons coming under Rule 4 (*i*) (*a*), (*c*), (*d*) and (*e*) or (4) (*ii*), (*b*) and (*c*), who have not been exempted from examination and who have not had their last chance, are then warned that they are required to appear at a specified examination and to pass.

It is requested, therefore, that in future when such applications are made the grounds should be clearly stated.

22.—A copy of books IX and X will be kept by the District Revenue Accountant (Sadr Wásil Báki Navís) at district head-quarters. His copies will be written up at the end of each quarter. To this end, in the case of the first three quarters of the financial year, each Tahsíldár will send to the Sadr, on the day on which the Treasury Accounts of his tahsíl for that month are closed, true extracts—

Circular No. 27, 1890.

(a) in the case of the first quarter of the year, of all entries made in the ledgers (IX) and the kistbandís (X) from 1st April to date;

(b) in the case of the 2nd and 3rd quarters, of all entries made in those books since the closing of the monthly Treasury Accounts of the last month of the previous quarter.

In the case of the last quarter of the year, each Tahsíldár will, in March, send up his books IX and X to the Sadr.

The District Revenue Accountant will complete his copies of those books at the end of each of the first three quarters from the extracts aforesaid, and at the end of the year (in March) from the original books. While doing so, he will ascertain whether all collections have been duly credited to the ledger concerned.

In March no advances should be made except under urgent necessity. The tahsíl books should be kept at district head-quarters as short a time as possible, and should all be returned to tahsíls by 1st April.

23.—It will be observed that the monthly accounts show all payments in lump sums without distinguishing between principal and interest. It remains to explain how those portions of the instalments which consist of interest are brought under their proper head in the Treasury Accounts.

In consequence of the orders of the Government of India regarding check upon net out-goings, it is necessary that this should be done at the end of every quarter. As soon as possible after the close of each quarter the Accountant-General will forward to the Deputy Commissioner of each district in which any repayments of loans have occurred during that quarter a Return in the form of Appendix XIV of this Circular. The Accountant-General will fill up only columns 2 to 6 (both inclusive) and column 12 (total repayments), and it will be for the Deputy Commissioner to enter in columns 7 to 11 (both inclusive) and in column 13 the portion of the repayments that consists of interest, and to send back the form so completed to the Accountant-General.

In the case of the quarter ending 31st March, the Accountant-General will fill up the columns 2 to 6 for January and February only, and will send the statement to Deputy Commissioners in March. Deputy Commissioners will themselves enter the figures for March in all the columns and return the statement to Accountant-General as early in April as possible. That officer will then credit the sums paid during the past quarter on account of interest as a Provincial Receipt under "XII Interest" and direct the Treasury Officer to make an equivalent correction in the balance of the Loan Accounts. The correction will be made by adding to the balance due a sum equal to that credited under the head "Interest." The amount of interest payable to Imperial will be adjusted by the Accountant-General in the same manner as the interest chargeable to Provincial Revenues on account of capital expenditure on Railways and Irrigation Works is adjusted: this does not concern Deputy Commissioners.

24.—The fact that it will be necessary to state in columns 7 to 11 of Appendix XIV the interest collected during the quarter should be borne in mind by the District Revenue Accountant when he is copying and checking the ledger accounts, as prescribed in paragraph 22. It will be necessary for him to make out a list of all instalments paid during the quarter and by reference to the instalment tables to ascertain how much of each instalment was on account of interest.

E.—Explanation of differences between the results shown in Part A and those shown in Parts B, C and D.

[There should usually be no differences except the one below mentioned. But, if any others are discovered, the cause should be explained. The interest items will always cause some disagreement between the last entry in Part A and the last entry in Part D; *e. g.*, if in the quarter ending 31st March 1888 the sum collected as interest is Rs. 1,200, under paragraph 23 of this Circular, this will not be transferred to Revenue until after the end of the quarter. Consequently on the 31st March 1888 the total outstandings shown in Part D will exceed the last entry in Part A by Rs. 1,200.]

CHIEF COURT.

BOOK CIRCULAR No. XVIII—3822 G.

To

ALL SESSIONS JUDGES, DISTRICT MAGISTRATES AND MAGISTRATES IN THE PUNJAB.

Dated Lahore, the 5th September 1890.

Subject.

Rules regulating the management of and control over *Judicial Lock-ups* and the treatment of *under-trial* prisoners.

THE annexed consolidated and amended rules and instructions, regulating the management of and control over Judicial Lock-ups, are issued by the Judges, with the concurrence of the Inspector-General of Prisons and the approval of the Local Government, in supersession of those contained in Judicial Circular No. LXXIX of the Volume of Judicial Circulars, 3rd edition, and the previous orders on the subject noted at foot.*

2. The essential difference between a Judicial and a Police Lock-up is—

Difference between Judicial and Police Lock-ups.

(i) that no prisoner can be kept in a Judicial Lock-up without the written order of a Judicial officer to the Jailor, or Názir, or Náib-Názir in charge, stating the offence for which he is detained and whether bail is allowed or not, nor can a prisoner be removed without such written order;

* Judicial Commissioner's Circular No. 87 of 1856.
Circular Memo. No. 24 of 1887.
Book Circular No. XVII of 1888.

(ii) that no prisoner can be detained in a Police Lock-up longer than twenty-four hours, exclusive of the period necessary for the journey from the place of arrest to the Magistrate's Court, without the special order of a Magistrate.

3. Judicial Lock-ups contain—

Judicial Lock-ups.

(i) persons under trial before Magistrates, including persons remanded at the request of the Police as well as persons in cases remanded to the Police;

(ii) persons under trial before the Sessions Judge; and

(iii) in certain districts prisoners under sentence for *short* terms, who are detained in Lock-ups for the whole period of their sentence, and prisoners under sentence for *long* terms, who are similarly detained until opportunity offers for their transfer to the nearest Jail.

Lock-ups which must be regarded and treated as Judicial Lock-ups.

4. In a return recently received, the District Magistrates of certain districts have stated that there are no Judicial Lock-ups in their districts. This is obviously wrong. Every Lock-up which is used for purposes other than that for which the Police are entitled to use a Lock-up (as explained above in clause (ii) of paragraph 2), must *ipso facto* be regarded and treated as a Judicial Lock-up. In several districts the Judicial Lock-up at the head-quarters of the district is located in the Jail and is managed by the Jail authorities; this, however, is no reason for saying that there is no Judicial Lock-up in the district. In some districts the Lock-ups at the head-quarters of tahsíls are located in the local Police Station, and are used for confining persons in temporary police custody as well as those in magisterial custody. In all such cases the Lock-up is to be regarded and treated as a Judicial Lock-up. The mere fact that in several districts no special establishments have been sanctioned for Judicial Lock-ups does not show that no such Lock-ups exist in such districts. The Lock-up, or one of the Lock-ups, at the head-quarters of every district and tahsíl must necessarily be a Judicial Lock-up. District Magistrates are required by the rules [rule XIV, clause (iii)] to assign proper places for the Judicial Lock-ups and their guards at all Court-houses, and should see that this rule is at once complied with in regard to the Courts at the head-quarters of the district and at each tahsíl.

Females and juveniles to be separately accommodated.

5. Separate accommodation should be provided for female prisoners, and sufficient privacy should be afforded them. When a juvenile prisoner is admitted to a Lock-up precautions should be taken to confine him separately from adults.

Purely Police Lock-ups.

6. Purely Police Lock-ups are under the exclusive control of the Police Department. Police Officers are strictly responsible for any infringement of the law in regard to them, and the Magistrate is bound, of his own motion, to take cognizance of such infringement. Where a Police Lock-up comes to be used as a Judicial Lock-up, the District Magistrate immediately becomes responsible for the enforcement therein of these rules.

Lock-ups at Rájanpur, Mardán and Kulu are under the direct control of the Inspector-General of Prisons.

7. The Lock-ups at Rájanpur in the Dera Gházi Khan district, Mardán in the Peshâwar district, and Kulu in the Kángra district, are at present under the direct control of the Inspector-General of Prisons, as they are used as subsidiary Jails for prisoners undergoing short sentences, though they have not yet been declared to be so under the provisions of Act XXVI of 1870. Pending the further orders of Government on this point, no change will be made in regard to these Lock-ups so far as the control over them of the Inspector-General of Prisons is concerned. In other respects these rules will apply to them as to all other Judicial Lock-ups.

Financial control of Inspector-General of Prisons continues undisturbed over all Judicial Lock-ups.

8. The Inspector-General of Prisons has hitherto exercised financial control over all Judicial Lock-ups, in regard to such matters as sanctioning expenditure, approving of budget arrangements, and dealing with questions relating to the entertainment of special establishments and other similar matters. It is not at present intended to introduce any change in regard to these matters.

Management and inspection of Lock-ups.

9. District Magistrates should see that all Lock-ups within their districts are efficiently managed; that prisoners confined therein are properly cared for, and that these rules are duly observed. It should be regarded as an important part of the Sessions Judge's duty to inspect Judicial Lock-ups on all convenient occasions; and a brief report of the result of every such inspection should be communicated both to the Inspector-General of Prisons and to the Judges.

10. Prisoners under trial should not be needlessly taken about from place to place when a Magistrate goes on tour. Such a practice cannot fail to be prejudicial to the health of the accused, and Magistrates are requested to adopt such measures as will lessen the frequency of the practice and obviate any evil results.

Prisoners under trial not to be taken needlessly into camp.

11. Officers are requested to consider the disposal of cases where the accused is in custody as urgent, and as having the first claim on their attention.

Cases in which the accused are in custody to be promptly dealt with.

12. Under-trial prisoners confined in a Lock-up should not be permitted to converse with people out side; but provision should be made, under the rules, to enable them to hold interviews with their friends and advisers, subject to such limitations as to times and places as may be proper and convenient.

Under-trial prisoners not to hold communication with people outside.

13. Care should be taken that prisoners are not unnecessarily exposed in any way to inconvenience, suffering or degradation.

Prisoners not to be unnecessarily inconvenienced.

By order, &c.,
E. W. PARKER,
Registrar.

XII. (*i*).—The District, Sub-Divisional or Cantonment Magistrate having a Judicial Lock-up under his control, is at all times responsible that, though the strict rules as to sanitation and discipline observed in regular Jails are not in force in Judicial Lock-ups, these points are duly attended to. As to sanitation, the Magistrate should see that sanitary precautions similar to those observed in Jails are taken; that the buildings are not crowded or badly ventilated, and that the food is of proper quality and according to the prescribed scale of diet.

Sanitary precautions and discipline.

In regard to discipline, the Magistrate should take measures to ensure proper behaviour amongst the prisoners. He should see that prisoners are not permitted to be noisy or turbulent, or to quarrel or fight with one another; that they behave in a quiet and orderly

manner, and are respectful and obedient to the officer in charge of the Lock-up. Prisoners confined in a Lock-up should not be permitted to communicate with persons outside; nor should they be permitted to procure or endeavour to procure any article from outside except on the written order of the Magistrate in charge of the Lock-up.

Females and juveniles to be provided with separate accommodation.

(*ii*). Separate accommodation should be provided for female prisoners, who should be allowed sufficient privacy. Juveniles should not be placed in the same ward with adults.

Custody and escort of prisoners under trial.

XIII.—The officer in charge should invariably give a receipt to the jailor, turnkey or other officer, as the case may be, for the body of every prisoner taken charge of by him, and should invariably use the agency of the Police to conduct prisoners to and from court or any other place to which they may be sent under proper authority.

Prisoners under trial not to remain in Police Lock-up.

XIV. (*i*).—No prisoner under trial should be permitted to remain in a Police Lock-up except under the orders of a Magistrate, or when in transit. A prisoner in a case remanded to the Police should not be sent to the Police Lock-up without the written order of the Magistrate, even though his case may be with the Police.

Custody of prisoners under trial in camp.

(*ii*).—If a Magistrate proceeds on tour, and prisoners under trial accompany him, they are still to be considered as being constructively in the Judicial Lock-up of such Magistrate's station for the purposes of these rules.

Place to be assigned in Court-house to prisoners under trial.

(*iii*).—In each Court-house, or in the buildings attached to it, a proper place shall be provided for the prisoners under trial and their guard.

Note.—The amount of space which should be available in a Judicial Lock-up should ordinarily be not less than 648 cubic feet of air space and 36 feet of floor area, per prisoner. Lateral ventilation, exclusive of iron bars and door jambs, should not be less than ten square feet. Separate accommodation should be provided for females and juveniles.

Reception into and removal from Lock-ups to be on the written order of Magistrate.

XV. (*i*).—Under-trial prisoners shall not be received into or removed from a Lock-up except on the written order of a Magistrate.

Travelling expenses of prisoners to be defrayed by the Magistrate ordering the transfer.

(*ii*).—When a prisoner under trial is transferred from one place to another under the orders of a Magistrate, the Magistrate under whose orders the prisoner is transferred shall pay, in advance, the travelling expenses for the whole journey, and not merely to the head-quarters of the nearest district *en route*.

Sick or wounded prisoners not to be transferred till cured.

(*iii*).—Under-trial prisoners shall not be transferred while suffering from serious illness. And if there is a dispensary at the place where a Lock-up is situated, no prisoner who is ill shall be transferred until previous medical examination has shown him to be in a fit state of health to undergo the journey. Sick or wounded prisoners under trial at the head-quarters of districts shall be confined in Jail Hospitals whenever medical advice or treatment may be necessary.

Under-trial prisoners to wear their own clothing except in certain cases.

XVI.—Prisoners under trial shall be allowed to wear their own clothing. But in order to provide for persons who are insufficiently clad, a supply of blankets shall be kept in stock at each Judicial Lock-up. The blankets shall be obtained from the Jail of the district or from a neighbouring Jail, on indent prepared by the District Magistrate and passed by the Inspector-General of Prisons.

Unnecessary restraint prohibited.

XVII.—Under-trial prisoners shall be subjected to no further restraint than is necessary for their safe custody; and shall not ordinarily be confined in fetters or placed under mechanical bodily restraint: Provided that the officer in charge may, with the permission in writing of the Magistrate having control over the Lock-up, have recourse to fetters or other necessary mechanical bodily restraint in the case of any under-trial prisoner who is violent or turbulent, or who is considered to be otherwise dangerous.

Identification of habitual offenders.

XVIII.—Whenever it shall come to the knowledge of the officer in charge of a Lock-up that a prisoner confined therein is a habitual offender or has been previously convicted of any offence, he shall forthwith report the fact to the Magistrate.

Note.—Under-trial prisoners should not be permitted to crop their hair or to alter their personal appearance in any way so as to make it difficult to recognize them.

Intimation of release to be given to officer in charge of Lock-up.

XIX.—When an under-trial prisoner is discharged in open Court or released on bail while attending the Court, the presiding officer of the Court shall intimate the fact, in writing, under his signature, the same day, to the officer in charge of the Judicial Lock-up from which the prisoner was sent to such Court.

Personal or written communications with friends or legal advisers allowed.

XX.—Prisoners under trial shall be given all reasonable facilities for communicating, either personally or by letter, with their friends or legal advisers. Interviews may be allowed, and letters forwarded, under the authority of the Magistrate having control over the Lock-up.

Property of prisoners to be made over to the Sheriff or Deputy Sheriff.

XXI.—Money or other property found on the persons of under-trial prisoners, with the exception of combs and personal ornaments, shall be taken charge of by the Sheriff or Deputy Sheriff. A list of such articles shall be recorded on the back of the prisoner's warrant, and the Sheriff or Deputy Sheriff shall be held responsible that they are made over to the prisoner or duly forwarded to him if he is discharged or acquitted or punished otherwise than with imprisonment; and are forwarded to the officer in charge of the Jail in which he is or is to be confined if he is sentenced to imprisonment.

XXII. (*i*).—The punishments awardable for breaches of rules shall be as follows:—

Punishments for breaches of rules.

(*a*) isolation in a cell or separate ward for a period not exceeding seven days;

(*b*) penal diet consisting of bread and water for a period not exceeding three days: the quantity of bread to be 8 chitaks of wheaten flour made into chapatties;

(*c*) in the case of turbulent or dangerous prisoners, confinement in fetters.

Authority for punishments.

(*ii*).—Punishments may be inflicted under the written order of the Magistrate having control over the Lock-up.

Prisoners under sentence who are required to undergo their sentence in a Lock-up, to be dealt with according to Jail rules.

XXIII.—Prisoners under sentence who may be temporarily confined in a Lock-up, or who may be required to undergo their sentence in a Lock-up which is a subsidiary Jail, shall, as far as may be, be subjected to the same rules, with regard to labour and discipline, as are in force in regular Jails.

Register of admissions and removals.

XXIV.—A register, in the Form C annexed to these Rules, showing every admission to and removal from a Judicial Lock-up, shall be maintained by the officer in charge.

BOOK CIRCULAR No. XIX—3937 G.

To

ALL SESSIONS JUDGES AND DISTRICT MAGISTRATES

IN THE PUNJAB.

Dated Lahore, the 17th September 1890.

Subject.

Trial of the more serious criminal cases by District Magistrates under their enhanced powers.

THE Judges regret to observe a tendency on the part of several District Magistrates to relieve themselves of a portion of the most important of their legitimate work by directing the committal to the Sessions of cases which they might properly and adequately deal with in the exercise of their enhanced powers under section 30 of the Code of Criminal Procedure.

Importance of this duty.

2. In more than one communication recently received from the Local Government His Honor the Lieutenant-Governor has pointed out how necessary it is that District Magistrates should devote the utmost attention to the administration of criminal justice in their districts, and has commented on the importance of their duties in respect of the trial of the more serious cases under their enhanced powers. Apart, therefore, from the fact that if cases which the law allows to be tried by the District Magistrates are committed to the Sessions, the Sessions Courts must necessarily become unduly burdened with work which should not ordinarily fall upon them, it is in the highest degree expedient that District Magistrates should take a proper share of the more important criminal business of their districts. The Judges have constantly, during the past few years, impressed these views on District Magistrates and will feel compelled to take serious notice in the future of any case in which a District Magistrate is found to have neglected this branch of his duties.

In the absence of special reasons to the contrary District Magistrates should dispose of all cases triable under their enhanced powers which they can adequately punish.

3. The Government and the Judges concur in the view that all cases which District Magistrates are competent to try under their enhanced powers should be tried by them: provided that the punishment which they are able to inflict is adequate to the circumstances of the case, or unless some special reason can be shown which renders a committal to the Sessions desirable.

District Magistrates should not issue general instructions directing the committal of classes of cases.

4. A District Magistrate should not, therefore, direct (by instructions to his Subordinate Magistrates or otherwise) that any particular class or classes of cases triable by him in the exercise of his powers under section 30 of the Code of Criminal Procedure, should ordinarily, or as of course, be committed to the Sessions. Each case should be dealt with on its merits, and in any case triable by the District Magistrate which he considers should not be so tried, he should record his reasons for not trying it.

Supplementary instructions showing how District Magistrates should use their discretion.

5. In order to show more clearly the manner in which the discretion vested in District Magistrates should be exercised, the following instructions are issued in continuation of those contained in Judicial Circular LXXX of the volume of judicial circulars, 3rd edition :—

(1) all *chaláns* of cases triable by the District Magistrate under his enhanced powers, and all *chaláns* under chapters XII and XVII of the Indian Penal Code in which habitual offenders are concerned, should be submitted to the District Magistrate, who should use his discretion as to what cases he will dispose of himself and what cases should be sent to other Magistrates with a view to their being committed to the Sessions ;

(2) the District Magistrate should endeavour to dispose of as many of such cases as possible himself, and if he causes any such cases to be committed to the Sessions, he should be prepared to justify his action in each case. He should not ordinarily try—

(a) cases in which he takes action on his own knowledge or information;

(b) cases of homicide which appear *primâ facie* to be cases of murder, but in which the accused may be able to establish an exception reducing the offence to culpable homicide not amounting to murder;

(c) cases in which a punishment of seven years' imprisonment would be inadequate; or

(d) other cases in which special grounds exist for rendering a committal desirable, provided that (as above stated) he must be prepared to justify his action in each case.

Habitual neglect of these instructions to be reported.

6. Sessions Judges are requested to bring to the notice of the Judges any case in which these instructions are habitually neglected.

By order, &c.,

E. W. PARKER,

(Translated)

Registrar.

In *shared villages* reductions in revenue due to the acquisition of land for the State should be made from the Khalsa Rent Roll, unless this course is prevented by a local arrangement of the share or other sufficient reason.

Where jágír or máfi land taken up is insignificant in amount, and reduction cannot be made from the Khalsa Rent Roll, the above rules regarding cash compensation apply. But *when the amount of the jágír or máfi land taken up carries a revenue of more than Rs.* 100 *per annum, or when such revenue is more than one-fifth of the total land revenue enjoyed by the assignee, and the reduction cannot be charged to the Khalsa Rent Roll*, the Local Government is willing to receive proposals through the Financial Commissioners for the grant of a pension or of a new assignment in lieu of the cash compensation otherwise payable for the assignee's interest in the land. Such proposals should not be made as a matter of course, but only when clearly indicated by the circumstances of the case. When such proposals are not made, the matter will be dealt with under the ordinary cash compensation rules.

42 A. The circumstances of the various tracts in the Punjab which are subject to di-alluvial action vary so much that it is not desirable that any attempt should be made to prescribe a fixed system to be followed in all cases. In all districts in which re-measurements are now proceeding, or in which they may be commenced in future in connection with re-assessment operations, every village, any portion of which is subject to alluvion and diluvion, should be entirely re-measured on the square system. A report giving details of the manner in which he proposes to carry out these instructions should in each case be submitted by the Settlement Collector, through the Commissioner of the Division, for the orders of the Financial Commissioner. In districts into which the square system of measurements has not yet been introduced, re-measurements of di-alluvial tracts on the square system should not at present be undertaken. But whenever, for any reason, re-measurements of villages subject to river action have to be undertaken, the square system should, if possible, be introduced, after the orders of the Financial Commissioner have been taken, as in the case of districts under re-assessment.

Government of India, Public Works Department, No. 35 I., dated 15th February 1886 :—

WITH reference to entry No. 173 W.-I., 438 in the Abstract of Irrigation Proceedings of the Government of Bombay for the month of September 1885, regarding countersignature by Revenue Officers of the estimate of the growth of irrigation revenue receipts and charges accompanying an irrigation project, I am directed to observe that such countersignature must be held to mean that the Revenue Officers concerned have examined the forecast of revenue by the light of all the information at their command, and that it is of no value unless such scrutiny has been exercised. I am therefore to request that in future every irrigation scheme, whether original or revised, may be accompanied by a report showing the opinion of the Revenue authorities on its financial prospects and the basis on which such opinion has been formed. I am also to suggest that it would be advisable to invite the co-operation of the Revenue Officers and obtain their opinion on the remunerative character of future irrigation projects before time and money have been spent in elaborating them up to the standard necessary for sanction.

The following additional orders have recently been issued by the Punjab Government as an addendum to Punjab Government, Public Works Department, Irrigation Branch, Circular No. 139-5377 I., dated 29th November 1887, with which the above orders of the Government of India were circulated :—

Similarly, all new drainage schemes and alterations to existing drainage systems should be prepared in consultation with the Deputy Commissioner, whose opinion should accompany the estimate for the work.

The Deputy Commissioner's opinion should be asked for, not only on the points noted in paragraph 2 of Circular No. 57, but also on the incidence of cost of the scheme.

Care should be taken to discriminate between schemes which seem fairly chargeable to local bodies, or to the estates which will be benefited by the works, and those which it is thought should be undertaken at the cost of Government : in cases where it is considered that Government should bear a share of the cost, the proportion to be borne should be stated.

Where large drainage schemes, affecting more than one district, are concerned, the opinion of the Commissioner of the Division should also be obtained.

Financial Commissioner's Circular letter 4232 of 8th July 1890.

The question whether security is to be taken from Assistant Treasurers, or Tahsíl Cashiers, is to be decided as follows. Those sub-treasurers who may after due enquiry be found to be Government servants proper as explained in Financial Commissioner's Circular No. 70 of 1886, and Articles 394 and 395 of the Civil Service Regulations, should be required to give security to Government; but, when sub-treasurers are found to be mere servants of the head treasurer, no security need be demanded from them on behalf of Government. In such cases the interests of Government are sufficiently protected by the security taken from the head treasurer. When it appears that security should be demanded of a sub-treasurer who has not as yet given security, the Deputy Commissioner should report what amount and kind of security should be taken.

CHIEF COURT.

BOOK CIRCULAR No. XXI—4513 G.

To

ALL DIVISIONAL AND DISTRICT JUDGES
IN THE PUNJAB.

Dated Lahore, the 10th November 1890.

Subject.
Process-serving establishments, and service of processes through agencies attached to courts at Tahsils.

THE sanction of the Government of India and Punjab Government having been accorded to certain proposals of the Judges for strengthening and improving the process-serving establishments in districts, in view to the better service of civil processes and to attainment of greater efficiency in the matter of the execution of decrees, the following instructions are issued in continuation of those contained in Judicial Circular No. CXXXII of the volume of Judicial Circulars, 3rd edition.

Revised scale of process-serving establishments for districts issued in supersession of that contained in Appendix II, Part C., of the volume of Judicial Circulars, 3rd edition, page 618.

2. The revised scale of establishment, paid from process fees, for each district, is given in the annexed schedule. This scale takes the place of that contained in Appendix II, Part C., of the volume of Judicial Circulars, page 618. These orders do not affect the scale of such establishments allowed for Commissioners, Divisional Courts and Small Cause Courts (including those in Cantonments), which are regulated by Appendix II, Parts A. and B., of the volume of Judicial Circulars (pages 616 and 617).

Addition of new grades of officers to those shown in Rule VIII of the rules made under the Court Fees Act, 1870.

3. The scale now sanctioned for District Courts is subject to the provisions of rule VIII of the rules made under section 20, clause (iii), of the Court Fees Act, 1870 (Judicial Circulars, page 499), the only change made in that rule being in the addition of the following grades of officers to those contained in the rule, namely,—

14 Civil *Názirs*, 1st Grade, on Rs. 25 *per mensem*.

17 Ditto, 2nd Grade, on " 20 " "

40 *Madad Muharrirs* for Munsifs' Courts on " 10 " "

72 *Madad Náib-Názirs* for outlying Courts on " 10 " "

102 Execution Bailiffs on " 8 " "

Appointment of 14 Civil *Názirs* on Rs. 25 and 17 on Rs. 20 *per mensem*; 40 *Madad Muharrirs* for Munsifs at head-quarters; and 72 *Madad Náib-Názirs* in connection with the new system of localizing service of processes and the improvement of execution of decree business.

4. The appointment of a Civil *Názir* on Rs. 25 *per mensem* in the case of each of the fourteen more important districts, and on Rs. 20 *per mensem* in each of the remaining seventeen districts, has now been sanctioned. Forty *Madad Muharrirs* on Rs. 10 *per mensem* have also been sanctioned in order to strengthen the establishment of Munsifs located at head-quarters of districts, and, in two instances, namely, in the case of Batála in the Gurdáspur District, and Kasúr in the Lahore District, for the Munsifs stationed at those places. Seventy-two *Madad Náib-Názirs* have been sanctioned in order to facilitate the introduction of the system of serving processes locally through agencies attached to Courts sitting at outlying *tahsíls*, and have been distributed in the manner considered most suitable with reference to the correspondence which has recently taken place in connection with the amendment of section 72 of the Civil Procedure Code by Act VII of 1888.

Revision of scale of *Náib-Názirs* on Rs. 15 *per mensem*.

5. The scale of *Náib-Nazirs* on Rs. 15 *per mensem* has been revised and reduced from 186 to 183, and the latter number has been redistributed with reference to changes made under other heads of the establishment. In a few districts * the number of *Náib-Názirs* on Rs. 15 has been increased in order to provide the necessary local agency at *tahsíls*. In a few other districts † the number of these officers has been reduced, while in the remainder it remains stationary; but in all districts *Náib-Názirs* or *Madad Náib-Názirs* or both have been allowed in order to strengthen the establishment required to carry out the system of localizing the service of processes above referred to.

* Delhi, Amritsar, Gurdáspur, Siálkot, Lahore and Ferozepore.

† Rohtak, Hoshiárpur, Kángra, Jullundur, Jhang, Muzaffargarh, Jhelum, Gujrát, Bannu, Hazára and Kohát.

Appointment of 102 Execution Bailiffs and revised scale of process-servers referred to.

6. In the two grades of process-servers on Rs. 6 and Rs. 5, respectively, reductions have been made in most districts, but, on the other hand, a few Execution Bailiffs on Rs. 8 *per mensem* have been sanctioned for each district, the total number of these officers allowed being one hundred and two.

Remarks on the changes introduced.

7. Having regard to the fact that under the system of localizing the service of processes by sending them for service to agencies attached to courts situated at outlying *tahsíls*, a smaller number of process-servers will be necessary than under the system hitherto in force; while the additional *Madad Muharrirs* and *Madad Náib-Názirs* now allowed will render it unnecessary to employ process-servers as assistant writers. The employment of process-servers upon duties unconnected with the serving of processes has, moreover, under recent orders, been absolutely forbidden. Under these circumstances, the scale of process-servers now sanctioned should be found ample in all districts. Indeed, it is probable that if District Judges pay proper attention to the matter, they will in some cases find it possible to work with a smaller number of process-servers than that now sanctioned. Where this is found to be the case the number should be at once reduced, and intimation that this has been done sent to the Chief Court.

Improvement should take place in the service of processes and disposal of execution of decree business.

Necessity for close supervision on the part of District Judges insisted on.

8. The appointment of Civil *Názirs* and of *Madad Muharrirs, Madad Náib-Názirs* and Execution Bailiffs, should result in a marked improvement in the regularity and promptitude with which the processes of the courts are served, and consequently in the more speedy disposal of civil business generally by those courts. A more efficient discharge of the duties of the Civil Courts in connection with the execution of decrees, more especially in regard to the attachment and sale of property, may also be looked for. The percentages of realizations in execution of decree should increase, and applications for execution of decree should be more rapidly and effectively dealt with. The importance of watching the action of subordinate Civil Courts in the matter of service of processes and execution of decrees is not always borne in mind by District Judges, many of whom are apparently apt to neglect their functions of supervision and control in regard to these and other similar matters. It is impossible to expect the Subordinate Courts and their ministerial establishments to work efficiently unless the District Judge pays constant attention to the proper distribution of business and its prompt and regular disposal by them.

Full establishment may be entertained on 1st January 1891, if the new system has been carried out fully and process-servers are not employed on extraneous duties.

9. The establishment now sanctioned may be entertained on and from the 1st January 1891, at the full strength shown opposite each district in the schedule, provided that the new system of serving processes through *Tahsíl* Courts has been fully introduced, and that process-servers are not employed on any duties foreign to the purpose for which they are entertained. If these two conditions are not fulfilled, the additional *Náib-Názirs, Madad Náib-Názirs* and Execution Bailiffs are not to be appointed pending further reference to the Chief Court. Every District Judge should report early in January next whether these conditions have been fulfilled and the establishment here ordered has been entertained or not.

Object of appointing a Civil *Názir* stated. His duties indicated.

10. The appointment of a Civil *Názir* is not intended to affect the position of the District *Názir* as head of the process-serving establishment, in regard to the distribution and service of the processes of Civil, Criminal and Revenue Courts. The provisions of paragraphs 7, 9, 11, 13 and 14 of Judicial Circular CXXXII in regard to the District *Názir* remain in force therefore, but the Civil *Názir* will be expected to relieve the District *Názir* of most of the detailed duties connected with the Civil Courts; and more particularly in regard to the keeping of the Civil Deposit and Repayment Accounts and the management of execution of decree business. It is left to District Judges to issue detailed instructions as to the duties connected with the Civil Courts which are to be performed by the District *Názir* and Civil *Názir* respectively. The relief thus given to the District *Názir* should enable him to devote more time to the distribution of business amongst process-servers, the transmission of processes to agencies located at *tahsíls* for service, the management of the accounts and correspondence regarding the payment of diet money to witnesses, and other similar matters connected with the carrying out of the system of serving processes through *Tahsíl* Courts.

Only efficient men possessing some knowledge of English as well as Urdu should be appointed Civil *Názirs*. Civil *Názirs* are not to be employed on duties connected with the Criminal and Revenue Courts, and are placed entirely at the disposal of the District Judge.

11. In making appointments to the post of Civil *Názir* care should be taken to appoint thoroughly efficient men only. No person who is not competent to examine and keep accounts in both English and Urdu should under any circumstances be entertained. Subject to these conditions, one of the present *Náib-Názirs* should, if possible, be promoted to the post of Civil *Názir*. The Civil *Názir* is not to be ordinarily employed on duties connected with the Criminal and Revenue Courts, for which the District *Názir* must be held solely responsible. The Civil *Názir* will be entirely under the orders and control of the District Judge.

District Judges to deal with Civil *Názirs, Madad Muharrirs, Madad Náib-Názirs* and Execution Bailiffs as part of their ministerial establishment, process-servers being dealt with under rule XV of the rules made under the Court Fees Act. Qualifications of persons appointed alluded to.

12. The Civil *Názirs, Madad Muharrirs, Madad Náib-Názirs* and Execution Bailiffs will all be appointed by the District Judge, and will be dealt with generally under the powers conferred upon him by the Punjab Courts Act in regard to the ministerial establishment of his own and Subordinate Courts. The appointment and promotion of process-servers are already provided for by rule XV of the rules made under the Court Fees Act (Judicial Circulars, page 501). No one who is sickly, old or incapable of a good deal of physical exertion should be appointed an Execution Bailiff or process-server. A knowledge of Urdu

should be regarded as an indispensable qualification for appointment to the post of Execution Bailiff, and no one should, in future, be appointed a process-server unless he can read and write some language current in the province.

Points which came to the notice of the Chief Court in dealing with the new system of process-serving, specified and remarked upon.

13. In giving effect to the new system of serving processes through agencies attached to courts located at outlying *tahsíls*, the following points were brought prominently to notice namely—

(1) that postal charges would be considerably increased ;

(2) that the agency attached to the courts of Munsifs and *Tahsíldárs* was inadequate ;

(3) that at *tahsíls*, where no Munsif's court was located, there was no one competent to attest the affidavits of serving officers when the Tahsíldár was absent from head-quarters on tour ; and

(4) that it was difficult to comply with the provisions of sections 160 and 161 of the Code of Civil Procedure in regard to the payment to witnesses of their expenses at the time the summons was served upon them.

The additional cost under the first head is inevitable, and District Judges should see that proper budget provision to meet the charge is made in due course. As to the second point, *Náib-Názirs* or *Madad Náib-Názirs* have been supplied to all courts at a distance from head-quarters, through which it is intended to serve processes and in which assistance has been found to be necessary ; and almost all the Munsifs located at head-quarters of districts have been supplied with a *Madad Muharrir* to aid in process-serving and other requirements. In regard to the attesting of affidavits of serving officers at *tahsíls*, when no officer other than the *Tahsíldár* has been invested with judicial powers, it has been arranged to invest the *Náib-Tahsíldár* with the necessary powers under the provisions of chapter XVI of the Code of Civil Procedure. In some cases this has already been done ; in others the names of the officers to be invested have not yet been received. In regard to this matter it must be borne in mind that officers must be invested by *name* in each instance and not by virtue of an office ; so that when any *Náib-Tahsíldár* so invested is transferred, the name of his successor should be submitted to the Chief Court for investiture. In the case of *Náib-Tahsíldárs* who have been invested with judicial powers (Civil or Criminal) it is not necessary to ask for conferment of power under section 197 of the Code of Civil Procedure.

The expenses of witnesses how to be transmitted and accounts adjusted under the new system. Permanent advances sanctioned.

14. The fourth point mentioned in the preceding paragraph as having been brought to notice in carrying out the system of localizing the service of processes by *tahsíls*, relates to the difficulty of transmitting the diet money and travelling expenses of witnesses, for delivery to the witness with the summons, when summonses are sent from one court to another for service. This difficulty will be removed by the adoption of the following plan to which the Accountant-General has been asked to accord his approval, namely—

(*a*). The Civil *Názir* at the head-quarters of the district and each *Náib-Názir* located at an outlying *tahsíl*, who is in charge of the process-serving arrangement of such *tahsíl*, will (on finding the proper security under the rules relating to that matter), be allowed a permanent advance of Rs. 50 from which the expenses of witnesses remitted under these rules will be drawn and sent to the witness with the process.

(*b*). The court issuing the process for service by another court within the limits of the same district, will cause its *Názir* or *Náib-Názir* to endorse on the back of it the amount which is to be handed to the witness with the process. The endorsement will be signed and dated by the *Názir* or *Náib-Názir* making it. On receipt of the process at the court which has to serve it, the *Názir* or *Náib-Názir* will send the amount so endorsed, with the process to be served, to the witness, by one of his process-servers, and will debit the *Názir* or *Náib-Názir* of the court of issue with the amount, and will, weekly or oftener, recover the amount from him by Treasury order, thus recouping the amount disbursed out of his permanent advance.

(*c*). Officers in charge of Treasuries at head-quarters will grant the necessary orders on Sub-Treasuries within the same district, and the latter will grant orders on the Treasury at head-quarters or on other Sub-Treasuries within the same district, at the request of the Civil Court concerned, for any sum paid in for the purpose by the *Názir* or *Náib-Názir* of such court.

(*d*). In places at which a Treasury draft is unobtainable, but not elsewhere, postal orders must be issued, the amount of commission paid on such orders being charged to Judicial contingencies.

(*e*). The accounts of the permanent advance should be checked and signed, at least once a month, by the presiding officer of the court to which the *Názir* or *Náib-Názir* receiving a permanent advance is attached; and, in the event of any delay in the adjustment of payments, such presiding officer should address the presiding officer of the court to which the defaulting *Názir* or *Náib-Názir* is attached direct, and without unnecessary delay.

The new system extends to service of processes issued by courts at outlying *tahsíls* as well as to those issued by courts at head-quarters of districts.

15. It should be borne in mind that not only are the processes of courts sitting within the limits of the head-quarters *tahsíl*, which are to be served on persons residing at outlying *tahsíls*, to be sent for service through a court located in such *tahsíl*, but that processes issued by courts sitting within the limits of an outlying *tahsíl* for service on persons resident in any other *tahsíl* are also to be served through the local agency of the latter.

Processes issued for service in another district: transmission of expenses.

16. In regard to processes issued by a court situated in one district for service by a court situated in another district, each process should be sent, with a postal order for the amount of the expenses, to the court addressed, the cost of the postal order in each case being charged to the person taking out the process and *not* to Judicial contingencies. Under the instructions here given it should rarely be necessary to require a postal order for the transmission of the expenses of witnesses from one court to another, within the same district.

Report called for in September 1891 as to adequacy of salaries in certain cases.

17. District Judges should report in September 1891 whether they find the salaries of the following officers to be adequate or not. If sufficient grounds can be shown for raising them to some extent, the subject will receive further consideration :—

	Rs.
Náib-Názirs on	15
Madad Muharrirs on	10
Madad Náib-Názirs on	10
Execution Bailiffs on	8
Process-servers, 2nd Grade, on	5

Security to be found by Civil *Názirs*, *Madad Náib-Názirs*, and Execution Bailiffs.

18. Civil *Názirs* will be required to file security of not less than Rs. 500 in value; *Madad Náib-Názirs* will be required to file security of not less than Rs. 100 in value; and Execution Bailiffs in not less than Rs. 50. The provisions of Judicial Circular No. CXXXII, paragraph 13, and Judicial Circular No. CII should be followed in taking security from officers of the process-serving establishment.

Process-servers travelling by rail.

19. Attention is drawn to rule VII of the rules made under section 20, clauses (*i*) and (*ii*), of the Court Fees Act, 1870 (Judicial Circulars, page 498), in regard to the special cases in which it may be found necessary to direct a process-server to travel by railway. This provision can be utilised in communicating with agencies at outlying *tahsíls* when it is found impossible to utilise the post, and should be borne in mind in meeting any difficulties which may arise in carrying out the system referred to in paragraph 15 of this Circular.

Orders to be regarded as imperative.

20. District Judges are to understand that the orders now issued, both as to the scale of the process-serving establishment and as to the carrying out of the system of localizing the service of processes at *tahsíls*, are imperative.

By order, &c.,

E. W. PARKER,

Registrar.

CHIEF COURT.

BOOK CIRCULAR No. XXII—5319 G.

To

ALL DISTRICT MAGISTRATES IN THE PUNJAB.

Dated Lahore, the 9th December 1890.

Subject.

Information to be supplied to the Police in regard to criminal statistics.

Treatment of applications by the Police for permission to show reported cognizable offences as false or unfounded or non-cognizable in certain cases.

IN order to facilitate the compilation of correct statistics in the Police Department, the Judges are pleased to direct that every District Magistrate shall supply the Superintendent of Police of his district with the information as to (*a*) offences non-cognizable and (*b*) offences cognizable by the Police instituted upon complaint or taken up by a Magistrate otherwise than on a Police report, specified in the Statements A and B adnexed to this Circular.

2. The statements are to be supplied quarterly. The statement for the quarter ending on the 31st December in each year should show, not only the figures for that quarter, but also the figures for the whole year, after the latter have been corrected and revised.

3. Every cognizable offence instituted upon complaint or taken up by a Magistrate otherwise than on a Police report should be shown in Statement B, and every non-cognizable offence in Statement A. Where the final result of the Magistrate's action is to hold that a case originally shown as cognizable is really non-cognizable, or *vice versâ*, the necessary correction should be made in the manner indicated in the return. So also, where a cognizable case has been instituted by direct complaint and has been simultaneously taken up by the Police, as the case will be shown in the Police returns, it should be struck out of the cases shown in Statement B.

4. Columns have been provided in Statement B, showing cases which have, during the period for which the statement is supplied, been found to be unfounded or false, whether after or without magisterial inquiry, that is, cases struck off under section 203 of the Criminal Procedure Code, or in which the accused is discharged or acquitted with a declaration by the Magistrate that the charge was false. Care should be taken that this information is accurately compiled.

5. In regard to cognizable cases reported by the Police to the Magistrate having jurisdiction under sections 157 and 173 of the Code of Criminal Procedure, it frequently becomes evident either (*a*) that the offence committed was really non-cognizable, or (*b*) that the information given to the Police was false or unfounded, and the Police apply for magisterial authority to show such cases as "non-cognizable" or "false," as the case may be. The Magistrate dealing with the Police reports in such cases,—that is, ordinarily the Magistrate who is empowered to take cognizance of the offence upon Police report, in respect of the particular Police Station, under section 159 or section 173 of the Code of Criminal Procedure, as the case may be,—may, for sufficient reason, pass an order accordingly.

6. In the event of the first and final report not coming before the same officer, the Magistrate dealing with the final Police report would be competent to pass the order.

7. No Magistrate of the second or third class is competent to make such an order, but any Magistrate of the first class may do so. In no case should an order be made on insufficient grounds, and the grounds upon which it is made should in each case be distinctly recorded on the file. Such an order should only be made at the time of dealing with the Police reports. No application from the Police for a direction of this character should be

entertained if made otherwise than in the final report submitted under section 173 of the Code of Criminal Procedure.

8. Every case in which an order is passed directing a case to be shown as false must be sent to the District Magistrate for information, and should he disapprove of the direction given, he may pass such order as he may deem proper as to the manner in which such case should be shown.

9. These instructions supersede the instructions contained in Judicial Circular **XLVIII** of the volume of Judicial Circulars, 3rd edition, which is hereby cancelled.

10. Separate instructions are being issued modifying Register I of the registers of the Criminal Department (Appendix 1, page 599 of the volume of Judicial Circulars, 3rd edition) so as to provide for the record of the information necessary for the purpose of compiling Statements A and B here prescribed.

11. These instructions have received the concurrence of the Inspector-General of Police, Punjab.

By order, &c.,

E. W. PARKER,

(Translated.) *Registrar.*

Notification.—The following draft of a Rule under Section 35 of the Punjab Land Revenue Act, 1887, prepared by the Financial Commissioners, in substitution for Rule 50 of the Patwári-Kánúngo Rules, published with Punjab Government Notification No. 74, dated 1st March 1888, together with a Statement of Objects and Reasons for the same, is published for information, in accordance with the provisions of Section 156 of the same Act; and in accordance with Section 6 of the General Clauses Act, 1887, it is hereby notified that the draft will be taken into consideration after the 15th day of January 1891 :—

DRAFT RULE.

The Patwári shall keep a register in the form annexed showing the yearly totals of transfers entered in his mutation register, and shall attach a copy of the totals for the year to the copy of the jamabandi which he gives to the Kánúngo.

NOTE.—In irrigated villages columns 6, 10, 14, 18, 23, 28 and 33 should show how much of the land entered is irrigated.

In columns 7, 11, 15, 19, 24, 29 and 34 there will be entered against transfers of superior ownership the seigniorage dues; against transfers of ownership the revenue; and against transfers of right of occupancy the rent payable.

No transactions will be included in this statement which have not been attested. If the attestation of mutations is much in arrears, note this under the head of "Remarks" in column 35.

Column 2. Superior ownership includes talukdári right; ownership includes adna milkiat.

Statement of Reasons.

The form referred to in the existing rule is headed :—

"Yearly totals of transfers of rights of owners and hereditary tenants."

The rule, however, directs that the Patwári shall keep a register in this form "showing the yearly totals of his mutation register." All transfers involve mutations, but every mutation in the jamabandi is not the result of a transfer, *e.g.*, when an erroneous entry is altered by consent or in pursuance of a declaratory decree, when the rent of an occupancy tenant is enhanced or reduced, or when his rent in kind is commuted into a cash rent or *vice versâ*, the transaction will appear in the mutation register, but ought not to be shown in the statement of "yearly totals of transfers." The amended rule and the omission in the note at the foot of the form of the words "the total will therefore agree with the copy of the register of mutations filed with the jamabandi in the tahsíl" makes this clear.

Moreover, certain transfers by assignees of land revenue (Section 34 (1) of Act XVII of 1887) and by tenants holding on written leases for periods exceeding one year (Land Revenue Rules, Part I, Rule 45) are entered in the mutation register, but should be excluded from the statement of the yearly totals of transfers, which relates only to transfers made by owners and hereditary tenants.

The description of transfers embodied in the headings of columns 3—30 of the existing form is not exhaustive. Transfers may also arise from the abandonment or relinquishment of a holding, or from the resumption of his holding by a returned absentee, &c. To provide for such cases an additional heading "other transfers" has been provided in the form.

By order, &c.,

J. M. DOUIE,

Senior Secretary to Financial Commissioner, Punjab.

Revised rules as to the qualifications for and appointment to the office of Munsif.

IN supersession of the rules published with Book Circulars Nos. XI—2177, dated the 10th May 1889, and XVIII—4708, dated the 10th December 1889, the following rules made by the Chief Court and sanctioned by the Local Government under the powers conferred by section 25, sub-section (2), of the Punjab Courts Act, 1884 (as amended), as to the qualifications for and appointment to the office of Munsif, are issued for general information and guidance.

Candidates for the post of Munsif who have passed the Licentiate in Law Examination of the Punjab University will not be required to pass the Departmental Examination. All other candidates who have not already passed the Departmental Examination under the rules hitherto in force, or been exempted by the Chief Court, must pass it before they are confirmed in their appointments. The Departmental Examination will be the same as that for Assistant and Extra Assistant Commissioners, in Groups A and B, by the Lower Standard, except that candidates for the post of Munsif will not be required to answer questions in the Jail Manual or to undergo a *vivâ voce* examination in Settlement Reports. Candidates will be admitted to the Departmental Examination held for Assistant and Extra Assistant Commissioners in the month of October in each year.

Attention drawn to the alteration made in rule 2 (*b*) of Schedule B.

3. Attention is drawn to the alteration made in rule 2, clause (*b*), of Schedule B. Only Graduates in Law or Arts of a recognized University in British India and persons who have passed the Licentiate in Law Examination of the Punjab University, or who possess educational attainments not inferior to these tests, are eligible for admission to Register B.

The rules issued with Book Circular No. XVIII of 1889 have been incorporated.

4. It will be observed that the three rules added after Schedule B, rule 10, by Book Circular No. XVIII—4708, dated the 10th December 1889, regarding the appointment of examiners and the levy of an examination fee, have been incorporated in the rules now issued as rules 12, 13 and 14 of Schedule B, the old rules 11 and 12 becoming rules 7 and 15 respectively.

By order, &c.,

The rolls must be prepared in the form A annexed to these rules, and should be accompanied by certified copies of the certificates to character and as to his educational qualifications produced by each candidate. In the appropriate column of the roll the qualifications of the candidates should be fully stated, especially as regards education, ability, character and social standing. 5. With these rolls should be submitted a list, in the form B annexed to these rules, of the candidates admitted to Register A who have from any cause ceased to be available for appointment during the previous year, or who are liable to be removed from the register of accepted candidates under rule 8 of this schedule. In the case of these last, the District Judge's recommendations should be recorded in the third column of the list.

As the result of each examination is published, Divisional Judges will report the names of candidates who are liable to removal under this rule, and on receipt of these reports final orders will be passed by the Chief Court on each case.

PUNJAB PUBLIC LIBRARY.

VII MEETING, 1890.

THE annual general meeting of Life Members and Committee was held at 6-30 P. M. on Monday, 15th December 1890, in the Punjab Public Library.

There were present—

Pandit Jwála Datta Parsháda Goswámi.

And by proxy—

His Highness the Rája of Farídkot.

Bábu Pratápa Chandra Roy, C.I.E.

Sheikh Amír Ali, B.A.

1. The following statement was read by the Secretary—

The receipts and expenditure for the past 12 months, *i.e.*, from the 1st December 1889 to the 30th November 1890, were as follows:—

Receipts.

	Rs.	A.	P.
(1) Government grant	2,900	0	0
(2) Contributions from local bodies	1,860	0	0
(3) Donations and subscriptions	880	0	0
(4) Sale of surplus books	736	10	10
(5) Other receipts	32	7	0
Total ...	6,409	1	10

Expenditure.

	Rs.	A.	P.
(1) Establishment	2,324	0	3
(2) Book-binding	117	12	0
(3) Printing	180	7	9
(4) Purchase of books	1,001	15	0
(5) Purchase of furniture	134	1	0
(6) Miscellaneous	212	13	9
Total ...	3,971	1	9
Total income ...	6,409	1	10
Total expenditure ...	3,971	1	9
Difference ...	2,438	0	1

From the above statement it will be seen that the income exceeded the expenditure by Rs. 2,438. Since the close of the period under review, a bill amounting to Rs. 746 on account of new books purchased has been paid, and it is in contemplation shortly to order

fresh supply of books from England for the English section of the Library, and to spend a large sum locally in the acquisition of works for the Oriental Department, which will absorb the greater portion, if not all, of the above balance.

Acting upon the suggestions of His Honor the Lieutenant-Governor that endeavours should be made to induce the public to subscribe more liberally, an appeal was circulated in January last amongst Municipal Committees and District Boards for contributions in the shape either of donations, or annual or monthly grants, with the following result. Donations to the extent of Rs. 105 were received, and the following Local Bodies promised the grants stated below :—

Jullundur Municipality	Rs. 50 per annum.

District Boards.

Shahpur	Rs. 25	per annum.
Gujránwála	" 50	ditto.
Gurdáspur	" 50	ditto.
Jullundur	" 50	ditto.

These are in addition to the sums already contributed by other Municipalities and District Boards.

Efforts were also made to secure more life members, and during the year under report the names of the following gentlemen were added to the roll :-

1. H. T. Rivaz, Esquire.
2. Lála Kanhya Lál.
3. Diwán Narindra Náth, M.A.
4. Sheikh Amír Ali, B.A.
5. Pandit Ichhar Chand.
6. J. Sime, Esquire.
7. Munshi Guláb Singh.

The donations amounting to Rs. 100 for each life membership have, with one exception, been credited in the accounts. The Committee regret to have to record the death during the year of two life members, Mrs. Gouldsbury and Lála Seva Rám, B.A.

The number of life members now is 59 as compared with 52 last year. The number of annual subscribers is 74, giving an increase of 10 on the previous year. The number of readers during the year was 34,601 and the average daily attendance was 107, affording satisfactory evidence of the growing popularity and usefulness of the institution.

A sum of Rs. 1,002 was spent during the year in the purchase of new books, and 54 volumes were presented by the public. It has already been noted that large purchases of new books for the Library will shortly be made.

The classified catalogue of the English section of the Library is in course of revision. The following heads, *viz.*, Literature, History, Indian History, and Oriental, have been passed through the press, and it is hoped that the work will shortly be finished. The alphabetical catalogue has been brought up to date. There are also complete alphabetical catalogues for the Oriental Department. Pandit Jowála Datta Prashāda Goswámi has kindly undertaken to prepare a classified Sanskrit catalogue.

2. The business before the meeting was to elect under Rule 4 of the "Constitution and Committee" two members to be on the Committee for one year. The members appointed last year were—

Sheikh Nának Bakhsh.

Pandit Jowála Datta Prashāda Goswámi.

These members were re-elected to serve on the Committee for the ensuing year.

3. (1) Where an arrear of land-revenue, or a sum recoverable as an arrear of land-revenue, is payable to a Collector by a defaulter being or having property in a district other than that in which the arrear accrued or the sum is payable, the Collector may send to the Collector of that other district a certificate in the form as nearly as may be of the schedule, stating—

(*a*) the name of the defaulter and such other particulars as may be necessary for his identification, and

(*b*) the amount payable by him and the account on which it is due.

(2) The certificate shall be signed by the Collector making it, and, save as otherwise provided by this Act, shall be conclusive proof of the matters therein stated.

(3) The Collector of the other district shall, on receiving the certificate, proceed to recover the amount stated therein as if it were an arrear of land-revenue which had accrued in his own district.

4. (2) A suit under sub-section (1) must be instituted in a Civil Court having jurisdiction in the local area in which the office of the Collector who made the certificate is situate, and the suit shall be determined in accordance with the law in force at the place where the arrear accrued or the liability for the payment of the sum arose.

(3) In the suit the plaintiff may, notwithstanding anything in the last foregoing section, but subject to the law in force at the place aforesaid, give evidence with respect to any matter stated in the certificate.

6. (1) When the Collector of a district receives a certificate under this Act, he may issue a proclamation prohibiting the transfer or charging of any immoveable property belonging to the defaulter in the district.

(2) The Collector may at any time, by order in writing, withdraw the proclamation, and it shall be deemed to be withdrawn when either the amount stated in the certificate has been recovered or the property has been sold for the recovery of that amount.

4. (*1*) Where any property is held or is to be applied in trust for a charitable purpose, the Local Government, if it thinks fit, may, on application made as hereinafter mentioned, and subject to the other provisions of this section, order, by notification in the official Gazette, that the property be vested in the Treasurer of Charitable Endowments on such terms as to the application of the property or the income thereof as may be agreed on between the Local Government and the person or persons making the application, and the property shall thereupon so vest accordingly.

(*2*) When any property has vested under this section in a Treasurer of Charitable Endowments, he is entitled to all documents of title relating thereto.

(*3*) A Local Government shall not make an order under sub-section (*1*) for the vesting in a Treasurer of Charitable Endowments of any securities for money, except the following, namely :—

5. (*1*) On application made as hereinafter mentioned, and with the concurrence of the person or persons making the application, the Local Government, if it thinks fit, may settle a scheme for the administration of any property which has been or is to be vested in the Treasurer of Charitable Endowments, and may in such scheme appoint, by name or office, a person or persons, not being or including such Treasurer, to administer the property.

(*3*) A scheme settled, modified or substituted under this section shall, subject to the other provisions of this section, come into operation on a day to be appointed by the Local Government in this behalf, and shall remain in force so long as the property to which it relates continues to be vested in the Treasurer of Charitable Endowments or until it has been modified or another such scheme has been substituted in its stead.

(*4*) Such a scheme, when it comes into operation, shall supersede any decree or direction relating to the subject-matter thereof in so far as such decree or direction is in any way repugnant thereto, and its validity shall not be questioned in any Court, nor shall any Court give, in contravention of the provisions of the scheme or in any way contrary or in addition thereto, a decree or direction regarding the administration of the property to which the scheme relates.

(*5*) In the settlement of such a scheme effect shall be given to the wishes of the author of the trust so far as they can be ascertained and, in the opinion of the Local Government, effect can reasonably be given to them.

(*6*) Where a scheme has been settled under this section for the administration of property not already vested in the Treasurer of Charitable Endowments, it shall not come into operation until the property has become so vested.

Mode of applying for vesting orders and schemes.

6. (*1*) The application referred to in the two last foregoing sections must be made,—

(*a*) if the property is already held in trust for a charitable purpose, then by the person acting in the administration of the trust or, where there are more persons than one so acting, then by those persons or a majority of them, and

(*b*) if the property is to be applied in trust for such a purpose, then by the person or persons proposing so to apply it.

(*2*) For the purposes of this section the executor or administrator of a deceased trustee of property held in trust for a charitable purpose shall be deemed to be a person acting in the administration of the trust.

7. (*1*) The Governor General in Council may exercise all or any of the powers conferred on the Local Government by sections 4 and 5.

(*2*) When the Governor General in Council has signified to the Local Government his intention of exercising any of those powers with respect to any property, that Government shall not, without his previous sanction, exercise them with respect thereto.

Bare trusteeship of Treasurer.

8. (*1*) Subject to the provisions of this Act, a Treasurer of Charitable Endowments shall not, as such Treasurer, act in the administration of any trust whereof any of the property is for the time being vested in him under this Act.

(*2*) Such Treasurer shall keep a separate account of each property for the time being so vested in so far as the property consists of securities for money, and shall apply the property or the income thereof in accordance with the provision made in that behalf in the vesting order under section 4 or in the scheme, if any, under section 5, or in both those documents.

(*3*) In the case of any property so vested other than securities for money, such Treasurer shall, subject to any special order which he may receive from the authority by whose order the property became vested in him, permit the persons acting in the administration of the trust to have the possession, management and control of the property, and the application of the income thereof, as if the property had been vested in them.

Annual publication of list of properties vested in Treasurer.

9. A Treasurer of Charitable Endowments shall cause to be published annually in the local official Gazette, at such time as the Local Government may direct, a list of all properties for the time being vested in him under this Act and an abstract of all accounts kept by him under sub-section (*2*) of the last foregoing section.

10. (*1*) A Treasurer of Charitable Endowments shall always be a sole trustee, and shall not, as such Treasurer, take or hold any property otherwise than under the provisions of this Act or, subject to those provisions, transfer any property vested in him except in obedience to a decree divesting him of the property, or in compliance with a direction in that behalf issuing from the authority by whose order the property became vested in him.

(*2*) Such a direction may require the Treasurer to sell or otherwise dispose of any property vested in him and, with the sanction of the authority issuing the direction, to invest the proceeds of the sale or other disposal of the property in any such security for money as is mentioned in section 4, sub-section (*3*), clause

(*a*), (*b*), (*c*), (*d*) or (*e*), or in the purchase of immoveable property.

(*3*) When a Treasurer of Charitable Endowments is divested, by a direction of the Local Government or the Governor General in Council under this section, of any property, it shall vest in the person or persons acting in the administration thereof and be held by him or them on the same trusts as those on which it was held by such Treasurer.

Provision for continuance of office of Treasurer in certain contingencies.

11. If the office held by an officer of the Government who has been appointed to be a Treasurer of Charitable Endowments is abolished or its name is changed, the Governor General in Council may appoint the same or another officer of the Government by the name of his office to be such Treasurer, and thereupon the holder of the latter office shall be deemed for the purposes of this Act to be the successor in office of the holder of the former office.

Transfer of property from one Treasurer to another.

12. If by reason of an alteration of the limits of the territories subject to a Local Government, or for any other reason, it appears to the Governor General in Council that any property vested in a Treasurer of Charitable Endowments should be vested in another such Treasurer, he may direct that the property shall be so vested, and thereupon it shall vest in that other Treasurer and his successors as fully and effectually for the purposes of this Act as if it had been originally vested in him under this Act.

Power to frame forms and make rules.

13. The Governor General in Council may frame forms for any proceedings under this Act for which he considers that forms should be provided, and may make such rules consistent with this Act as he may deem expedient for—

(*d*) prescribing the forms in which accounts are to be kept by Treasurers of Charitable Endowments, and the mode in which such accounts are to be audited, and,

(*e*) generally, carrying into effect the purposes of this Act.

Indemnity to Government and Treasurer.

14. No suit shall be instituted against the Government in respect of anything done or purporting to be done under this Act, or in respect of any alleged neglect or omission to perform any duty devolving on the Government under this Act, or in respect of the exercise of, or the failure to exercise, any power conferred by this Act on the Government, nor shall any suit be instituted against a Treasurer of Charitable Endowments except for divesting him of property on the ground of its not being subject to a trust for a charitable purpose, or for making him chargeable with or accountable for the loss or misapplication of any property vested in him, or the income thereof, where the loss or misapplication has been occasioned by or through his wilful neglect or default.

(*2*) If the minor is a female who ought not to be compelled to appear in public, the direction under sub-section (*1*) for her production shall require her to be produced in accordance with the customs and manners of the country.

(*3*) Nothing in this section shall authorise—

(*a*) the Court to place a female minor in the temporary custody of a person claiming to be her guardian on the ground of his being her husband, unless she is already in his custody with the consent of her parents, if any, or

(*b*) any person to whom the temporary custody and protection of the property of a minor is entrusted to dispossess otherwise than by due course of law any person in possession of any of the property.

Hearing of evidence before making of order.

13. On the day fixed for the hearing of the application, or as soon afterwards as may be, the Court shall hear such evidence as may be adduced in support of or in opposition to the application.

Simultaneous proceedings in different Courts.

14. (*1*) If proceedings for the appointment or declaration of a guardian of a minor are taken in more Courts than one, each of those Courts shall, on being apprised of the proceedings in the other Court or Courts, stay the proceedings before itself.

(*2*) If the Courts are both or all subordinate to the same High Court, they shall report the case to the High Court, and the High Court shall determine in which of the Courts the proceedings with respect to the appointment or declaration of a guardian of the minor shall be had.

(*3*) In any other case in which proceedings are stayed under sub-section (*1*), the Courts shall report the case through the Local Government to the Governor General in Council, and the Governor General in Council shall determine in which of the Courts the proceedings with respect to the appointment or declaration of a guardian of the minor shall be had.

Appointment or declaration of several guardians.

15. (*1*) If the law to which the minor is subject admits of his having two or more joint guardians of his person or property, or both, the Court may, if it thinks fit, appoint or declare them.

(*2*) On the death of a father, being an European British subject, who has, by will or other instrument to take effect on his death, appointed a guardian of his minor child, the Court may appoint the mother to be guardian of the child jointly with the guardian appointed by the father.

(*3*) On the death of a mother, being an European British subject, who during the incapacity of the father of her minor child has, by will or other instrument to take effect on her death, appointed a guardian of the child, the Court may, if the father becomes capable of acting, appoint him to be sole guardian of the child or guardian of the child jointly with the guardian appointed by the mother, as it thinks fit.

The Guardians and Wards Act, 1890.

(Chapter II.—Appointment and Declaration of Guardians.—Sections 16-19.)

Chapter III.—Duties, Rights and Liabilities of Guardians.—Sections 20-22.)

(*4*) Separate guardians may be appointed or declared of the person and of the property of a minor.

(*5*) If a minor has several properties, the Court may, if it thinks fit, appoint or declare a separate guardian for any one or more of the properties.

Appointment or declaration of guardian for property beyond jurisdiction of the Court.

16. If the Court appoints or declares a guardian for any property situate beyond the local limits of its jurisdiction, the Court having jurisdiction in the place where the property is situate shall, on production of a certified copy of the order appointing or declaring the guardian, accept him as duly appointed or declared and give effect to the order.

Matters to be considered by the Court in appointing guardian.

17. (*1*) In appointing or declaring the guardian of a minor the Court shall, subject to the provisions of this section, be guided by what, consistently with the law to which the minor is subject, appears in the circumstances to be for the welfare of the minor.

(*2*) In considering what will be for the welfare of the minor, the Court shall have regard to the age, sex and religion of the minor, the character and capacity of the proposed guardian and his nearness of kin to the minor, the wishes, if any, of a deceased parent, and any existing or previous relations of the proposed guardian with the minor or his property.

(*3*) If the minor is old enough to form an intelligent preference, the Court may consider that preference.

(*4*) As between parents who are European British subjects adversely claiming the guardianship of the person, neither parent is entitled to it as of right, but, other things being equal, if the minor is a male of tender years or a female, the minor should be given to the mother, and if the minor is a male of an age to require education and preparation for labour and business, then to the father.

(*5*) The Court shall not appoint or declare any person to be a guardian against his will.

Appointment or declaration of Collector in virtue of office.

18. Where a Collector is appointed or declared by the Court in virtue of his office to be guardian of the person or property, or both, of a minor, the order appointing or declaring him shall be deemed to authorise and require the person for the time being holding the office to act as guardian of the minor with respect to his person or property, or both, as the case may be.

Guardian not to be appointed by the Court in certain cases.

19. Nothing in this Chapter shall authorise the Court to appoint or declare a guardian of the property of a minor whose property is under the superintendence of a Court of Wards, or to appoint or declare a guardian of the person—

(*a*) of a minor who is a married female and whose husband is not, in the opinion of the Court, unfit to be guardian of her person, or,

(*b*) subject to the provisions of this Act with respect to European British subjects, of a minor whose father is living and is not, in the opinion of the Court, unfit to be guardian of the person of the minor, or

(*c*) of a minor whose property is under the superintendence of a Court of Wards competent to appoint a guardian of the person of the minor.

CHAPTER III.

DUTIES, RIGHTS AND LIABILITIES OF GUARDIANS.

General.

Fiduciary relation of guardian to ward.

20. (*1*) A guardian stands in a fiduciary relation to his ward, and, save as provided by the will or other instrument, if any, by which he was appointed, or by this Act, he must not make any profit out of his office.

(*2*) The fiduciary relation of a guardian to his ward extends to and affects purchases by the guardian of the property of the ward, and by the ward of the property of the guardian, immediately or soon after the ward has ceased to be a minor, and generally all transactions between them while the influence of the guardian still lasts or is recent.

Capacity of minors to act as guardians.

21. A minor is incompetent to act as guardian of any minor except his own wife or child or, where he is the managing member of an undivided Hindu family, the wife or child of another minor member of that family.

Remuneration of guardian.

22. (*1*) A guardian appointed or declared by the Court shall be entitled to such allowance, if any, as the Court thinks fit for his care and pains in the execution of his duties.

(*2*) When an officer of the Government, as such officer, is so appointed or declared to be guardian, such fees shall be paid to the Government out of the property of the ward as the Local Government, by general or special order, directs.

The Guardians and Wards Act, 1890.

(Chapter III.—Duties, Rights and Liabilities of Guardians.—Sections 23-31.)

Control of Collector as guardian.

23. A Collector appointed or declared by the Court to be guardian of the person or property, or both, of a minor shall, in all matters connected with the guardianship of his ward, be subject to the control of the Local Government or of such authority as that Government, by notification in the official Gazette, appoints in this behalf.

Guardian of the Person.

Duties of guardian of the person.

24. A guardian of the person of a ward is charged with the custody of the ward, and must look to his support, health and education, and such other matters as the law to which the ward is subject requires.

Title of guardian to custody of ward.

25. (1) If a ward leaves or is removed from the custody of a guardian of his person, the Court, if it is of opinion that it will be for the welfare of the ward to return to the custody of his guardian, may make an order for his return, and for the purpose of enforcing the order may cause the ward to be arrested and to be delivered into the custody of the guardian.

(2) For the purpose of arresting the ward, the Court may exercise the power conferred on a Magistrate of the first class by section 100 of the Code of Criminal Procedure, 1882. X of 1882.

(3) The residence of a ward against the will of his guardian with a person who is not his guardian does not of itself terminate the guardianship.

Removal of ward from jurisdiction.

26. (1) A guardian of the person appointed or declared by the Court, unless he is the Collector or is a guardian appointed by will or other instrument, shall not, without the leave of the Court by which he was appointed or declared, remove the ward from the limits of its jurisdiction except for such purposes as may be prescribed.

(2) The leave granted by the Court under sub-section (1) may be special or general, and may be defined by the order granting it.

Guardian of Property.

Duties of guardian of property.

27. A guardian of the property of a ward is bound to deal therewith as carefully as a man of ordinary prudence would deal with it if it were his own, and, subject to the provisions of this Chapter, he may do all acts which are reasonable and proper for the realisation, protection or benefit of the property.

Powers of testamentary guardian.

28. Where a guardian has been appointed by will or other instrument, his power to mortgage or charge, or transfer by sale, gift, exchange or otherwise, immoveable property belonging to his ward is subject to any restriction which may be imposed by the instrument, unless he has under this Act been declared guardian and the Court which made the declaration permits him by an order in writing, notwithstanding the restriction, to dispose of any immoveable property specified in the order in a manner permitted by the order.

Limitation of powers of guardian of property appointed or declared by the Court.

29. Where a person other than a Collector, or than a guardian appointed by will or other instrument, has been appointed or declared by the Court to be guardian of the property of a ward, he shall not, without the previous permission of the Court,—

(a) mortgage or charge, or transfer by sale, gift, exchange or otherwise, any part of the immoveable property of his ward, or

(b) lease any part of that property for a term exceeding five years or for any term extending more than one year beyond the date on which the ward will cease to be a minor.

Voidability of transfers made in contravention of section 28 or section 29.

30. A disposal of immoveable property by a guardian in contravention of either of the two last foregoing sections is voidable at the instance of any other person affected thereby.

Practice with respect to permitting transfers under section 29.

31. (1) Permission to the guardian to do any of the acts mentioned in section 29 shall not be granted by the Court except in case of necessity or for an evident advantage to the ward.

(2) The order granting the permission shall recite the necessity or advantage, as the case may be, describe the property with respect to which the act permitted is to be done, and specify such conditions, if any, as the Court may see fit to attach to the permission; and it shall be recorded, dated and signed by the Judge of the Court with his own hand, or, when from any cause he is prevented from recording the order with his own hand, shall be taken down in writing from his dictation and be dated and signed by him.

(3) The Court may in its discretion attach to the permission the following among other conditions, namely:—

(a) that a sale shall not be completed without the sanction of the Court;

The Guardians and Wards Act, 1890.

(Chapter III.—Duties, Rights and Liabilities of Guardians.—Sections 32-35.)

(*b*) that a sale shall be made to the highest bidder by public auction, before the Court or some person specially appointed by the Court for that purpose, at a time and place to be specified by the Court, after such proclamation of the intended sale as the Court, subject to any rules made under this Act by the High Court, directs;

(*c*) that a lease shall not be made in consideration of a premium, or shall be made for such term of years and subject to such rents and covenants as the Court directs;

(*d*) that the whole or any part of the proceeds of the act permitted shall be paid into the Court by the guardian, to be disbursed therefrom or to be invested by the Court on prescribed securities or to be otherwise disposed of as the Court directs.

(*4*) Before granting permission to a guardian to do an act mentioned in section 29, the Court may cause notice of the application for the permission to be given to any relative or friend of the ward who should, in its opinion, receive notice thereof, and shall hear and record the statement of any person who appears in opposition to the application.

Variation of powers of guardian of property appointed or declared by the Court.

32. Where a guardian of the property of a ward has been appointed or declared by the Court and such guardian is not the Collector, the Court may, from time to time, by order, define, restrict or extend his powers with respect to the property of the ward in such manner and to such extent as it may consider to be for the advantage of the ward and consistent with the law to which the ward is subject.

Right of guardian so appointed or declared to apply to the Court for opinion in management of property of ward.

33. (*1*) A guardian appointed or declared by the Court may apply by petition to the Court which appointed or declared him for its opinion, advice or direction on any present question respecting the management or administration of the property of his ward.

(*2*) If the Court considers the question to be proper for summary disposal, it shall cause a copy of the petition to be served on, and the hearing thereof may be attended by, such of the persons interested in the application as the Court thinks fit.

(*3*) The guardian stating in good faith the facts in the petition and acting upon the opinion, advice or direction given by the Court shall be deemed, so far as regards his own responsibility, to have performed his duty as guardian in the subject-matter of the application.

Obligations on guardian of property appointed or declared by the Court.

34. Where a guardian of the property of a ward has been appointed or declared by the Court and such guardian is not the Collector, he shall,—

(*a*) if so required by the Court, give a bond, as nearly as may be in the prescribed form, to the Judge of the Court to enure for the benefit of the Judge for the time being, with or without sureties, as may be prescribed, engaging duly to account for what he may receive in respect of the property of the ward;

(*b*) if so required by the Court, deliver to the Court, within six months from the date of his appointment or declaration by the Court, or within such other time as the Court directs, a statement of the immoveable property belonging to the ward, of the money and other moveable property which he has received on behalf of the ward up to the date of delivering the statement, and of the debts due on that date to or from the ward;

(*c*) if so required by the Court, exhibit his accounts in the Court at such times and in such form as the Court from time to time directs;

(*d*) if so required by the Court, pay into the Court at such time as the Court directs the balance due from him on those accounts, or so much thereof as the Court directs; and

(*e*) apply for the maintenance, education and advancement of the ward and of such persons as are dependent on him, and for the celebration of ceremonies to which the ward or any of those persons may be a party, such portion of the income of the property of the ward as the Court from time to time directs, and, if the Court so directs, the whole or any part of that property.

Suit against guardian where administration-bond was taken.

35. Where a guardian appointed or declared by the Court has given a bond duly to account for what he may receive in respect of the property of his ward, the Court may, on application made by petition and on being satisfied that the engagement of the bond has not been kept, and upon such terms as to security, or providing that any money received be paid into the Court, or otherwise as the Court thinks fit, assign the bond to some proper person, who shall thereupon be entitled to sue on the bond in his own name as if the bond had been originally given to him instead of to the Judge of the Court, and shall be entitled to recover thereon, as trustee for the ward, in respect of any breach thereof.

The Guardians and Wards Act, 1890.

(Chapter III.—Duties, Rights and Liabilities of Guardians.—Sections 36-41.)

Suit against guardian where administration-bond was not taken.

36. (*1*) Where a guardian appointed or declared by the Court has not given a bond as aforesaid, any person, with the leave of the Court, may, as next friend, at any time during the continuance of the minority of the ward, and upon such terms as aforesaid, institute a suit against the guardian, or, in case of his death, against his representative, for an account of what the guardian has received in respect of the property of the ward, and may recover in the suit, as trustee for the ward, such amount as may be found to be payable by the guardian or his representative, as the case may be.

(*2*) The provisions of sub-section (*1*) shall, so far as they relate to a suit against a guardian, be subject to the provisions of section 440 of the Code of Civil Procedure as amended by this Act. XIV of 1882.

General liability of guardian as trustee.

37. Nothing in either of the two last foregoing sections shall be construed to deprive a ward or his representative of any remedy against his guardian, or the representative of the guardian, which, not being expressly provided in either of those sections, any other beneficiary or his representative would have against his trustee or the representative of the trustee.

Termination of Guardianship.

Right of survivorship among joint guardians.

38. On the death of one of two or more joint guardians, the guardianship continues to the survivor or survivors until a further appointment is made by the Court.

Removal of guardian.

39. The Court may, on the application of any person interested, or of its own motion, remove a guardian appointed or declared by the Court, or a guardian appointed by will or other instrument, for any of the following causes, namely:—

(*a*) for abuse of his trust;

(*b*) for continued failure to perform the duties of his trust;

(*c*) for incapacity to perform the duties of his trust;

(*d*) for ill-treatment, or neglect to take proper care, of his ward;

(*e*) for contumacious disregard of any provision of this Act or of any order of the Court;

(*f*) for conviction of an offence implying, in the opinion of the Court, a defect of character which unfits him to be the guardian of his ward;

(*g*) for having an interest adverse to the faithful performance of his duties;

(*h*) for ceasing to reside within the local limits of the jurisdiction of the Court;

(*i*) in the case of a guardian of the property, for bankruptcy or insolvency;

(*j*) by reason of the guardianship of the guardian ceasing, or being liable to cease, under the law to which the minor is subject:

Provided that a guardian appointed by will or other instrument, whether he has been declared under this Act or not, shall not be removed—

(*a*) for the cause mentioned in clause (*g*) unless the adverse interest accrued after the death of the person who appointed him, or it is shown that that person made and maintained the appointment in ignorance of the existence of the adverse interest, or

(*b*) for the cause mentioned in clause (*h*) unless such guardian has taken up such a residence as, in the opinion of the Court, renders it impracticable for him to discharge the functions of guardian.

Discharge of guardian.

40. (*1*) If a guardian appointed or declared by the Court desires to resign his office, he may apply to the Court to be discharged.

(*2*) If the Court finds that there is sufficient reason for the application, it shall discharge him, and, if the guardian making the application is the Collector and the Local Government approves of his applying to be discharged, the Court shall in any case discharge him.

Cessation of authority of guardian.

41. (*1*) The powers of a guardian of the person cease—

(*a*) by his death, removal or discharge;

(*b*) by the Court of Wards assuming superintendence of the person of the ward;

(*c*) by the ward ceasing to be a minor;

(*d*) in the case of a female ward, by her marriage to a husband who is not unfit to be guardian of her person or, if the guardian was appointed or declared by the Court, by her marriage to a husband who is not, in the opinion of the Court, so unfit; or,

(*e*) in the case of a ward whose father was unfit to be guardian of the person of the ward, by the father ceasing to be so or, if the father was deemed by the Court to be so unfit, by his ceasing to be so in the opinion of the Court.

(*2*) The powers of a guardian of the property cease—

(*a*) by his death, removal or discharge;

(*b*) by the Court of Wards assuming superintendence of the property of the ward; or

(*c*) by the ward ceasing to be a minor.

The Guardians and Wards Act, 1890.

(Chapter III.—Duties, Rights and Liabilities of Guardians.—Section 42. Chapter IV.—Supplemental Provisions.—Sections 43-45.)

(3) When for any cause the powers of a guardian cease, the Court may require him or, if he is dead, his representative to deliver as it directs any property in his possession or control belonging to the ward or any accounts in his possession or control relating to any past or present property of the ward.

(4) When he has delivered the property or accounts as required by the Court, the Court may declare him to be discharged from his liabilities save as regards any fraud which may subsequently be discovered.

Appointment of successor to guardian dead, discharged or removed.

42. When a guardian appointed or declared by the Court is discharged, or, under the law to which the ward is subject, ceases to be entitled to act, or when any such guardian or a guardian appointed by will or other instrument is removed or dies, the Court, of its own motion or on application under Chapter II, may, if the ward is still a minor, appoint or declare another guardian of his person or property, or both, as the case may be.

CHAPTER IV.

SUPPLEMENTAL PROVISIONS.

Orders for regulating conduct or proceedings of guardians, and enforcement of those orders.

43. (1) The Court may, on the application of any person interested or of its own motion, make an order regulating the conduct or proceedings of any guardian appointed or declared by the Court.

(2) Where there are more guardians than one of a ward and they are unable to agree upon a question affecting his welfare, any of them may apply to the Court for its direction, and the Court may make such order respecting the matter in difference as it thinks fit.

(3) Except where it appears that the object of making an order under sub-section (1) or sub-section (2) would be defeated by the delay, the Court shall, before making the order, direct notice of the application therefor or of the intention of the Court to make it, as the case may be, to be given, in a case under sub-section (1), to the guardian or, in a case under sub-section (2), to the guardian who has not made the application.

(4) In case of disobedience to an order made under sub-section (1) or sub-section (2), the order may be enforced in the same manner as an injunction granted under section 492 or
1882. section 493 of the Code of Civil Procedure, in a case under sub-section (1), as if the ward were the plaintiff and the guardian were the defendant or, in a case under sub-section (2), as if the guardian who made the application were the plaintiff and the other guardian were the defendant.

(5) Except in a case under sub-section (2), nothing in this section shall apply to a Collector who is, as such, a guardian.

Penalty for removal of ward from jurisdiction.

44. If, for the purpose or with the effect of preventing the Court from exercising its authority with respect to a ward, a guardian appointed or declared by the Court removes the ward from the limits of the jurisdiction of the Court in contravention of the provisions of section 26, he shall be liable, by order of the Court, to fine not exceeding one thousand rupees, or to imprisonment in the civil jail for a term which may extend to six months.

Penalty for contumacy.

45. (1) In the following cases, namely:—

(a) if a person having the custody of a minor fails to produce him or cause him to be produced in compliance with a direction under section 12, sub-section (1), or to do his utmost to compel the minor to return to the custody of his guardian in obedience to an order under section 25, sub-section (1), or

(b) if a guardian appointed or declared by the Court fails to deliver to the Court, within the time allowed by or under clause (b) of section 34, a statement required under that clause, or to exhibit accounts in compliance with a requisition under clause (c) of that section, or to pay into the Court the balance due from him on those accounts in compliance with a requisition under clause (d) of that section, or

(c) if a person who has ceased to be a guardian, or the representative of such a person, fails to deliver any property or accounts in compliance with a requisition under section 41, sub-section (3),

the person, guardian or representative, as the case may be, shall be liable, by order of the Court, to fine not exceeding one hundred rupees, and in case of recusancy to further fine not exceeding ten rupees for each day after the first during which the default continues, and not exceeding five hundred rupees in the aggregate, and to detention in the civil jail until he undertakes to produce the minor or cause him to be produced, or to compel his return, or to deliver the statement, or to exhibit the accounts, or to pay the balance, or to deliver the property or accounts, as the case may be.

(2) If a person who has been released from detention on giving an undertaking under sub-section (1) fails to carry out the undertaking

The Guardians and Wards Act, 1890.

(Chapter IV.—Supplemental Provisions.—Sections 46-51.)

Reports by Collectors and Subordinate Courts.

46. (1) The Court may call upon the Collector, or upon any Court subordinate to the Court, for a report on any matter arising in any proceeding under this Act and treat the report as evidence.

(2) For the purpose of preparing the report the Collector or the Judge of the subordinate Court, as the case may be, shall make such inquiry as he deems necessary, and may for the purposes of the inquiry exercise any power of compelling the attendance of a witness to give evidence or produce a document which is conferred on a Court by the Code of Civil Procedure. XIV of 1882.

Orders appealable.

47. An appeal shall lie to the High Court from an order made by a District Court,—

(a) under section 7, appointing or declaring or refusing to appoint or declare a guardian; or,

(b) under section 9, sub-section (3), returning an application; or,

(c) under section 25, making or refusing to make an order for the return of a ward to the custody of his guardian; or,

(d) under section 26, refusing leave for the removal of a ward from the limits of the jurisdiction of the Court, or imposing conditions with respect thereto; or,

Costs.

49. The costs of any proceeding under this Act, including the costs of maintaining a guardian or other person in the civil jail, shall, subject to any rules made by the High Court under this Act, be in the discretion of the Court in which the proceeding is had.

Power of High Court to make rules.

50. (1) In addition to any other power to make rules conferred expressly or impliedly by this Act, the High Court may from time to time make rules consistent with this Act—

(a) as to the matters respecting which, and the time at which, reports should be called for from Collectors and subordinate Courts;

(b) as to the allowances to be granted to, and the security to be required from, guardians, and the cases in which such allowances should be granted;

(c) as to the procedure to be followed with respect to applications of guardians for permission to do acts referred to in sections 28 and 29;

(d) as to the circumstances in which such requisitions as are mentioned in clauses (a), (b), (c) and (d) of section 34 should be made;

(e) as to the preservation of statements and accounts delivered and exhibited by guardians;

(f) as to the inspection of those statements and accounts by persons interested;

(g) as to the custody of money, and securities for money, belonging to wards;

(h) as to the securities on which money belonging to wards may be invested;

(i) as to the education of wards for whom guardians, not being Collectors, have been appointed or declared by the Court; and,

(j) generally, for the guidance of the Courts in carrying out the purposes of this Act.

(2) Rules under clauses (a) and (i) of sub-section (1) shall not have effect until they have been approved by the Local Government, nor shall any rule under this section have effect until it has been published in the official Gazette.

Applicability of Act to guardians already appointed by Court.

51. A guardian appointed by, or holding a certificate of administration from, a Civil Court under any enactment repealed by this Act shall, save as may be prescribed, be subject to the provisions of this Act, and of the rules made under it, as if he had been appointed or declared by the Court under Chapter II.

The Guardians and Wards Act, 1890.

(Chapter IV.—Supplemental Provisions.—Sections 52-53.)

875. **52.** In section 3 of the Indian Majority Act, 1875, for the words "every minor of whose person or property a guardian has been or shall be appointed by any Court of Justice, and every minor under the jurisdiction of any Court of Wards," the following shall be substituted, namely,—

Amendment of Indian Majority Act.

"every minor of whose person or property, or both, a guardian, other than a guardian for a suit within the meaning of Chapter XXXI of the Code of Civil Procedure, has been or shall
1882. be appointed or declared by any Court of Justice before the minor has attained the age of eighteen years, and every minor of whose property the superintendence has been or shall be assumed by any Court of Wards before the minor has attained that age."

1882. **53.** Chapter XXXI of the Code of Civil Procedure shall be amended as follows, namely:—

Amendment of Chapter XXXI of the Code of Civil Procedure.

A.—To section 440 of the said Code the following shall be added, namely:—

"If a minor has a guardian appointed or declared by an authority competent in this behalf, a suit shall not be instituted on behalf of the minor by any person other than such guardian except with the leave of the Court granted after notice to such guardian and after hearing any objections which he may desire to make with respect to the institution of the suit, and the Court shall not grant such leave unless it is of opinion that it is for the welfare of the minor that the person proposing to institute the suit in the name of the minor should be permitted to do so."

B.—To section 443 of the said Code the following shall be added, namely:—

"Where an authority competent in this behalf has appointed or declared a guardian or guardians of the person or property, or both, of the minor, the Court shall appoint him or one of them, as the case may be, to be the guardian for the suit under this section unless it considers, for reasons to be recorded by it, that some other person ought to be so appointed."

C.—After section 446 of the said Code the following shall be added, namely:—

"If the next friend is not a guardian appointed or declared by an authority competent in this behalf, and an application is made by a guardian so appointed or declared who desires to be himself appointed in the place of the next friend, the Court shall remove the next friend unless it considers, for reasons to be recorded by it, that the guardian ought not to be appointed the next friend of the minor."

D.—For section 461 of the said Code the following shall be substituted, namely:—

Provided that—

(*a*) when the railway administration desires to alter the position of any such pipe, wire or drain it shall give reasonable notice of its intention to do so, and of the time at which it will begin to do so, to the local authority or company having control over the pipe, wire or drain, or, when the pipe, wire or drain is not under the control of a local authority or company, to the person under whose control the pipe, wire or drain is;

(*b*) a local authority, company or person receiving notice under proviso (*a*) may send a person to superintend the work, and the railway administration shall execute the work to the reasonable satisfaction of the person so sent and shall make arrangements for continuing during the execution of the work the supply of gas, water, compressed air or electricity or the maintenance of the drainage, as the case may be.

Temporary entry upon land for repairing or preventing accident.

9. (*1*) The Governor General in Council may authorise any railway administration, in case of any slip or other accident happening or being apprehended to any cutting, embankment or other work under the control of the railway administration, to enter upon any lands adjoining its railway for the purpose of repairing or preventing the accident, and to do all such works as may be necessary for the purpose.

(*2*) In case of necessity the railway administration may enter upon the lands and do the works aforesaid without having obtained the previous sanction of the Governor General in Council, but in such a case shall, within seventy-two hours after such entry, make a report to the Governor General in Council, specifying the nature of the accident or apprehended accident, and of the works necessary to be done, and the power conferred on the railway administration by this sub-section shall cease and determine if the Governor General in Council, after considering the report, considers that the exercise of the power is not necessary for the public safety.

Payment of compensation for damage caused by lawful exercise of powers under section 7, 8 or 9.

(*a*) such and so many convenient crossings, bridges, arches, culverts and passages over, under or by the sides of, or leading to or from, the railway as may, in the opinion of the Governor General in Council, be necessary for the purpose of making good any interruptions caused by the railway to the use of the lands through which the railway is made, and

(*b*) all necessary arches, tunnels, culverts, drains, watercourses or other passages, over or under or by the sides of the railway, of such dimensions as will, in the opinion of the Governor General in Council, be sufficient at all times to convey water as freely from or to the lands lying near or affected by the railway as before the making of the railway, or as nearly so as may be.

(*2*) Subject to the other provisions of this Act, the works specified in clauses (*a*) and (*b*) of sub-section (*1*) shall be made during or immediately after the laying out or formation of the railway over the lands traversed thereby and in such manner as to cause as little damage or inconvenience as possible to persons interested in the lands or affected by the works.

(*3*) The foregoing provisions of this section are subject to the following provisos, namely:—

(*a*) a railway administration shall not be required to make any accommodation works in such a manner as would prevent or obstruct the working or using of the

(Chapter III.—Construction and Maintenance of Works.—Sections 12-15.)

railway, or to make any accommodation works with respect to which the owners and occupiers of the lands have agreed to receive and have been paid compensation in consideration of their not requiring the works to be made;

(*b*) save as hereinafter in this Chapter provided, a railway administration shall not, except on the requisition of the Governor General in Council, be compelled to defray the cost of executing any further or additional accommodation works for the use of the owners or occupiers of the lands after the expiration of ten years from the date on which the railway passing through the lands was first opened for public traffic;

(*c*) where a railway administration has provided suitable accommodation for the crossing of a road or stream, and the road or stream is afterwards diverted by the act or neglect of the person having the control thereof, the administration shall not be compelled to provide other accommodation for the crossing of the road or stream.

(*4*) The Governor General in Council may appoint a time for the commencement of any work to be executed under sub-section (*1*), and if for fourteen days next after that time the railway administration fails to commence the work or, having commenced it, fails to proceed diligently to execute it in a sufficient manner, the Governor General in Council may execute it and recover from the railway administration the cost incurred by him in the execution thereof.

Power for owner, occupier or local authority to cause additional accommodation works to be made.

12. If an owner or occupier of any land affected by a railway considers the works made under the last foregoing section to be insufficient for the commodious use of the land, or if the Local Government or a local authority desires to construct a public road or other work across, under or over a railway, he or it, as the case may be, may at any time require the railway administration to make at his or its expense such further accommodation works as he or it thinks necessary and are agreed to by the railway administration or as, in case of difference of opinion, may be authorised by the Governor General in Council.

Fences, screens, gates and bars.

13. The Governor General in Council may require that, within a time to be specified in the requisition or within such further time as he may appoint in this behalf,—

(*a*) boundary-marks or fences be provided or renewed by a railway administration for a railway or any part thereof and for roads constructed in connection therewith;

(*b*) any works in the nature of a screen near to or adjoining the side of any public road constructed before the making of a railway be provided or renewed by a railway administration for the purpose of preventing danger to passengers on the road by reason of horses or other animals being frightened by the sight or noise of the rolling-stock moving on the railway;

(*c*) suitable gates, chains, bars, stiles or hand-rails be erected or renewed by a railway administration at places where a railway crosses a public road on the level;

(*d*) persons be employed by a railway administration to open and shut such gates, chains or bars.

Over and under bridges.

14. (*1*) Where a railway administration has constructed a railway across a public road on the level, the Governor General in Council may at any time, if it appears to him necessary for the public safety, require the railway administration, within such time as he thinks fit, to carry the road either under or over the railway by means of a bridge or arch, with convenient ascents and descents and other convenient approaches, instead of crossing the road on the level, or to execute such other works as, in the circumstances of the case, may appear to the Governor General in Council to be best adapted for removing or diminishing the danger arising from the level-crossing.

(*2*) The Governor General in Council may require, as a condition of making a requisition under sub-section (*1*), that the local authority, if any, which maintains the road shall undertake to pay the whole of the cost to the railway administration of complying with the requisition or such portion of the cost as the Governor General in Council thinks just.

Removal of trees dangerous to or obstructing the working of a railway.

15. (*1*) In either of the following cases, namely:—

(*a*) where there is danger that a tree standing near a railway may fall on the railway so as to obstruct traffic,

(*b*) when a tree obstructs the view of any fixed signal,

the railway administration may, with the permission of any Magistrate, fell the tree or deal with it in such other manner as will in the opinion of the railway administration avert the danger or remove the obstruction, as the case may be.

The Indian Railways Act, 1890.

(Chapter IV.—Opening of Railways.—Sections 16-19.)

(*2*) In case of emergency the power mentioned in sub-section (*1*) may be exercised by a railway administration without the permission of a Magistrate.

(*3*) Where a tree felled or otherwise dealt with under sub-section (*1*) or sub-section (*2*) was in existence before the railway was constructed or the signal was fixed, any Magistrate may, upon the application of the persons interested in the tree, award to those persons such compensation as he thinks reasonable.

(*4*) Such an award, subject, where made in a presidency-town by any Magistrate other than the Chief Presidency Magistrate or where made elsewhere by any Magistrate other than the District Magistrate, to revision by the Chief Presidency Magistrate or the District Magistrate, as the case may be, shall be final.

(*5*) A Civil Court shall not entertain a suit to recover compensation for any tree felled or otherwise dealt with under this section.

CHAPTER IV.

OPENING OF RAILWAYS.

Right to use locomotives.

16. (*1*) A railway administration may, with the previous sanction of the Governor General in Council, use upon a railway locomotive engines or other motive power, and rolling-stock to be drawn or propelled thereby.

(*2*) But rolling-stock shall not be moved upon a railway by steam or other motive power until such general rules for the railway as may be deemed to be necessary have been made, sanctioned and published under this Act.

Notice of intended opening of a railway.

17. (*1*) Subject to the provisions of sub-section (*2*), a railway administration shall, one month at least before it intends to open any railway for the public carriage of passengers, give to the Governor General in Council notice in writing of its intention.

(*2*) The Governor General in Council may in any case, if he thinks fit, reduce the period of, or dispense with, the notice mentioned in sub-section (*1*).

Sanction of the Government a condition precedent to the opening of a railway.

18. A railway shall not be opened for the public carriage of passengers until the Governor General in Council, or an Inspector empowered by the Governor General in Council in this behalf, has by order sanctioned the opening thereof for that purpose.

Procedure in sanctioning the opening of a railway.

19. (*1*) The sanction of the Governor General in Council under the last foregoing section shall not be given until an Inspector has, after inspection of the railway, reported in writing to the Governor General in Council—

(*a*) that he has made a careful inspection of the railway and rolling-stock;

(*b*) that the moving and fixed dimensions prescribed by the Governor General in Council have not been infringed;

(*c*) that the weight of rails, strength of bridges, general structural character of the works, and the size of and maximum gross load upon the axles of any rolling-stock are such as have been prescribed by the Governor General in Council;

(*d*) that the railway is sufficiently supplied with rolling-stock;

(*e*) that general rules for the working of the railway when opened for the public carriage of passengers have been made, sanctioned and published under this Act; and

(*f*) that, in his opinion, the railway can be opened for the public carriage of passengers without danger to the public using it.

(*2*) If in the opinion of the Inspector the railway cannot be so opened without danger to the public using it, he shall state that opinion together with the grounds therefor to the Governor General in Council, and the Governor General in Council may thereupon order the railway administration to postpone the opening of the railway.

(*3*) An order under the last foregoing sub-section must set forth the requirements to be complied with as a condition precedent to the opening of the railway being sanctioned, and shall direct the postponement of the opening of the railway until those requirements have been complied with or the Governor General in Council is otherwise satisfied that the railway can be opened without danger to the public using it.

(*4*) The sanction given under this section may be either absolute or subject to such conditions as the Governor General in Council thinks necessary for the safety of the public.

(*5*) When sanction for the opening of a railway is given subject to conditions and the railway administration fails to fulfil those conditions, the sanction shall be deemed to be void and the railway shall not be worked or used until the conditions are fulfilled to the satisfaction of the Governor General in Council.

The Indian Railways Act, 1890.

(Chapter IV.—Opening of Railways.—Sections 20-26.)

20. (*1*) The provisions of sections 17, 18 and 19 with respect to the opening of a railway shall extend to the opening of the works mentioned in sub-section (*2*) when those works form part of, or are directly connected with, a railway used for the public carriage of passengers and have been constructed after the inspection which preceded the first opening of the railway.

Application of the provisions of the three last foregoing sections to material alterations of a railway.

(*2*) The works referred to in sub-section (*1*) are additional lines of railway, deviation lines, stations, junctions and crossings on the level, and any alteration or re-construction materially affecting the structural character of any work to which the provisions of sections 17, 18 and 19 apply or are extended by this section.

21. When an accident has occurred resulting in a temporary suspension of traffic, and either the original line and works have been rapidly restored to their original standard, or a temporary diversion has been laid for the purpose of restoring communication, the original line and works so restored, or the temporary diversion, as the case may be, may, in the absence of the Inspector, be opened for the public carriage of passengers, subject to the following conditions, namely :—

Exceptional provision.

(*a*) that the railway servant in charge of the works undertaken by reason of the accident has certified in writing that the opening of the restored line and works, or of the temporary diversion, will not in his opinion be attended with danger to the public using the line and works or the diversion ; and

(*b*) that notice by telegraph of the opening of the line and works or the diversion shall be sent, as soon as may be, to the Inspector appointed for the railway.

22. The Governor General in Council may make rules defining the cases in which, and in those cases the extent to which, the procedure prescribed in sections 17 to 20 (both inclusive) may be dispensed with.

Power to make rules with respect to the opening of railways.

23. (*1*) When, after inspecting any open railway used for the public carriage of passengers, or any rolling-stock used thereon, an Inspector is of opinion that the use of the railway or of any specified rolling-stock will be attended with danger to the public using it, he shall state that opinion, together with the grounds therefor, to the Governor General in Council; and the Governor General in Council may thereupon order that the railway be closed for the public carriage of passengers, or that the use of the rolling-stock so specified be discontinued, or that the railway or the rolling-stock so specified be used for the public carriage of passengers on such conditions only as the Governor General in Council may consider necessary for the safety of the public.

Power to close an opened railway.

(*2*) An order under sub-section (*1*) must set forth the grounds on which it is founded.

42. (*1*) Every railway administration shall, according to its powers, afford all reasonable facilities for the receiving, forwarding and delivering of traffic upon and from the several railways belonging to or worked by it and for the return of rolling-stock.

(*2*) A railway administration shall not make or give any undue or unreasonable preference or advantage to or in favour of any particular person or railway administration, or any particular description of traffic, in any respect whatsoever, or subject any particular person or railway administration or any particular description of traffic to any undue or unreasonable prejudice or disadvantage in any respect whatsoever.

(*3*) A railway administration having or working railways which form part of a continuous line of railway communication, or having its terminus or station within one mile of the terminus or station of another railway administration, shall afford all due and reasonable facilities for receiving and forwarding by one of such railways all the traffic arriving by the other at such terminus or station, without any unreasonable delay, and without any such preference or advantage or prejudice or disadvantage as aforesaid, and so that no obstruction may be offered to the public desirous of using such railways as a continuous line of communication, and so that all reasonable accommodation may by means of such railways be at all times afforded to the public in that behalf.

The Indian Railways Act, 1890.

(Chapter V.—Railway Commissions and Traffic Facilities.—Sections 42-44.)

(4) The facilities to be afforded under this section shall include the due and reasonable receiving, forwarding and delivering by every railway administration, at the request of any other railway administration, of through traffic to and from the railway of any other railway administration at through rates:

Provided as follows:—

(a) the railway administration requiring the traffic to be forwarded shall give written notice of the proposed through rate to each forwarding railway administration, stating both its amount and its apportionment and the route by which the traffic is proposed to be forwarded. The proposed through rate for animals or goods may be per truck or per maund;

(b) each forwarding railway administration shall, within the prescribed period after the receipt of such notice, by written notice inform the railway administration requiring the traffic to be forwarded whether it agrees to the rate, apportionment and route, and, if it has any objection, what the grounds of the objection are;

(c) if at the expiration of the prescribed period no such objection has been sent by any forwarding railway administration, the rate shall come into operation at the expiration of that period;

(d) if an objection to the rate, apportionment or route has been sent within the prescribed period, the Governor General in Council may, if he thinks fit, on the request of any of the railway administrations, refer the case to the Commissioners for their decision;

(e) if the objection is to the granting of the rate or to the route, the Commissioners shall consider whether the granting of the rate is a due and reasonable facility in the interests of the public, and whether, regard being had to the circumstances, the route proposed is a reasonable route, and shall allow or refuse the rate accordingly or fix such other rate as may seem to the Commissioners to be just and reasonable:

(f) if the objection is only to the apportionment of the rate, and the case has been referred to the Commissioners, the rate shall come into operation at the expiration of the prescribed period, but the decision of the Commissioners as to its apportionment shall be retrospective: in the case of any other objection the operation of the rate shall be suspended until the Commissioners make their order in the case;

(g) the Commissioners in apportioning the through rate shall take into consideration all the circumstances of the case, including any special expense incurred in respect of the construction, maintenance or working of the route or any part of the route, as well as any special charges which any railway administration is entitled to make in respect thereof;

(h) the Commissioners shall not in any case compel any railway administration to accept lower mileage rates than the mileage rates which the administration may for the time being legally be charging for like traffic carried by a like mode of transit on any other line of communication between the same points, being the points of departure and arrival of the through route;

(i) subject to the foregoing provisions of this sub-section, the Commissioners shall have full power to decide that any proposed through rate is due and reasonable, notwithstanding that a less amount may be allotted to any forwarding railway administration out of the through rate than the maximum rate which the railway administration is entitled to charge, and to allow and apportion the through rate accordingly;

(j) the prescribed period mentioned in this sub-section shall be one month, or such longer period as the Governor General in Council may by general or special order prescribe.

Undue preference in case of unequal rates for like traffic or services.

43. (1) Whenever it is shown that a railway administration charges one trader or class of traders or the traders in any local area lower rates for the same or similar animals or goods, or lower rates for the same or similar services, than it charges to other traders or classes of traders, or to the traders in another local area, the burden of proving that such lower charge does not amount to an undue preference shall lie on the railway administration.

(2) In deciding whether a lower charge does or does not amount to an undue preference, the Commissioners may, so far as they think reasonable, in addition to any other considerations affecting the case, take into consideration whether such lower charge is necessary for the purpose of securing, in the interests of the public, the traffic in respect of which it is made.

Provision for facilities and equal treatment where ships or boats are used which are not part of a railway.

44. Where a railway administration is a party to an agreement for procuring the traffic of the railway to be carried on any inland water by any ferry, ship, boat or raft

(Chapter V.—Railway Commissions and Traffic Facilities.—Sections 45-46. Chapter VI.—Working of Railways.—Sections 47-48.)

Terminals.

45. A railway administration may charge reasonable terminals.

Power of Railway Commission to fix terminals.

46. (*1*) The Governor General in Council may, if he thinks fit, refer to the Commissioners for decision any question or dispute which may arise with respect to the terminals charged by a railway administration, and the Commissioners may thereupon decide what is a reasonable sum to be paid to the railway administration in respect of terminals.

(*2*) In deciding the question or dispute the Commissioners shall have regard only to the expenditure reasonably necessary to provide the accommodation in respect of which the terminals are charged, irrespective of the outlay which may have been actually incurred by the railway administration in providing that accommodation.

CHAPTER VI.

(*4*) The Governor General in Council may cancel any rule made under this section, and the authority required by sub-section (*1*) to make rules thereunder may at any time, with the previous sanction of the Governor General in Council, rescind or vary any such rule.

(*5*) Every rule purporting to have been made for any railway under section 8 of the Indian Railway Act, 1879, and appearing from the IV of Gazette of India to be intended to apply to the railway at the commencement of this Act, shall, notwithstanding any irregularity in the making or publication of the rule, be deemed to have been made and to have taken effect under this section.

(2) When any animals or goods have been detained under sub-section (1), the railway administration may sell by public auction, in the case of perishable goods at once, and in the case of other goods or of animals on the expiration of at least fifteen days' notice of the intended auction, published in one or more of the local newspapers or, where there are no such newspapers, in such manner as the Governor General in Council may prescribe, sufficient of such animals or goods to produce a sum equal to the charge and all expenses of such detention, notice and sale, including, in the case of animals, the expenses of the feeding, watering and tending thereof.

(*4*) If any difference arises between a railway servant and the owner or person having charge, or the consignee, of any goods which have been brought to be carried or have been carried on a railway, respecting the description of goods of which an account has been delivered under this section, the railway servant may detain and examine the goods.

(*5*) If it appears from the examination that the description of the goods is different from that stated in an account delivered under sub-section (*1*), the person who delivered the account, or, if that person is not the owner of the goods, then that person and the owner jointly and severally, shall be liable to pay to the railway administration the cost of the detention and examination of the goods, and the railway administration shall be exonerated from all responsibility for any loss which may have been caused by the detention or examination thereof.

(*2*) No person shall take any such goods with him upon a railway without giving notice of their nature to the station-master or other railway servant in charge of the place where he brings the goods upon the railway, or shall tender or deliver any such goods for carriage upon a railway without distinctly marking their nature on the outside of the package containing them or otherwise giving notice in writing of their nature to the railway servant to whom he tenders or delivers them.

(*3*) Any railway servant may refuse to receive such goods for carriage and, when such goods have been so received without such notice as is mentioned in sub-section (*1*) having to his knowledge been given, may refuse to carry them or may stop their transit.

(*4*) If any railway servant has reason to believe any such goods to be contained in a package with respect to the contents whereof such notice as is mentioned in sub-section (*2*) has not to his knowledge been given, he may cause the package to be opened for the purpose of ascertaining its contents.

(*5*) Nothing in this section shall be construed to derogate from the Indian Explosives Act, IV 1884, or any rule under that Act, and nothing in sub-sections (*1*), (*3*) and (*4*) shall be construed to apply to any goods tendered or delivered for carriage by order or on behalf of the Government or to any goods which an officer, soldier, sailor or police-officer or a person enrolled as a volunteer under the Indian Volunteers Act, 1869, may XX take with him upon a railway in the course of his employment or duty as such.

(*c*) demurrage; and

(*d*) collection, delivery and other expenses;

but without particularising the several items of which the charge under each head consists.

	Spirit, other sorts.	Imperial Gallon or six quart bottles of the strength of London proof.	...	R6, and the duty to be increased or reduced in proportion as the strength of the spirit exceeds or is less than London proof.

S. HARVEY JAMES,

Secretary to the Government of India.

STATEMENT OF OBJECTS AND REASONS.

THE present rate of duty on imported spirit is R5 a gallon of the strength of London proof. It is proposed in the present Bill to raise the rate of duty to R6 a gallon. In some Provinces the rates of duty on country spirit have been raised so high that, if any further increase is made, such spirit will be unfairly handicapped in comparison with imported spirit paying a duty of R5 a gallon. It is the policy of the Government of India to impose as high a duty on country spirit as it will bear; and it has therefore become necessary to raise the duty on imported spirit, in order to permit of the duty being raised on country spirit. It is also considered desirable to discourage the import of cheap and deleterious European spirit; while imported spirit of a better class can, it is believed, bear a higher rate of duty without rendering the price of it prohibitive to the classes which use it.

It is necessary to raise the rate of duty on perfumed spirit from R7-8 a gallon to R8 when the duty on ordinary spirit is raised as above proposed.

It is estimated that the proposed increase of duty will add nine lakhs of rupees yearly to the public revenue.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 22.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 2nd October 1890:

NO. 17 OF 1890.

A Bill to amend the Code of Criminal Procedure, 1882.

X of 1882. WHEREAS it is expedient to amend the Code of Criminal Procedure, 1882; It is hereby enacted as follows:

Repeal of section 250, Act X, 1882.

1. Section 250 of the said Code is hereby repealed.

Enactment of new section in place of repealed section 250, Act X, 1882.

2. To the said Code the following shall be added, namely:

Frivolous or vexatious complaints.

"560. (1) If, in any case instituted by complaint or upon information, a person is accused before any Magistrate of any of the offences specified or referred to in clauses (a) to (k) of section 260, and the Magistrate discharges or acquits the accused and is satisfied that the accusation against him was frivolous or vexatious, the Magistrate may, in his discretion, by his order of discharge or acquittal, direct the person upon whose complaint or information the accusation was made to pay to the accused, or to each of the accused where there are more than one, such compensation, not exceeding fifty rupees, as the Magistrate thinks fit:

Provided that, before making any such direction, the Magistrate shall—

(a) call upon the complainant or informant to show cause why the compensation which ought, in the opinion of the Magistrate, to be awarded should not be directed to be paid,

(b) record any objection which the complainant or informant may urge against the making of the direction, and,

(c) if the Magistrate directs any compensation to be paid, state in writing, in his order of discharge or acquittal, his reasons for awarding the compensation.

(2) Compensation of which a Magistrate has ordered payment under sub-section (1) shall be recoverable as if it were a fine:

Provided that, if it cannot be recovered, the imprisonment to be awarded shall be simple, and for such term, not exceeding thirty days, as the Magistrate directs.

(3) A complainant or informant who has been ordered under sub-section (1) by a Magistrate of the second or third class to pay compensation to an accused person may appeal from the order, in so far as the order relates to the payment of the compensation, as if such complainant or informant had been convicted on a trial held by such Magistrate.

(4) Where an order for payment of compensation to an accused person is made in a case which is subject to appeal under sub-section (3), the compensation shall not be paid to him before the period allowed for the presentation of the appeal has elapsed, or, if an appeal is presented, before the appeal has been decided.

(5) At the time of awarding compensation in any subsequent civil suit relating to the same matter, the Court shall take into account any compensation paid or recovered under this section."

Repeal of part of section 552, Act X, 1882.

3. The words "or complained against" in the second paragraph of section 552 of the said Code are hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

THE principal object of this Bill is to apply provisions similar to those in section 250 of the Code of Criminal Procedure, 1882, to certain cases instituted otherwise than by complaint. It is proposed by the Bill, in accordance with a suggestion originally made by the Hon'ble Judges of the High Court of Judicature for the North-Western Provinces, to authorise any Magistrate, in any case in which a person accused before him of any offence triable summarily under Chapter XXII of the Code is discharged or acquitted, to direct the payment by the accuser to the accused of compensation not exceeding fifty rupees, if the Magistrate is satisfied that the accusation was frivolous or vexatious. Before directing the payment the Magistrate is to hear and record anything which the accuser may have to say against the direction being made; and, if the direction is made by a Magistrate of the second or third class, an appeal is to lie therefrom to the District Magistrate or such competent subordinate Magistrate of the first class as is referred to in section 407 of the Code.

PART V.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 22.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 28th August 1890:

No. 16 of 1890.

A Bill to amend the Births, Deaths and Marriages Registration Act, 1886.

VI of 1886. WHEREAS it is expedient to amend the Births, Deaths and Marriages Registration Act, 1886; It is hereby enacted as follows :—

Amendment of section 32, Act VI, 1886.

1. In section 32 of the said Act, for the words "within one year from the date on which this Act comes into force", the words "at any time before the first day of April, 1891," shall be substituted.

Addition of new section 35A, Act VI, 1886.

2. The following section shall be added to Chapter V of the said Act, namely :—

Constitution of additional commissions for purposes of this Chapter.

"35A. (*1*) The Governor General in Council, if he thinks fit, may, by notification in the Gazette of India, appoint more commissions than one for the purposes of this Chapter, each such commission consisting of so many and such members as he may, by a like notification, nominate thereto by name or by office, and having its functions restricted to the disposal, under this Act and the rules thereunder, of the registers or records sent under section 32 to such Registrar General or Registrars General as the Governor General in Council may, by a like notification, specify in this behalf.

"(*2*) If more commissions than one are appointed in exercise of the power conferred by sub-section (*1*), then references in this Act to the Commissioners shall be construed as references to the members constituting a commission so appointed."

STATEMENT OF OBJECTS AND REASONS.

THE objects of this Bill are two—

(1) to extend till the 31st March, 1891, the period prescribed in section 32 of the Births, Deaths and Marriages Registration Act, 1886, for the transmission to Registrars General of registers to which that section applies, and

(2) to enable the Governor General in Council to appoint more than one body of Commissioners for the examination and verification of those registers.

There has been some misapprehension as to the classes of registers to which section 32 of the Act applies, and the consequence is that there are registers which should have been, but were not, submitted for examination and verification by the day specified in the section.

On the other hand, it seems desirable that there should be local commissions, and not one central body of Commissioners, for the examination and verification of the registers, but doubts have been raised whether this is allowable under the Act as it stands.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 31st July, 1890:

NO. 14 OF 1890.

A Bill to amend the Indian Emigration Act, 1883.

XXI of 1883. WHEREAS it is expedient to amend the Indian Emigration Act, 1883, in manner hereinafter appearing; It is hereby enacted as follows:—

Addition of proviso to section 56 (1), Act XXI, 1883.

1. To sub-section (1) of section 56 of the said Act the following proviso shall be added, namely:—

VII of 1884. "Provided that, if the vessel is a steam-ship having a certificate of survey granted by the Board of Trade or any British Colonial Government or under the Indian Steam-ships Act, 1884, and in force and applicable to her intended voyage, the survey under this sub-section with a view to ascertain her seaworthiness shall not extend to her hull or machinery unless the Protector of Emigrants has reason to believe that, since the grant of the certificate, her hull or machinery has sustained injury or damage or has otherwise become inefficient."

Substitution of new section for section 102, Act XXI, 1883.

2. For section 102 of the said Act as amended by Act XXI of 1884 the following shall be substituted, namely:—

Provision supplementary to section 6 (1) of this Act.

"102. (1) On and from such a date as the Governor General in Council may, by notification in the Gazette of India, fix in this behalf with respect to any protected Native State adjoining the Straits Settlements, or with respect to any British colony or possession for labour in which Natives of India are recruited exclusively through the agency of the Government of the Straits Settlements, a Native of India who departs by sea out of British India under an agreement to labour for hire in any such State, colony or possession shall not, so long as the notification continues to apply to the State, colony or possession, be deemed to emigrate within the meaning of this Act.

(2) The Governor General in Council may, by notification in the Gazette of India, declare that from a date to be specified a notification under sub-section (1) shall no longer apply to a Native State or British colony or possession therein mentioned."

Saving of notifications under section 102, Act XXI, 1883, as amended by Act XXI, 1884.

3. Every notification made under section 102 of the said Act as amended by Act XXI of 1884 shall be deemed to have been made under sub-section (1) of section 102 of the said Act as amended by the last foregoing section of this Act.

STATEMENT OF OBJECTS AND REASONS.

THE objects of this Bill are two, namely:—

(1) to save owners of steam-ships the expense and inconvenience of having the hulls and machinery of their vessels surveyed under the Indian Emigration Act, 1883, when valid and proper certificates as to their sufficiency and good condition have already been obtained under other Acts and are still in force, and

(2) to extend, in the first instance, to British North Borneo, which proposes to procure labour from India through the agency of the Government of the Straits Settlements, the same facilities for procuring such labour as have been conceded to the Straits Settlements and to protected States adjoining those Settlements.

"8B. When a zone has been defined and a chain of posts established under section 8A, the Governor General in Council may from time to time, by rule—

(a) prohibit any person, except upon such conditions as may be prescribed in the rule, from having in his possession any Kohat salt within the limits of the zone,

(b) control and regulate the passage of traffic across the chain of posts so far as may be necessary for the prevention of the smuggling of Kohat salt across such chain, and

(c) provide for the searching of all persons and things crossing or being taken across the chain of posts."

Addition to section 25, Act XII, 1882.

3. The following shall be added to section 25 of the said Act, namely:—

"A Salt-revenue-officer shall not be deemed to search or detain any person, or to seize the moveable property of any person, vexatiously and unnecessarily within the meaning of clause (b) or clause (c) of the first paragraph of this section if the search is authorised by any rule under clause (c) of section 8B, and the detention or seizure is such as is necessary for the purposes of such search."

Addition to section 27, Act XII, 1882.

4. To section 27 of the said Act the following shall be added, namely:—

"Nothing in this section shall be deemed to affect Chapter IIIA of this Act or any rule under that Chapter."

And whereas the Madras Salt Excise Act, 1871, has been repealed by the Madras Salt Act, 1889, and section 31 of the Indian Salt Act, 1882, has become obsolete; It is hereby enacted as follows:— Mad. V… 1871. Mad. IV… 1889. XII of …

Repeal of section 31, Act XII, 1882.

5. Section 31 of the Indian Salt Act, 1882, is hereby repealed. XII of …

STATEMENT OF OBJECTS AND REASONS.

THE rate of duty on salt is much higher in Cis-Indus than in Trans-Indus tracts, and it has been found necessary to maintain a chain of posts for the prevention of the smuggling of salt from the latter tracts into the former. This chain of posts is known as the Indus Preventive Line, and legislation in the terms of sections 6 and 7 of the Inland Customs Act, 1875, such as is proposed in the accompanying Bill, is deemed essential to the efficiency of the Line.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 24th July 1890:

No. 12 OF 1890.

A Bill to amend the Indian Paper Currency Act, 1882.

WHEREAS it is expedient to authorise an increase of the amount which may be invested in securities of the Government of India out of the coin and bullion received for currency notes under the law relating to the Government paper currency; It is hereby enacted as follows:

Amendment of section 19, Act XX, 1882.

1. Section 19 of the Indian Paper Currency Act, 1882, shall be read as if for the words "sixty millions" the words "eighty millions" were substituted. XX of 188

STATEMENT OF OBJECTS AND REASONS.

THE minimum circulation of currency notes being now more than fifty per cent. in excess of the minimum in 1870, when by Act XV of that year the amount of the currency reserve which might lawfully be invested in Government securities was raised from forty millions to sixty millions of rupees, it is considered that power may now with safety be taken to raise that amount from sixty millions to eighty millions of rupees. The present Bill raises the legal limit from sixty millions to eighty millions of rupees, and if it is passed the increase of investment will be made at such times and in such manner as may appear to the Governor General in Council to be most expedient. An increase of the amount invested by twenty millions of rupees will increase the public revenue by eight lakhs of rupees yearly.

Occupier to allow access, and permit affixing of numbers.

9. Every person occupying any house, enclosure, vessel or other place shall allow census-officers such access thereto as they may require for the purposes of the census, and as, having regard to the customs of the country, may be reasonable, and shall allow them to paint on or affix to the place such letters or numbers as may be necessary for the purposes of the census.

Occupier to fill up schedule.

10. (1) Subject to such orders as the Local Government may issue in this behalf, any census-officer may leave, or cause to be left, at any dwelling-house within the local area for which he is appointed, a schedule for the purpose of its being filled up by the occupier of such house or of any specified part thereof with such particulars as the Local Government may direct regarding the inmates of such house or part at the time of the taking of the census.

(2) When any such schedule has been so left, the occupier of the house or part to which it relates shall fill it up to the best of his knowledge or belief, so far as regards the inmates of such house or part, as the case may be, at the time aforesaid, and shall sign his name thereto, and, when so required, shall deliver the schedule so filled up and signed to the census-officer or to such person as he may direct.

Penalties.

11. In any of the following cases, namely:—

12. (1) The Local Government may, by notification in the official Gazette,—

(a) declare before what classes of Magistrates prosecutions under this Act, or for neglecting or refusing to do anything required by this Act to be done, may be instituted, and

(b) direct that no such prosecution shall be instituted except with its previous sanction, or with the previous sanction of some officer authorized by it in this behalf.

(2) Unless and until a notification is published under clause (a) of this section, all prosecutions under this Act shall, in the towns of Calcutta, Madras and Bombay, be instituted before a Presidency Magistrate, and elsewhere before the District Magistrate.

Records of census not admissible in evidence in certain proceedings.

13. Notwithstanding anything to the contrary in the Indian Evidence Act, 1872, no entry in any book, register or record made by a census-officer in the discharge of his duty as such officer shall be admissible as evidence in any civil proceeding or any proceeding under Chapter XII or Chapter XXXVI of the Code of Criminal Procedure, 1882.

Temporary suspension of local enactments and rules as to mode of taking census in municipalities.

14. Notwithstanding anything in any enactment or rule with respect to the mode in which a census is to be taken in any municipality, the municipal authority may, at the time appointed for the taking of the census of British India during the year 1891, cause a census of the municipality to be taken wholly or in part by any method authorised by this Act.

STATEMENT OF OBJECTS AND REASONS.

THE main objects of this Bill, which generally follows the Indian Census Act, 1880, are to make provision, as regards those parts of the country where such provision may be deemed by Local Governments to be necessary, for (*a*) empowering enumerators to put questions in accordance with their instructions and to enter enclosures for the purpose of enumeration, (*b*) imposing penalties for refusal to give proper information, and (*c*) imposing penalties for misconduct of enumerators.

A new section (section 14) has been added for enabling municipal authorities with whom it may be arranged to have a municipal census taken simultaneously with, and in substitution for, the general census elsewhere, to adopt any of the methods authorised by the proposed Act in lieu of any method or methods enjoined by any local enactment or rule with respect to the mode in which a census is to be taken for purely municipal purposes.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

"and that within the limits of a diocese the person be acting as a Minister with the previous consent in writing of the Bishop of the diocese." [37 & 38 Vict., c. 77, s. 4.]

Amendment of section 11, Act XV, 1872.

2. In section 11 of the said Act, after the words "other than a church" the words "belonging to the Church of England" shall be added, and between the word "no" and the word "church" in the expression "unless there is no church" the word "such" shall be inserted.

Substitution of new section for section 62, Act XV, 1872.

3. For section 62 of the said Act the following shall be substituted, namely:—

Keeping of register-book and deposit of extracts therefrom with Registrar General.

"62. (1) Every person licensed under section 9 shall keep, in his own vernacular language and in such form as the Local Government by which he was licensed may from time to time prescribe, a register-book of all marriages solemnized under this Part in his presence, and shall deposit in the office of the Registrar General of Births, Deaths and Marriages for the territories under the administration of the said Local Government, in such form and at such intervals as that Government may prescribe, true and duly authenticated extracts from his register-book of all entries made therein since the last of those intervals.

(2) Where the person keeping the register-book was licensed as regards a Native State by the Governor-General in Council, references in sub-section (1) to the Local Government therein mentioned shall be read as eferences to the Local Government to whose Registrar General of Births, Deaths and Marriages certified copies of entries in registers of births and deaths are for the time being required to be sent under section 24, sub-section (2), of the Births, Deaths and Marriages Registration Act, 1886. (b) where a notice or certificate is required by this Act, signs a false notice or certificate,

7. Section 86 of the said Act shall be read as if the words "situate within or bordering on" instead of the words "situate within the local limits of" had been enacted in that section when the Act was passed.

STATEMENT OF OBJECTS AND REASONS.

SECTION 1 of the accompanying Bill to amend the Indian Christian Marriage Act, 1872, follows a suggestion adopted at the conference of Anglican Bishops of India and Ceylon held in January, 1888. Its object is to guard against the possibility of a marriage being solemnised by a person who, though episcopally ordained, does not hold the Bishop's license to officiate in the diocese.

2. By section 2 it is proposed to remove an ambiguity in the expression of section 11 of the Act.

3. The object of section 3 is to require a record to be made of every marriage solemnised between Native Christians under Part VI of the Act, whether a certificate of the marriage is applied for and granted or not.

4. Section 4, which follows a suggestion adopted at the conference held in January, 1888, is primarily designed to render liable to punishment under the Indian Penal Code a person taking a false oath before a Surrogate appointed by a Bishop to issue marriage licenses.

5. The object of section 5 is to remove doubts which have arisen in regard to the intention of the legislature owing to the confused expression of the earlier part of section 68 of the Act.

6. By section 6 it is proposed to attach a penalty to failure to perform the duties imposed by Part VI of the Act on persons licensed to grant certificates of marriage under that Part.

7. Section 7 is designed to remove the objection which has been taken to such States as Travancore and Cochin being described in section 86 of the Act as being "situate within the local limits" of the Presidency of Fort St. George.

[24 & ... Vict., c. ... s. 116]

STATEMENT OF OBJECTS AND REASONS.

THE principal object of this Bill is to amend section 54 of the Indian Evidence Act, 1872, so as to render the previous conviction of an accused person irrelevant when it is sought to prove the conviction with the object merely of showing that the accused is a man of bad character and is therefore more likely to have committed the offence with which he is charged. The fact that a person has been previously convicted of an offence has of itself little probative force to establish the fact that he has committed another offence, and it is not expedient to admit evidence which can only prejudice the accused. By section 5 of the Bill, therefore, it is proposed to repeal so much of section 54 as provides that in criminal proceedings the fact that the accused person has been previously convicted of any offence is relevant. The result of this amendment of the law will be that the rule as to the relevancy of a previous conviction will be contained in section 43 of the Act. The existence of the judgment convicting the accused will be relevant only if the fact of the conviction is a fact in issue or is relevant under some provision of the Act.

2. It seems necessary also to amend the Act so as to show, first, that in criminal cases, where evidence of character is relevant, a previous conviction is relevant to prove bad character, and, secondly, that a previous conviction may be relevant to prove a relevant state of mind, for instance, guilty intention or knowledge. It is proposed to effect the first of these amendments by adding an *Explanation* to section 54 as amended by section 5 of the Bill. The second it is proposed to effect by section 1 of the Bill, which amends the *Explanation* to section 14 of the Act, so as to allow a previous conviction to be proved in order to show a guilty knowledge or intention.

3. In English law for the purpose of proving guilty knowledge evidence of other acts of a nature similar to that charged may be given in cases of uttering false coin or disposing of forged bank notes (I Russell, 233). On the whole, evidence of this nature has been confined to cases of coining and forgery, but there is one case, *Reg.* v. *Francis* (43 L. J. M. C. 97), in which such evidence was admitted on a charge of obtaining money on false pretences. In that case Lord Coleridge, C. J., said :—"It seems clear, upon principle, that when the fact that the prisoner has done the thing charged is proved, and the only remaining question is, whether at the time he did it he had guilty knowledge of the quality of his act, or acted under a mistake, evidence of the class received must be admissible." This case of *Reg.* v. *Francis* probably goes further than any other case, and the amendment, which has been proposed, of section 15 seems to provide sufficiently for the class of cases in which the peculiar nature of the offence makes this question the crucial test. Section 1 of the Bill accordingly allows evidence of this class in the case of offences punishable under Chapter XII (OFFENCES RELATING TO COIN AND STAMPS) and Chapter XVIII (FORGERY) of the Indian Penal Code.

4. As regards the admission of evidence of other similar acts to prove guilty knowledge in cases other than offences under Chapter XII and Chapter XVIII of the Indian Penal Code, it is thought that such evidence might be admitted in cases in which an accused person is under section 234 of the Code of Criminal Procedure, 1882, charged with, and tried for, three offences of the same kind at one trial. That is to say, it is proposed to allow the evidence brought forward to prove one of the three offences to be relevant to prove guilty knowledge or intention in the case of the other offences. As the accused is charged with and is being tried for all three offences, he has an opportunity of disproving the evidence brought against him. Issues are not raised which are foreign to the charge, and the chief objections to the admission of evidence of this class do not exist. The provision in 34 & 35 Vict., c. 112, s. 19, as regards dishonestly receiving stolen property supports this proposal. In section 1, clause (*b*), an amendment of the *Explanation* to section 14 of the Act in order to admit evidence of this description has been made.

5. Section 310 of the Code of Criminal Procedure, 1882, seems to require amendment with reference to the question whether a previous conviction can be proved as relevant evidence of the subsequent offence. As the amendments proposed will prevent a previous conviction being proved in order merely to prejudice an accused person, it will be safe to provide that nothing in section 310 of the Code of Criminal Procedure, 1882, is intended to exclude the evidence of a previous conviction when such evidence is relevant under the Indian Evidence Act, 1872. The result will be that, if an accused person is charged with an offence committed after a previous conviction, the previous conviction will be relevant to prove guilty knowledge or intention, and also to rebut evidence of good character produced by the accused. Section 8 of the Bill contains the proposed amendment.

6. Briefly stated, the amendments proposed to be made in the Indian Evidence Act, 1872, by the Bill are as follows:—

(*1*) the provision allowing a previous conviction to be proved in all cases will be repealed;

(*2*) a previous conviction will be relevant under section 43 when it is a fact in issue or otherwise relevant under the Act;

(*3*) a previous conviction will be relevant as evidence of bad character, when such evidence is relevant;

(*4*) a previous conviction will be relevant to prove guilty knowledge or intention;

(*5*) in cases of offences relating to coining and forgery, facts showing the existence of any state of mind, such as intention or knowledge, will be relevant although those facts do not show the existence of the state of mind in reference to the particular matter in question;

(*6*) in cases where the accused is tried under section 234 of the Code of Criminal Procedure, 1882, at one trial for three offences of the same kind, the evidence relevant to prove one offence may be used as showing guilty knowledge or intention in the case of either of the other offences;

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 3rd July 1890:

No. 8 OF 1890.

A Bill to amend the Cattle-trespass Act, 1871.

of 1871. WHEREAS it is expedient to amend the Cattle-trespass Act, 1871; It is hereby enacted as follows:—

Substitution of new section for section 1, Act I, 1871.

1. For section 1 of the said Act the following shall be substituted, namely:—

Title and extent.

"1. (*1*) This Act may be called the Cattle-trespass Act, 1871, and

(*2*) It extends to the whole of British India except the Presidency-towns and such local areas as, with the previous sanction of the Governor General in Council, the Local Government, by notification in the official Gazette, may from time to time exclude from its operation.

(*3*) The Local Government may at any time cancel or vary a notification under sub-section (*2*)."

Additions to section 12, Act I, 1871.

2. (*1*) To the first paragraph of section 12 of the said Act, prescribing the scale according to which the pound-keeper is to levy a fine for every head of cattle impounded, the following proviso shall be added, namely:—

"Provided that, when it appears to the Local Government from the report of a Magistrate of a District, or on the representation of a local authority as defined in Act No. XVIII of 1883

of 1871. (*an Act to amend the Cattle-trespass Act, 1871*), that, in any local area subject to the jurisdiction or control of such Magistrate or authority, cattle are habitually allowed to trespass on land and damage crops or other produce thereon, the Local Government may, by notification in the official Gazette, direct that, for every head of cattle of any kind specified therein which may be seized within such local area and impounded as aforesaid, the pound-keeper shall levy such fine, not exceeding double the fine mentioned in the foregoing scale, as may be prescribed in the notification."

(*2*) After the third paragraph of the same section the following shall be added, namely:—

"Where a fine exceeding that mentioned in the scale set forth in the first paragraph of this section has been levied in pursuance of a notification under the proviso to that paragraph, the Magistrate of the District, or any Magistrate either generally or specially empowered by the Local Government in this behalf, may, on cause shown to his satisfaction by the person from whom the fine was levied, direct the refund of so much of the fine as is in excess of that leviable according to the scale aforesaid.

The Local Government may at any time, by notification in the official Gazette, cancel or vary a notification under the proviso to the first paragraph of this section."

Amendment of section 25, Act I, 1871.

3. In section 25 of the said Act the words "under the next following section or" shall be inserted between the words "Any fine imposed" and the words "for the offence of mischief".

Addition to section 26, Act I, 1871.

4. To section 26 of the said Act the following shall be added, namely:—

"The Local Government, by notification in the official Gazette, may from time to time, with respect to any local area specified in the notification, direct that the foregoing portion of this section shall be read as if it had reference to cattle generally, or to cattle of a kind described in the notification, instead of to pigs only, or as if the words 'twenty-five rupees' were substituted for the words 'ten rupees' or as if there were both such reference and such substitution.

The Local Government may at any time, by notification in the official Gazette, cancel or vary a notification under this section."

Commencement and effect.

5. This Act shall come into force on the first day of January, 1891, and Act No. XVIII of 1883 (*an Act to amend the Cattle-trespass Act, 1871*) shall be read as if that Act had reference to the Cattle-trespass Act, 1871, as amended by this Act. I of 1871.

STATEMENT OF OBJECTS AND REASONS.

IT has been repeatedly represented to the Government of India that the provisions of the Cattle-trespass Act, 1871, are insufficient to meet the case of cattle which are not only not prevented from trespassing but are actually, in some parts of the country, encouraged by their owners to do so.

Renewed representations from Southern India and Behar, as well as reports from Western India, have recently been received by the Government of India, and it has now been decided to introduce this Bill for the purpose of authorising Local Governments to prescribe the imposition, in special localities, of heavier penalties for cattle-trespass than are allowed by the general law.

STATEMENT OF OBJECTS AND REASONS.

THE Government of India, having recently had under its consideration the reports of Local Governments on the operation of the Indian Factories Act, 1881, and the proceedings of the Commission appointed in 1884 to consider the working of factories in the Bombay Presidency, is of opinion that the Act of 1881 should be so amended as to—

(*a*) bring within its scope any factory in which not fewer than twenty hands are employed,

(*b*) raise from seven to nine years the age below which a child may not be employed in a factory,

(*c*) limit the hours of work for women to eleven in any one day,

(*d*) extend to women the provisions of the Act with respect to the allowance of holidays to children, and enable occupiers of factories to fix such days as holidays for the women and children employed therein as, having regard to the different classes or castes to which they belong, may be most convenient for them,

(*e*) authorise Local Governments to make sanitary rules suited to local requirements, and

(*f*) render it obligatory on occupiers of factories to furnish such statistics as may from time to time be required by the Government.

The object of the Bill is to amend the Act accordingly.

Among the enactments which will be incidentally affected by the Bill (section 9) are the Electricity Act, 1887, the City of Bombay Municipal Act, 1888, and the Indian Merchandise Marks Act, 1889.

A reprint of Act XV of 1881, with the proposed amendments set forth in italics, is appended to this Statement.

The 31st January, 1890. ANDREW R. SCOBLE.
